Act 135 initiatives are coordinated with programs such as Head Start, First Steps, Title I, and programs for students with disabilities.</p>

INTRODUCTION

As a Title I school, Berea Middle is required to complete a comprehensive needs assessment that includes all stakeholders. The school compiles its needs based on SCPASS and SCREADY state tests; quarterly benchmark test results; teacher observations; teacher-made tests; attendance records; behavior referrals; teacher, parent, and student surveys; and any other pertinent data or information sources to assist in the improvement of student achievement. Throughout the year a series of Title I planning meetings, to which stakeholders are invited to attend, are held. At these meetings data and trends are discussed and reviewed and the Title I plan is prepared in conjunction with, and in consideration of all, processes and programs currently available.

In addition to the Title I meetings, other sources of information for the portfolio include analysis of

- ❖ data from various forms of assessment;
- ❖ parent, student, and teacher surveys for Berea Middle School; and
- ❖ previous school report cards.

TEACHER AND ADMINSTRATOR QUALITY

- ◆ As a Title I school, Berea Middle is dedicated to ensuring 100% of the staff and faculty are highly qualified in the middle level content area in which they teach. Beginning with the 2013 – 2014 school year, all teachers will be highly qualified at the middle school level in the subject area for which the teacher provides instruction. One hundred percent of the faculty was highly qualified for the 2017 – 2018 school year. For the 2018 – 2019 school year not all teachers were highly qualified due to being in the PACE program.
- ◆ Teachers indicate there is a need for assistance in integrating subject content and higher level thinking into daily instructional delivery.
- ◆ To ensure teachers are current in the area of technology additional training in new and emerging technologies is provided as needed.
- ◆ During the 2017 – 2018 school year, teachers and administrators were provided with training in teaming and compassionate schools to enhance their professional abilities;
- ◆ Beginning in the 2015 – 2106 school year, Berea Middle School began the Stetson Inclusion program with all staff members being given professional development in this program.
- ◆ Teachers indicated a need for additional training in the Google suite software as the district moves toward becoming a Google district.
- ◆ The need for quarterly planning sessions for all core content areas continues to be a request of the faculty.
- ◆ School personnel take full advantage of the Title I Instructional Technology consultant to ensure full integration of technology into instructional delivery.
- ◆ Additional professional development was conducted in the implementation of the Mastery Connect program.

SCHOOL CLIMATE

- Beginning in the year 2012 – 2013 Berea Middle School implemented the Capturing Kids' Hearts discipline program as a result of the findings from the Robyn Jackson visit. This program is designed to increase the respect between teachers and students as well as among the students.
- Guidance Counselors continue delivery of the anti-bullying sessions.
- Survey results show that for the 2017 – 2018 school year
 - 62.5 % of the faculty are satisfied with the learning environment in the school;
 - 78.8% of the parents are satisfied with the learning environment in the school;
 - and
 - 69.3% of the students are satisfied with the learning environment in the school.
- Survey results show that for the 2016 – 2017 school year
 - 69.6% of the faculty are satisfied with the social and physical environment of the school;
 - 73.6% of the parents are satisfied with the social and physical environment of the school; and
 - 76.6% of the students are satisfied with the social and physical environment of the school.

- Implementation of a Leadership Class for students through the Capturing Kids' Hearts program was begun in 2015 -2016.
- During the 2017 – 2018 school year, teachers and administrators were provided with training in teaming and compassionate schools to help improve the overall school climate.

PERFORMANCE GOALS FROM ACTION PLAN

Goal One: Student Achievement

- ❖ Increase the percentage of students meeting standard in English Language Arts (reading and research) as measured by the SCREADY from 24.0% in 2018 to 34.0% in 2023.
- ❖ Maintain the percentage of students who meet standard (test score of 60 or higher) on the state-mandated End of Course test in English I from 100% in 2018 to 100% in 2023.
- ❖ Increase the percentage of students meeting standard in mathematics as measured by the SCREADY from 18.0% in 2018 to 28.0% in 2023.
- ❖ Maintain the percentage of students who meet standard (test score of 60 or higher) on the state-mandated End of Course test in Algebra I from 100% in 2018 to 100% in 2023.
- ❖ Increase the percentage of students meeting standard in science as measured by the Palmetto Assessment of State Standards (SCPASS) at an annual rate of 2% per year from 2018 to 2023. This applies to grades 6 and 8 only.
- ❖ Increase the percentage of students meeting standard in social studies as measured by the Palmetto Assessment of State Standards (SCPASS) at an annual rate of 2% per year from 2018 to 2023. This applies to grade 7.

Goal Two: Teacher and Administrator Quality

- ❖ Maintain the percentage of teachers who are highly qualified in the subject(s) for which they provide instruction at 100%.

Goal Three: School Climate

- ❖ Achieve and maintain a rate of 90% among parents, students, and teachers who agree or strongly agree they feel safe during the school day.
- ❖ Proactively address student behavior to maintain the percentage of students recommended for expulsion each year at less than 1% of the student population.
- ❖ Maintain a student expulsion rate below 0.07% of the total student population.
- ❖ Achieve an annual student attendance rate of 95%.

SIGNIFICANT CHALLENGES AND ACCOMPLISHMENTS

Berea Middle, like many other schools, is faced with challenges, many over which the school staff have no control. Significant challenges include

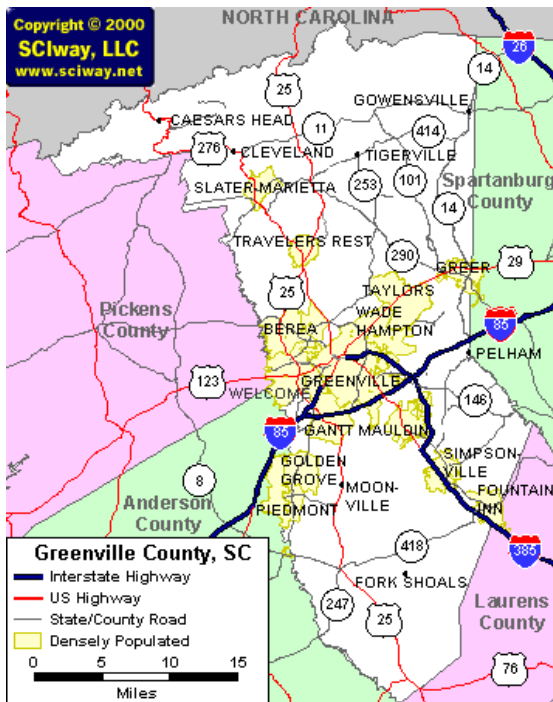

- an increase in the percentage of non-English speaking students enrolling in the school;
- a transient population which results in students coming in with a lack of content that may have not been taught at the previous school or coming in with content that has already been taught in another school and currently being taught at Berea Middle; and
- a lack of parental involvement in school activities.

Accomplishments at Berea Middle include

- conducting before school and after school tutoring sessions;
- incorporating online learning opportunities into the curriculum;
- continuation of quarterly planning meetings for grade level math and English teachers with assistance Title I Academic coaches in support of the implementation of the SC College and Career Ready Standards during the school year;
- quarterly planning meetings for grade level science and social studies teachers;
- during the 2015 – 2016 school year the 1:1 tablet initiative was completed, one year ahead of schedule;
- hiring of a Title I Secondary Disciplinary Literacy coach to help integrate components of literacy into each discipline at the middle school level;
- two staff members who are National Board Certified Teachers;
- continued implementation of the Capturing Kids' Hearts discipline program and the Teen Leadership class;
- implementation of Men Who Read Dress for Success and Berea's Outstanding Women Society programs;
- an on-site Greenville Health System health clinic;
- Community in Schools partnership and implementation of an Early Warning Response System; and
- continued implementation of the BELL Camp summer program to help prevent the summer slide. In the summer of 2018, the BELL program was expanded to include rising seventh grade students who participated in the program as rising sixth graders in the summer of 2017. The BELL Program will continue in the Summer of 2019, reaching selected sixth and seventh graders.

School Community

Introduction

Berea Middle School is a suburban middle school located in the northwest quadrant of Greenville County. Our middle school serves students in grades six, seven, and eight. For the 2018 – 2019 school year, Berea had approximately 785 students enrolled (45th day of school) and has eighty staff members, which includes professional and para-professional staff. The school has been fully accredited since it opened. Our school is one of nineteen middle schools in Greenville County School District that serves Greenville County, South Carolina.

Berea Middle School first opened in 1973 in support of a middle school plan adopted by the school district. A fire destroyed part of the structure in 1974. Major renovation took place beginning in the fall of 1997 with completion in 1998. Dedication of the new facility was held in

April 1998. Two new computer labs were installed in the fall of 2001. Student enrollment continues to fluctuate due to family mobility. Many of our students have parents and siblings who attended the school.

★ Northern Greenville County
Berea Middle School

To meet the requirements of **No Child Left Behind**, in 2002-2003, our school was chosen as an alternative middle school for students at Parker and Tanglewood Middle Schools. Enrollment increased by 100 students that year. In 2003-2004, additional alternative middle schools were chosen, and some students left our school. In the spring of 2004, the school district closed Parker Middle, a Title I school, and divided its student body among Beck Middle, Berea Middle, Lakeview Middle, and Tanglewood Middle.

Attendance lines for each school were redrawn to balance enrollment. To relieve overcrowding, Berea Middle did not allow special permission enrollment. Berea Middle received approximately 150 additional students. In September 2004, enrollment was 986. Parker Middle served as the District's Center for English as a Second or Other Language. When Parker closed, ESOL students returned to their home-base school. Rather than provide targeted assistance to the Title I identified students only, the District determined that Berea should become a school-wide Title I school, beginning in the fall of 2004. This designation allowed the school to provide assistance to all students at Berea. Berea lost its Title I status in 2006. However, due to an increase of low income families, and the rise of students qualifying for free and reduced meals, the status of Title 1 was reassigned to Berea Middle during the 2009 – 2010 school year.

There are numerous universities, colleges, and specialized educational centers in the local area. Greenville County is the site of The South Carolina Governor's School for the Arts, the Roper Mountain Science Center and an International Baccalaureate Program. Various magnet academies offer unique educational opportunities at the elementary, middle, and high school levels.

Major Academic and Behavioral Features/Programs

Berea Middle students are involved in various academic and behaviors initiatives.

These initiatives include

- ↻ the continued implementation IXL Math, web-based software program designed to increase the fluency of the basic whole number math facts in the four operations;
- ↻ teaming at all grade levels with the four core subjects being represented on each team;
- ↻ continued implementation of the Capturing Kids' Hearts discipline program;
- ↻ common grade level planning for the core subject areas;
- ↻ administration of quarterly benchmarks in the four core subject areas; this is the tenth year of benchmark testing; Mastery Connect was implemented in the 2017 – 2018 school year; increased usage of Mastery Connect;
- ↻ implementation of an anti-bullying curriculum taught by the guidance counselors;
- ↻ integration of the Discovery Education online textbooks in the science curriculum;

- ↻ continued implementation of the personal learning devices initiative to increase the use of technology in the daily delivery of instruction;
- ↻ continued implementation of Gateway to Technology classes;
- ↻ implementation of a monthly club schedule;
- ↻ continuation of the Early Warning Response System as part of the OnTrack Greenville initiative;
- ↻ weekly OnTrack Greenville meetings with Communities in Schools personnel with discussion focusing on individual students and wrap-around services needed to accelerate success;
- ↻ implementation of the Stetson Inclusive practices;
- ↻ implementation of a Teen Leadership class to promote self-advocacy and advocacy for others;
- ↻ implementation of an in-school health clinic through the Greenville Health System;
- ↻ integration of AR 360 and Big Universe to help increase the reading levels of all students;
- ↻ continued use of the Read 180, System 44 and Language Live reading programs to increase the overall reading levels of lower performing students;
- ↻ continued implementation of Brain POP ESL to help students with limited English Proficiency; and
- ↻ continued use of the USA Test Prep program.

Mission, Vision, and Beliefs

VALUES AND BELIEFS

Values and beliefs are the core of who we are, what we do, and how we think and feel. Values and beliefs reflect what is important to us: they describe what we think about work and how we think a school should operate. Staff members were asked to brainstorm independently before we produced our core beliefs about instruction, curriculum and assessment, and how these positively impact our students' learning.

WE BELIEVE:

- Curriculum, instruction, and assessment must be aligned to meet the needs of all students and be aligned with state and national standards.
- Teachers must have high expectations of all students – all staff personnel must have high expectations of academic performance and social behavior (each student must be able to reach his/her full potential).
- Assessment needs to be efficient, regular, manageable, and used as a tool to determine where students are in order to adjust instructional practices.
- Students should feel safe, emotionally and physically, both inside and outside of the classroom. Students and teachers should respect and positively interact with each other.
- Curriculum and instruction must be standards-driven, uniform within each grade level, and articulated across grade levels.
- Grade-level meetings need to be focused on curriculum, instruction, and assessment, and reflective of teachers' needs, in order to build teacher capacity and increase student success.

VISION

The vision of Berea Middle School is to produce responsible citizens by meeting the needs of middle school students through quality education in a safe environment.

MISSION

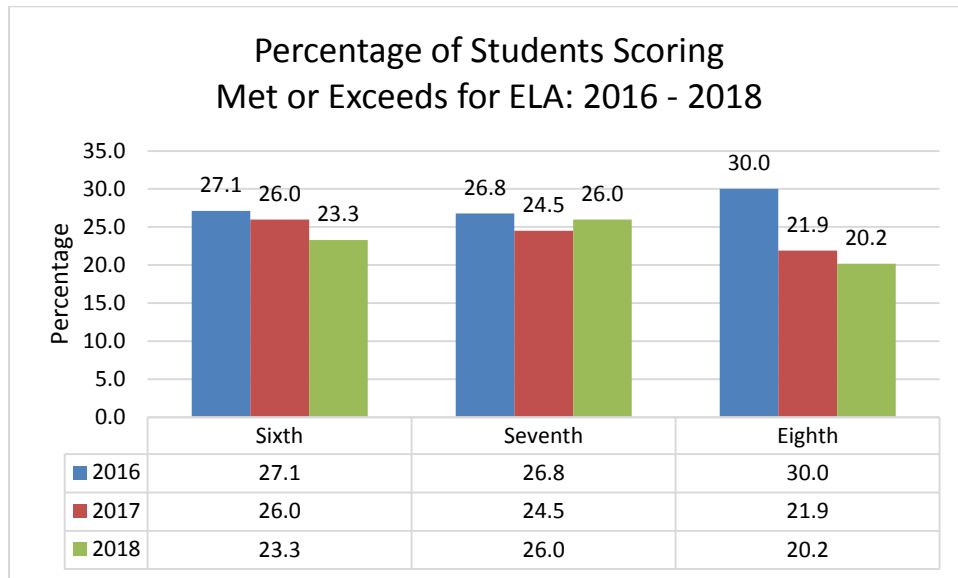

The mission of Berea Middle School is to assist students in ***Building Relationships*** and work with students in ***Shaping Leaders***.

SCPASS: Science

A review of the SCPASS Science data for the 2016 administration showed the greatest percentage of students scoring met or exemplary was at the seventh grade, followed by the eighth grade with the sixth grade having the smallest percentage scoring met or exemplary.

NOTE: For the 2017 administration of the SCPASS test for science, a new test, with different scoring categories was implemented. Therefore, there can be no direct comparison with the results of the 2016 and 2017 administrations of the SCPASS Science test.

A review of the results from the 2017 administration of SCPASS Science shows the greatest percentage of meets and exceeds occurred at the sixth grade, followed by the eighth grade, with the lowest percentage scoring meets or exceeds at the seventh grade.

A review of the results from the 2018 administration of SCPASS Science shows the greatest percentage of meets and exceeds occurred at the eighth grade with the lowest percentage scoring meets or exceeds at the sixth grade.

Meets or Exceeds by Gender by Grade Level: Science

A review of the 2017 to 2018 administration of the sixth grade science SCPASS test shows that the percentage of males scoring meets or exceeds decreased from the 2017 to 2018 administration of the test while the percentage of females scoring meets or exceeds increased from the 2017 to 2018 test administration.

NOTE: Seventh grade students did not take the Science test in 2018.

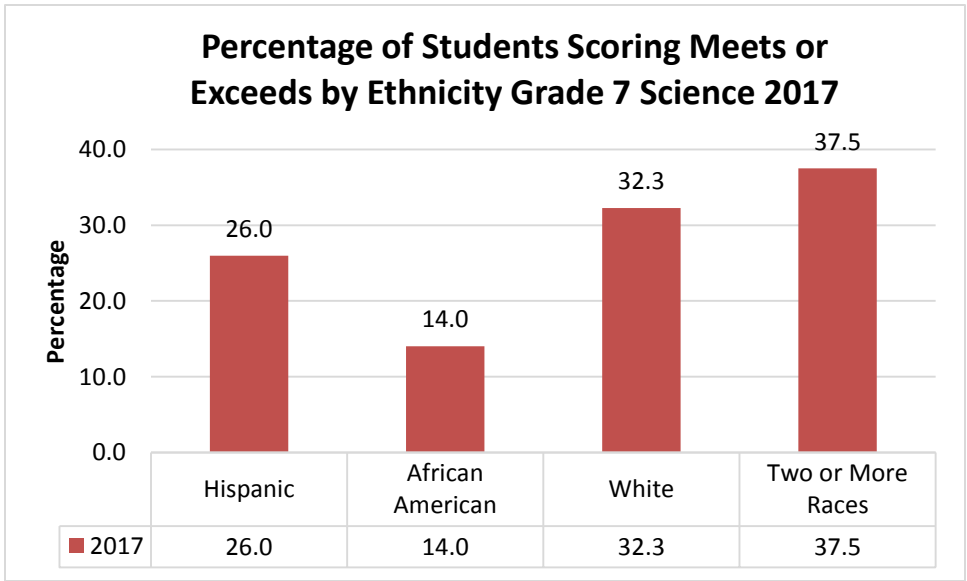

A review of the 2017 to 2018 administration of the eighth grade science SCPASS test shows that the percentage of males and females scoring meets or exceeds increased from the 2017 to 2018 administration of the test.

Meets or Exceeds by Ethnicity by Grade Level: Science

A review of the 2017 to 2018 administration of the sixth grade science SCPASS test shows that the percentage of students by ethnicity scoring meets or exceeds increased from the 2017 to 2018 administration for Hispanics and African Americans but decreased for the Whites subgroup. There was not a subgroup for Two or More Races for the 2018 administration.

Seventh Grade students did not take the science test in 2018.

A review of the 2017 to 2018 administration of the eight grade science SCPASS test shows that the percentage of students by ethnicity scoring meets or exceeds increased from the 2017 to 2018 administration for Hispanics and decreased for African American and White subgroups. There was not a subgroup for Two or More Races for the 2018 administration.

Meets or Exceeds by Limited English Proficiency by Grade Level: Science

A review of the 2017 to 2018 administration of the sixth grade science SCPASS test shows that the percentage of students by Limited English Proficiency scoring meets or exceeds increased from the 2017 to 2018. The percentage of students scoring meets or needs for the Non-Limited English Proficiency decreased from the 2017 to 2018 test administration.

Seventh Grade students did not take the science test in 2018.

A review of the 2017 to 2018 administration of the eighth grade science SCPASS test shows that the percentage of Limited English Proficiency students and Non-Limited English Proficiency students scoring meets or exceeds increased from the 2017 to 2018.

Meets or Exceeds by Students in Poverty by Grade Level: Science

A review of the 2017 to 2018 administration of the sixth grade science SCPASS test shows that the percentage of Students in Poverty scoring meets or exceeds decreased from the 2017 to the 2018 test administration. The percentage of Non-Students in Poverty scoring meets or exceeds increased from the 2017 to the 2018 test administration.

Seventh grade did not take the science test in 2018.

A review of the 2017 to 2018 administration of the eighth grade science SCPASS test shows that the percentage of Students in Poverty scoring meets or exceeds increased from the 2017 to the 2018 test administration. The percentage of Non-Students in Poverty scoring meets or exceeds decreased from the 2017 to the 2018 test administration.

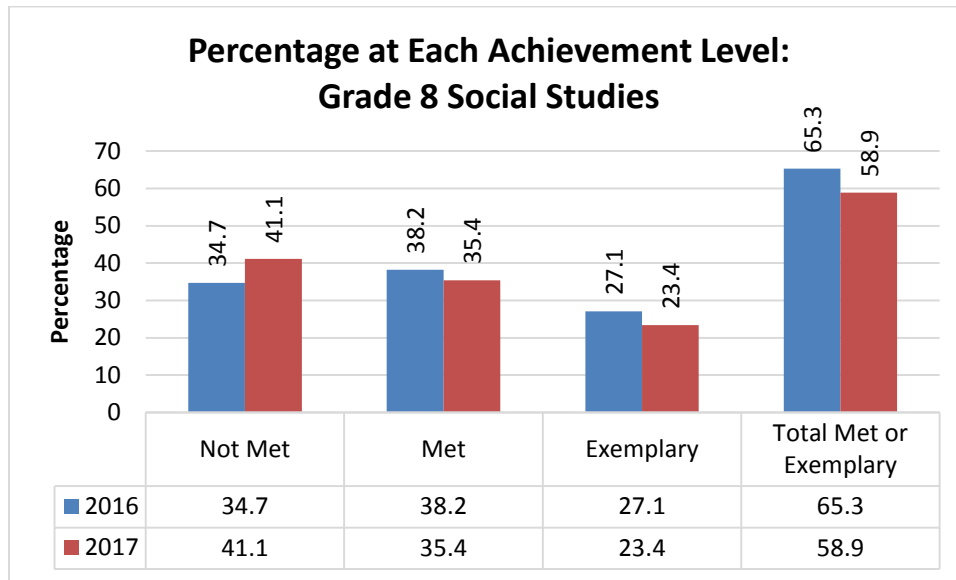

SCPASS: Social Studies

The percentage of students scoring met or exemplary decreased from the 2016 to 2017 administrations of the Grade Six Social Studies test. NOTE: Sixth Grade did not take a Social Studies Test in 2018.

A review of the data for SCPASS Seventh grade social studies show the percentage of students scoring at the Not Met level has increased from 2016 to 2018. The percentage of students scoring at the Met, Exemplary and Total Met and Exemplary levels has decreased from the 2016 to 2018 test administration.

The percentage of students scoring met or exemplary decreased from the 2016 to 2017 administration of the Grade Eight Social Studies test. NOTE: Eighth Grade did not take a Social Studies Test in 2018.

Meets or Exceeds by Gender by Grade Level: Social Studies

The percentage of males scoring met or exemplary decreased from the 2016 to 2017 administration of the SCPASS Grade Six Social Studies test while the percentage of females scoring met or exemplary increased over the same time period. NOTE: Sixth grade did not take a social studies test in 2018.

The percentage of males and females scoring met or exemplary decreased each year from the 2016 to 2018 administration of the SCPASS Grade Seven Social Studies test.

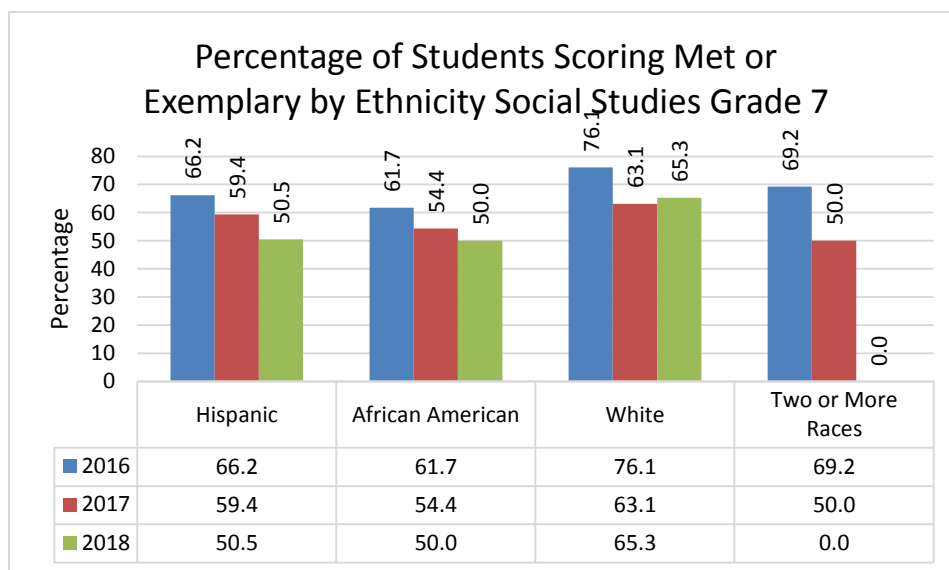

The percentage of males and females scoring met or exemplary decreased from the 2016 to 2017 administration of the SCPASS Grade Eight Social Studies test. NOTE: Eighth grade students did not take a social studies test in 2018.

Meets or Exceeds by Ethnicity by Grade Level: Social Studies

The percentage of students, based upon ethnicity, scoring met or exemplary decreased from the 2016 to 2017 administration of the SCPASS Grade Six Social Studies test for all subgroups. NOTE: Sixth grade students did not take a social studies test in 2018.

The percentage of students, based upon ethnicity, scoring met or exemplary decreased from the 2016 to 2018 administration of the SCPASS Grade Seven Social Studies test for the Hispanic and African American subgroups. For the White subgroup the percentage of students scoring met or exemplary decreased from 2016 to 2017 the increased from the 2017 to the 2018 administration resulting in an overall decrease from 2016 to 2018. The percentage of Two or More Races decreased from 2016 to 2017 but there was not a subgroup for comparisons for 2018.

The percentage of students, based upon ethnicity, scoring met or exemplary decreased from the 2016 to 2017 administration of the SCPASS Grade Eight Social Studies test for all subgroups. The only exception is the Two or More Races subgroup which did not have any students for the 2016 administration. NOTE: Eighth grade students did not take a social studies test in 2018.

Meets or Exceeds by Limited English Proficiency by Grade Level: Social Studies

The percentage of students, based upon Limited English Proficiency (LEP), scoring met or exemplary decreased from the 2016 to 2017 administration of the SCPASS Grade Six Social Studies test for LEP and Non-LEP students. NOTE: Sixth grade students did not take a social studies test in 2018.

The percentage of students, based upon Limited English Proficiency (LEP), scoring met or exemplary decreased from the 2016 to 2018 administration of the SCPASS Grade Seven Social Studies test for LEP and Non-LEP students.

The percentage of students, based upon Limited English Proficiency (LEP), scoring met or exemplary decreased from the 2016 to 2017 administration of the SCPASS Grade Eight Social Studies test for LEP and Non-LEP students. NOTE: Eighth grade students did not take a social studies test in 2018.

Meets or Exceeds Students in Poverty by Grade Level: Social Studies

The percentage of students, based upon poverty level (SIP), scoring met or exemplary decreased from the 2016 to 2017 administration of the SCPASS Grade Six Social Studies test for SIP and Non-SIP students. NOTE: Sixth grade students did not take a social studies test in 2018.

The percentage of students, based upon poverty level (SIP), scoring met or exemplary decreased from the 2016 to 2018 administration of the SCPASS Grade Seven Social Studies test for SIP students. The percentage of students, based upon poverty level (SIP), scoring met or exemplary increased from the 2016 to 2017 administration of the SCPASS Grade Eight Social Studies test for SIP students but decreased for Non-SIP students. NOTE: Eighth grade students did not take a social studies test in 2018.

The data indicate the need for

- Continued review of results from the administration and analysis of locally and district developed benchmarks in the areas of ELA, math, science and social studies to identify areas of weaknesses and steps to take to strengthen the identified weaknesses;
- Continued review of state test data to identify any trends associated with increases and/or decreases in the percentage of students scoring meets/met or exceeds/exemplary on the state exam to increase the overall percentage of students scoring meets/met or exceeds/exemplary;
- Participation in various professional development activities designed to create a greater awareness of teaching children of poverty and ways in which the faculty and staff can reach out to children of poverty, as well as the other students, to increase overall academic success;
- Identification of possible ways in which to work with African American males to increase the overall percentage of this population scoring meets/met or exceeds/exemplary on the state tests;
- An increased emphasis on the study of those students who fall into the Approaches or Not Met achievement level to identify and implement research-based strategies into daily instructional delivery to move the students to the meets/met achievement level;
- Continued integration of the Mastery Connect benchmark program to identify areas of strengths and weaknesses to help identify how to improve areas of weaknesses within the daily classroom instruction along with additional professional development to assist teachers to understand fully the various components of the program and how to use said data to strengthen daily instruction;
- Effective use of formative assessments to inform instruction at a rigorous level; and
- Delivery of professional learning opportunities to support teachers' development of learning targets and strategies that promote rigor.

Teacher and Administrator Quality

Our school principal is Mr. Corey Collington. This is his first year at Berea Middle. Prior to his principalship He served as an Assistant Principal at Carolina High for one year. He also served as the of Principal Brewer Middle in Greenwood 50 for 3 years, an Assistant Principal at Northside Middle for 3 years and an Assistant Principal at Greenwood High for 2 years.

Berea Middle School has three assistant principals: Steven Sokol, Yolanda Crittendon-Jones, and Teresa Floyd. Their duties and responsibilities include supervising, monitoring, and disciplining the student body; supervising and evaluating the faculty using ADEPT and/or other appropriate instruments; and attending District and school meetings and parent conferences. Each administrator has other specialized duties and responsibilities.

One Instructional Coach, Dr. Johnny Wallace, met with the faculty regularly to discuss various instructional issues and to provide workshops and teaching materials that enhance learning. Meetings are held to discuss teaching and learning strategies that have been successful and often involve text-based discussions and allow teachers to focus on positive/successful experiences as well as areas that need improvement.

For the 2018 – 2019 school year, Sue Florence served as the Interim Title I Secondary Literacy Facilitator. She worked with all teachers on implementing the district's Disciplinary Literacy Framework. Her work included strategic planning with grade levels as well as looking at school data to help teachers reflect on their instructional strategies.

The Title I program, under the direction of Shannon Faulkner, also provides opportunities for professional development.

The following chart provides longitudinal data regarding teacher quality at Berea Middle School.

Data Topic	Year	2014	2015	2016	2017	2018
