# Introduction

Hollis Academy’s School Portfolio was developed to document the progress our school has made while working continuously to improve all areas of achievement, instruction, learning environment, and parent/community involvement. In addition it provides us an opportunity to evaluate the school’s strengths and weaknesses in order to develop goals and strategies for growth. All stakeholders have a voice in the strategic planning process through SIC, PTA, Title 1 Planning Meetings, Parent, teacher, and student surveys, and faculty senate. Grade level teams and support teachers meet on a weekly basis to discuss the needs of students and develop strategies to reach their academic success. The School Improvement Council (SIC), in conjunction with the Title I planning committee, develops and reviews the Title I plan yearly. The committees consist of teachers, administration, support staff, parents, and community partners. The collaborative conversations in all of these meetings provide all stakeholders with input in our strategic plan which is updated yearly.

# **School Profile**

## **School Community**

Hollis Academy is a Title I school located in the Judson Mill Community in Greenville, South Carolina. It is one of fifty one elementary schools in Greenville County Schools. We serve students in K4 through fifth grade. The school day begins at 8:00 am and students are dismissed at 2:30 pm.

The history of Hollis Academy began with the establishment of the Parker School District by Mr. Laurence Peter Hollis. Mr. Hollis was instrumental as the superintendent of the school district, where he served from 1923-1951. After the Parker School District consolidated with the School District of Greenville County, Mr. Hollis continued to support public education and community involvement. Hollis Academy is named for Mr. L.P. Hollis and is proud to continue his tradition of excellence in education.

L.P. Hollis opened its doors in 1955. For the first thirty years, the school served both elementary and junior high school students. It was a community school as

there were no buses, and almost all of the students who attended lived in the local communities. In 1986, Hollis began to serve only elementary school students. Ten years later, Hollis Elementary became a magnet school, offering students a rigorous scholastic curriculum on a modified year-round school calendar, and the name was changed to Hollis Academy. The new Hollis Academy building opened in 2002 and is capable of accommodating 1,000 students with 35 regular classrooms for kindergarten through fifth grade. In August of 2008, Hollis Academy returned to the traditional school calendar and began to offer single gender classes.

Our school motto is ***“Caring for children today...Creating leaders for tomorrow.”*** An exemplary faculty and staff provides a safe, nurturing learning environment, supported by parents and the larger community. The mission of Hollis Academy is to support students socially, emotionally, and academically by establishing an engaging environment where students are inspired to create, collaborate, and commit themselves to a lifetime of learning.

## **School Leaders**

### **Principal**

Mr. Miki Golden, Jr. is the principal of Hollis Academy and has served us for 14 years. Prior to coming to Hollis, he was assistant principal at East North Street Academy and Sirrine Elementary. He has taught grades 2-5, and worked as a science lab teacher during his tenure as an educator. Mr. Golden graduated from Bob Jones University in 1984 with a BS in Elementary Education. He also attended

Furman University and received a MA in Elementary Education in 1991 and a MA in School Leadership and Supervision from Furman University in 2002. As the instructional leader at Hollis Academy, Mr. Golden believes all students are capable of learning and achieving at high levels. He strives to provide teachers with professional opportunities to create optimum learning environments, ongoing data analysis, and implementation of sound research based strategies.

### **Assistant Principal**

Mrs. Maureen Heinbuch, our Assistant Principal, is a graduate of Clemson University and has served at Hollis for 10 years. At Clemson she earned a Bachelor of Science Degree in Elementary Education, and completed her Masters in Administration and Supervision there as well.

### **Our Facility**

Features of the building include a science lab, computer lab, classrooms for art and music instruction, a multi-purpose room designed for a variety of physical education activities, a reading resource room with leveled readers, and a state-of-the-art media center which includes a media production room. The cafeteria has a stage and seats 370 people for meals and 510 people for assemblies. A smaller dining room seats 25 people and can be used for special luncheons.

The main entrance creates a hub with a security door yielding restricted access to the main office suite and multi-purpose room. This system provides all-day protection and a sense of security for all teachers and staff, students, and visiting parents. The office suite accommodates a secretary, an attendance clerk, a mailroom, nurse facilities, book storage, and supply space, as well as an area for teachers to work. The facility also has separate bus and car drop-off areas, and designated group parking that includes privileged parking for our Teacher of the Year, Staff of the Month, and PBIS Teacher of the Week. Our grounds have an outdoor walking track and multiple playground areas.

All of our classrooms are self-contained. Eight kindergarten classrooms surround the covered kindergarten play area in a wing by itself. First and second grade classrooms are located on the first floor and all third, fourth and fifth grade classrooms are located on the second floor and are accessible by an elevator. All classrooms are equipped with Promethean Boards, wireless internet and laptops,

Chromebooks, iPads, and document cameras. Portable iPad and Chromebook carts are also available to all classes for technology integration.

## **Parent Involvement**

One of the most important factors in school improvement is strengthening parent involvement in the education of our students. Parental involvement is encouraged through PTA membership/PTA meetings, quarterly parent meetings, Parenting Partners Workshops, Hands on Hollis, surveys, Title 1 Planning committee, and the School Improvement Council (SIC). The Title I Facilitator and parent involvement coordinator plan workshops for parents to assist their children and promote success. Parents are notified of and invited to participate in school events through the school marquee located at the front of the building, a monthly newsletter, the school website, the school Facebook page, phone messages, teacher websites and teacher class newsletters. Parent Involvement meetings are planned based on the fall survey results. Parent meetings often include topics such as Internet Safety, learning English, supporting your student at home within different academic domains, homework help, parenting classes, and resources within our community. Parents are also invited and encouraged to attend Meet the Teacher Night, Open House, Chorus Performances, Award's Day each quarter, Reading and Math Nights, and our Spring Carnival. Hands on Hollis is a new program developed to match parent volunteers with teachers and staff within the building that need a parent volunteer. As a result of these parental involvement opportunities, Hollis remains a Red Carpet School, which welcomes parents into our school. The Red Carpet School Award is presented by the State Department of Education to recognize schools with outstanding family-friendly environments. Our red carpet is proudly displayed on the brick wall in the lobby.

## **School Improvement Council**

The School Improvement Council is composed of administration, parents, teachers, and community representatives. The team's purpose is to work closely with the leadership at Hollis to promote student success.

## **Title I**

The purpose of Title I is to enable schools to provide opportunities for children served to acquire the knowledge and skills contained in the challenging state content standards and to meet the challenging state performance standards developed for all children. This purpose is accomplished by such efforts as providing an enriched and accelerated educational program, promoting schoolwide reform through schoolwide programs or through additional services that increase the amount and quality of instructional time, significantly upgrading the quality of instruction by providing staff in participating schools with substantial opportunities for professional development, and affording parents meaningful opportunities to participate in the education of their children at home and at school.

## **Partnerships**

Partnerships continue to play an essential role in our school as they support students socially, emotionally, and academically in order to raise academic achievement and meet school goals.

- First Presbyterian Church provides room parents and volunteers for each classroom. They also provide 130 backpacks of food for students in need each week.
- Greenville Multicultural provides summer camp for students where they work on academics and social/emotional skills.
- St. Francis provides a school based coordinator responsible for recruiting, training, and organizing mentors who meet with assigned students weekly. Mentors assist students with building positive relationships with adults and help student grow socially.

- Frazee Center is working to create a pre-school program for our future students in order to build early social and literacy skills. They also are adding a 3<sup>rd</sup> and 4<sup>th</sup> grade girl's afterschool program.
- Big Brothers/Big Sisters provides tutors throughout the school day.
- Kroc Center provides afterschool care for students while assisting with academics.
- YMCA Judson provides afterschool care for students while assisting with academics.
- Fluor Daniel provides tutors throughout the school day.
- Greenville Mental Health provides a full time counselor to assist with students' emotional needs.
- Kiwanis Club Terrific Kids encourages positive characteristics of students and provides rewards quarterly.
- Public Education Partners supports literacy by providing free books for students to read over the summer.

### **School Personnel Data**

Hollis Academy is committed to having a high quality instructional team at all levels that is certified and highly qualified as defined by NCLB. Our faculty holds various degrees and years of experience. During the 2018-19 school year, 50% of our teachers have advanced degrees and 3 teachers are Nationally Board Certified.

**Staff Ethnicity**

Our staff consists of 13.6% African American, 71.5% Caucasian, 7.3% Hispanic, 2% Alaskan Native, and 5.2% from other races.

Staff by Gender

**Professional Staff:**

- 2 Administrators

## Academic Programs

Hollis Academy is helping all students develop world class skills and life and career characteristics of the Profile of the Graduate by providing an engaging learning environment where students feel welcomed and are eager to learn. As such, our school goals focus on academic achievement, professional development, technology integration, and community relations. Specific strategies are developed to support the attainment of each goal. Many hours are provided to enhance teaching skills through professional development that focuses on research-based best practices to improve teaching skills, knowledge, and instructional delivery.

Our students have access to a well-balanced, strategically planned curriculum based on best practices, instruction guided by ongoing assessments, and a faculty and staff knowledgeable in current instructional methodologies. We focus on a researched-based core curriculum aligned with State Standards and District Curriculum Maps.

## **ELA**

Balanced Literacy is a framework designed to help all students learn to read and write effectively. The program stands firmly on the premise that all students can learn to read and write through pervasive and consistent implementation of best practices across grade levels and content areas and incorporates the research based theories of Vygotsky, Fountas and Pinnell, Gallagher, Calkins, Clay and others. The model fosters gradual release of responsibility to the student as they receive instruction needed to meet grade level expectations in reading and writing, while allowing students to work at a level that is appropriate for individual growth and achievement. Balanced Literacy classrooms focus on different types of reading experiences: read-aloud, shared reading, guided reading, reading conferences, and independent reading. The types of writing experiences include shared writing, interactive writing, guided writing, writing conferences and independent writing. Additionally, students are engaged in language and word study. Listening and speaking are also emphasized in this integrated language approach. At Hollis, we use Lucy Calkins' Reading and Writing Units of Study to support GCS Framework for Literacy Instruction. We also use Jan Richardson's The Next Step Forward in Guided Reading for small group instruction.

## **Math**

The mathematics program for Greenville County reflects the SC College- and Career-Ready Standards for Mathematics. It provides a well-balanced and rigorous mathematics curriculum for all students. Students have opportunities to become proficient in basic skills, develop conceptual understanding and become adept problem solvers. The seven standards for mathematical processes are consistent in grades K-5. These process standards are combined with content standards at each grade that endeavor to balance procedure and understanding.

The Houghton Mifflin Mathematics series is used in all grade levels to support the curriculum. Math in Practice is also used as a grade by grade resource for strategies and support for teaching. Students are engaged in math activities for 60 minutes every day.

In addition, teachers engage students in Number Talks by Sherry Parrish for 10-15 minutes each day. This is a short, ongoing daily routine that provides students with meaningful ongoing practice with computation. A Number Talk is a powerful tool for helping students develop computational fluency because the expectation is that they will use number relationships and the structures of numbers to add, subtract, multiply and divide. Number Talks are structured as short sessions alongside (but not necessarily directly related to) our math curriculum.

### **Science**

The Macmillan McGraw-Hill series is used in all grades. In addition, District science kits are provided for a more hands-on approach to science with inquiry based lessons in physical science, earth science, and life science.

In Kindergarten through 2nd Grade, the standards and performance indicators for the science and engineering practices and core science content emphasize students making observations and explanations about phenomena they can directly explore and investigate. Student experiences are structured as they begin to learn the features of a scientific investigation and engage in the practices of science and engineering.

In 3<sup>rd</sup> Grade through 5<sup>th</sup> Grade, the standards and performance indicators for the science and engineering practices and core science content emphasize students becoming more sophisticated in describing, representing or explaining concepts or ideas. Students use their experiences from structured investigations in Kindergarten through 2<sup>nd</sup> Grade to begin planning their own investigations to answer scientific questions.

### **Social Studies**

Teachers utilize the South Carolina standards, state support documents, and district curriculum guides to drive instruction. The Scott Foresman textbook is a resource used by teachers as a supplemental material. Social Studies in Kindergarten focuses on those aspects of living that affect the children and their

families. The focus in the first grade is the family in America and in other countries around the world. In grade two, students learn about communities and the diverse cultures that have contributed to the nation's heritage. The exceptional story of South Carolina is the focus of third-grade Social Studies. The Social Studies standards in grades four and five are a comprehensive history in the United States. The first part of this story, which dates from the exploration of the New World to the end of the Civil War, is the focus for grade four. Students continue their study of the history of the United States in grade five, beginning with Reconstruction and continuing through the present day.

### **Single-Gender Program**

Hollis began a single-gender program in 2008-2009. Recent brain research shows that there are important differences between boys and girls that impact the way each learns. Research also shows that Single-Gender classrooms increase students' ability to learn. Our students will learn the same content and standards, but will learn it in different ways. Hollis provides classes with all boys and all girls at each grade level in grades 1-5, as we continue to focus on providing the best and innovative education opportunities for our students.

### **Technology Integration**

Technology integration is an important aspect of the elementary curriculum at Hollis. Both teachers and students utilize technology on a daily basis. Our school is equipped with a computer lab, 1-1 Chromebooks in every classroom second through fifth grade, at least six laptops, four iPads, and four Osmos in each kindergarten and first grade classroom, as well as two iPad carts, two Chromebook carts, and other computer carts which are available for checkout, all of which function through our wireless platform to ensure full technology integration in every classroom. Classrooms contain Promethean interactive white boards and Dukane cameras to maximize our students' level of engagement

during instruction. Our students also utilize web-based computer programs such as RAZ Kids that provide individualized instruction and practice in reading.

## **Enrichment**

### **Music**

All kindergarten through fifth grade students attend music class. In class they learn fundamental, sequential skills. Students apply their skills and demonstrate comprehension by engaging in hands-on activities that involve creating music, performing music, listening/responding to music and connecting music to other subjects, life events, and cultures. Emphasis is placed on developing music literacy among elementary students so they can eventually read music at sight.

#### **Classroom Music teaches:**

- An appreciation of music of varying styles and cultures
- Singing a variety of folk and composed songs
- Playing instruments
- Movement
- Music reading skills
- Music terminology and concepts
- Higher level thinking skills

### **Art**

Students in Kindergarten through Fifth Grade attend weekly art classes, taught by certified visual art teachers. Art engages students in hands on creation, exposure, and response to visual art and artistic expression. Aligned with SC Visual Art Standards, the elementary visual arts program allows our youngest students to become more aware of the role of the arts in the world around them. Our students develop a foundational understanding of a variety of art forms and techniques, including painting, drawing, printmaking, weaving, 3-dimensional construction, design, ceramics/clay and more. Students are introduced to art history through the study of a variety of artworks and experience different

cultures through the study of those cultures' visual art forms. In art, students begin to build and develop a vital relationship to the arts. Through their experiences, they learn to express their own creativity, communicate in their own, unique way, expand visual perception, and develop skills needed for future success.

## **Physical Education**

Students learn to develop and maintain a healthy level of fitness, find personal enjoyment in life-long physical activity, and interact positively with others in sports and activities.

The CATCH (Coordinated Approach To Child Health) curriculum is used in Kindergarten through 5th grade. The primary goal of CATCH's Physical Education component is to increase the amount of moderate-to-vigorous activity (MVPA) children engage in during their PE time. CATCH PE encourages at least 50% MVPA during PE time. CATCH also encourages students to receive 60 minutes of physical activity every day.

In grades k-2, CATCH introduces students to a variety of essential movement concepts and fundamental skill themes. Lessons are fun and help children acquire the fundamental competencies that are the foundation for more complex skill mastery.

CATCH in grades 3-5 expands the range of skill themes and physical fitness activities by challenging students to learn in more complex movement environments. Lesson structure maximizes practice and opportunities to learn, so that students increasingly become competent in movement forms and achieve mastery in others.

## **Student Support**

### **Response to Intervention (RTI)**

RTI is a method of academic intervention to provide early, systematic assistance to children who are having difficulty learning to read. RTI seeks to prevent academic failure through early intervention, frequent progress monitoring, and increasingly intensive research-based instructional interventions. Reading tools

and strategies are taught so children can become independent and successful readers on or above grade level. A school-wide screening (Fastbridge) is done three times a year to qualify students for the program. We use Leveled Literacy Intervention (LLI) as a resource for intervention instruction.

### **Assistance Team (A-Team)**

The A-Team is a school based problem-solving team which assists teachers with student's learning and behavior problems. It is a process in which staff members work collaboratively to provide research based interventions in an effort to increase academic success.

### **Character Education**

Our guidance teacher offers a comprehensible developmental program to all students focusing on character education and life skills. Our school also has a full time Mental Health Counselor as well as a Social Worker to serve our students and families. Throughout the school year, these core components will be delivered based upon the needs of the students and teachers at Hollis Academy.

Individual Counseling Sessions: Individual counseling is available to all students during designated "counsel" times on the counselor's schedule. Individual counseling sessions may be responsive or preventative. Solution-Focused Brief Therapy will be used to help students set their own goals for counseling.

Group Counseling: Groups will form throughout the year based on the needs of the teachers and students. The counselor will identify students, send out e-mails to identify students, and use needs assessments (both teacher and student) to identify students for groups. Small group counseling will take place once a week.

Classroom Counseling: Classroom counseling will be delivered to each class on an A/B/C week schedule for grades 1-5. Kindergarten classes are seen weekly. Topics are listed below. Topics have been generated based on student/parent/teacher needs assessments and the Second Step curriculum.

Character Education: Counselor will set a character word quarterly and give a mini lesson to each classroom based on that lesson. Counselor and teachers will have

the opportunity to award students with “Ninja turtle shells” for each of the character words. Those will be awarded if a student shows the character word throughout the lesson or day.

### **ESOL (English Speakers of Other Languages)**

Hollis has three ESOL teachers who help students grow in their language acquisition through small group lessons and inclusion in the regular education classroom. This program has been vital in sustaining the progress and achievements of our ESOL students.

### **PBIS**

Our administration, faculty, and staff follow a positive and constructive approach to discipline and work toward maintaining this positive learning climate. Classroom rules are regularly discussed and student discipline is the responsibility of all staff members. Our primary goal is to develop positive social behavior. Students have many opportunities for recognition of good behavior, including Terrific Kids award assemblies. Hollis Academy implements the school-wide behavior incentive program called the Positive Behavior Intervention System (PBIS). Our purpose is to make positive behavior so inviting and rewarding that all students will want to participate.

Hollis Academy Code of Conduct

- 1) I am responsible for myself, my actions, and my choices.
- 2) I always come prepared to learn.
- 3) I will respect everyone in our school with my speech and actions.
- 4) I will follow directions politely the first time they are given.
- 5) I will keep my hands, feet, and all objects to myself.

## Mission, Vision, and Beliefs

**Vision:** Students engaged, inspired, and empowered for educational success.

**We believe...**

- Students achieve best in a safe and inviting environment where they are engaged in learning.
- Students must have highly competent and caring teachers, principals, and support staff.

- Students must have equitable and high-quality educational opportunities that evolve and change to reflect the world around them.
- A successful educational culture empowers students to communicate and collaborate effectively, solve problems competently, think critically and creatively, and act responsibly.
- A successful educational culture develops students who are empathetic, respectful, resilient, and act with integrity.
- Embracing diversity and inclusion leads to mutual respect and breaks down barriers.
- Education is the shared responsibility of students, home, school, business, and community.
- Curriculum and instruction must meet the needs of all students and prepare each student for success.
- Early reading and mathematical thinking are the foundations for educational success.
- Our educational organization prepares students to value learning and contribute to society, which has a lasting positive impact on our communities.

### **Our Mission**

We support students socially, emotionally, and academically by establishing an engaging environment where students are inspired to create, collaborate, and commit themselves to a lifetime of learning.

## SC Ready 2017-2018 Data

The South Carolina College- and Career-Ready Assessments (SC READY) is a state assessment that includes tests in English Language Arts (ELA) and mathematics administered to students in grades 3–5. Four performance levels were established to reflect the continuum of knowledge and skills exhibited by students on SC READY ELA and mathematics tests.

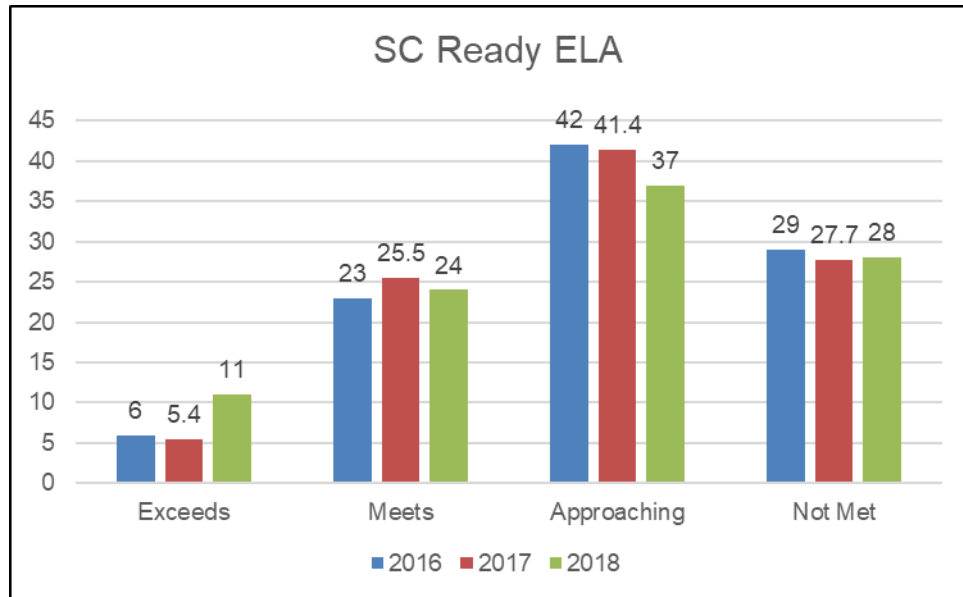

**Exceeds Expectations** – The student exceeds expectations as defined by the grade-level content standards.

**Meets Expectations** – The student meets expectations as defined by the grade-level content standards.

**Approaches Expectations** – The student approaches expectations as defined by the grade-level content standards.

**Does Not Meet Expectations** – The student does not meet expectations as defined by the grade-level content standards

2018- 35% of all students scored Meets or Exceeds Expectation  
 2017- 30.9% of all students scored Meets or Exceeds Expectation  
 2016-29% of all students scored Meets or Exceeds Expectation

### English Language Arts 2018 by Grade Level

Grade	Does Not Meet Expectations	Approaches Expectations	Meets Expectations	Exceeds Expectations
3	28.2	37.4	21.4	13.0
4	32.5	30	23.3	14.2

## SCPASS 2017-2018 Data

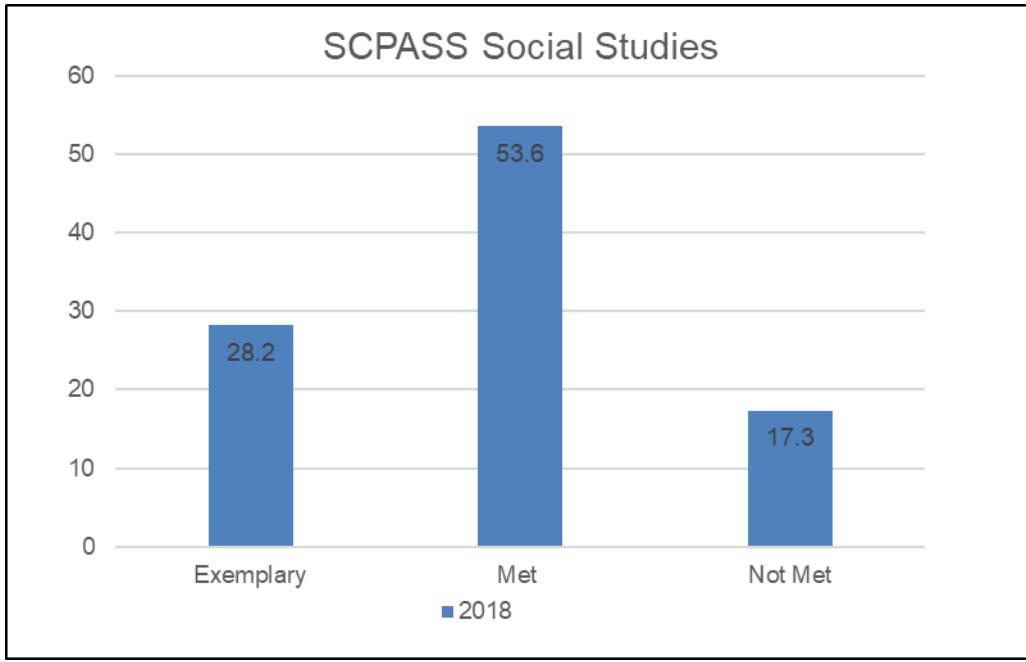

SCPASS Science test results are now reported using the same four achievement categories as SC READY – Does Not Meet Expectations, Approaches Expectations, Meets Expectations, and Exceeds Expectations. The test results for SCPASS Social Studies continue to be reported using three categories – Not Met, Met, and Exemplary. Beginning in 2018, only 4<sup>th</sup> grade students take SCPASS Science and only 5<sup>th</sup> grade students take SCPASS Social Studies.

2018- 48.6% of 4<sup>th</sup> graders scored Meets or Exceeds Expectation

### Science- Grade Level 4th

Year	Does Not Meet Expectations	Approaches Expectations	Meets Expectations	Exceeds Expectations
2018	19.8	30.6	33.3	15.3

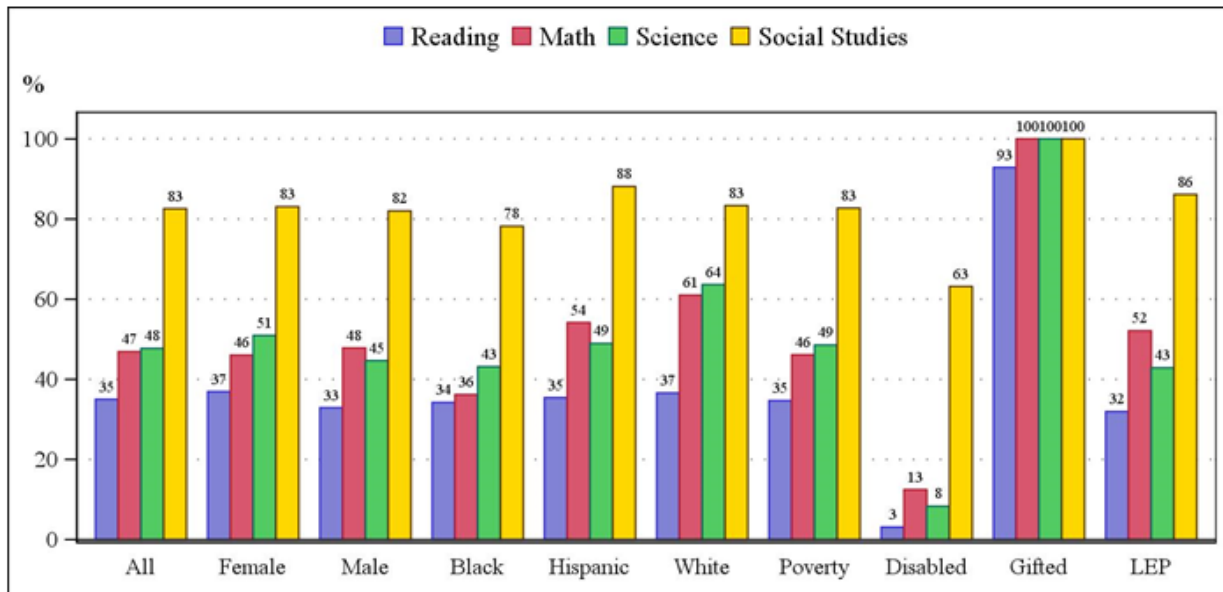

2018- 82% of 5<sup>th</sup> grade students scored Met or Exemplary

Hollis Academy is committed to having a high quality instructional team that is certified and highly qualified as defined by NCLB. In order to improve student achievement, our school and district adheres to the following guidelines concerning teachers and administrators:

- Hire highly qualified personnel
- Provide mentors for first year teachers
- Provide on-going professional development opportunities
- Evaluate personnel according to state and district guidelines

All teachers must obtain 24 hours or more of professional development yearly with a minimum of 12 hours offered at the school level. Professional development days are provided to assist teachers in achieving their personal professional growth plan and to enhance delivery of instruction.

Professional development opportunities are provided for teachers and staff on the effective implementation of district instructional initiatives through faculty meetings, grade level meetings, book studies and Professional Learning Community dialogues. These opportunities address student and teacher needs and are research-based. Teachers are encouraged to attend Summer Institute as well as the Upstate Technology Conference.

## School Climate

School climate is recognized as a significant factor related to student achievement. Teachers, fifth grade students, and fifth grade parents are surveyed annually as part of the overall effort to provide valid, reliable, and comprehensive information regarding the school environment.
