SECTION ONE: INTRODUCTION

The Greenville Middle Academy Strategic Plan was developed to guide our actions and document the changes and progress our school has made as we have sought to more effectively support student learning. It is our belief that the plan provides a vehicle for developing capacity, self-assessment, communication, and accountability that will lead to substantive school improvement. The plan is organized according to the standards set forth in Greenville County Schools Strategic Planning/Portfolio Checklist. It is our firm belief that the philosophies represented by the aforementioned guidelines will support Greenville Middle's efforts toward continuous school improvement.

An executive committee, consisting of the five Standards chairs, divided the stakeholders into subgroups to work in teams. The committees gathered data on Information and Communication/Values/Beliefs, Leadership, Curriculum and Instruction, Resources/Services, and Assessment/Data. As teams worked, they presented findings to the stakeholders in faculty and SIC meetings. The Committees used data to compile indicators for the Portfolio and AdvancED documents.

The Greenville County Portfolio process helped guide the AdvancED Self-Study. We analyzed data using Parent, Staff, Student Survey results, State Depart School Reports Cards, and ESEA Federal Accountability Ratings. The self-study was guided by State and District Technology Plans, National Professional Development Standards, the Greenville County Strategic Plan, and the Greenville County Portfolio process.

Greenville Middle School Academy is fully accredited by the South Carolina State Department of Education and AdvancED. We also meet all planning, implementation, evaluation and reporting requirements of the Educational Accountability Act and Act 135, and the Greenville County Strategic Plan.

Executive Committee members included chairs of each of the subcommittees. Each grade level team or the ELA, Math, Special Education, or Related Arts Department was represented. The committees included the following: Communication/Values/Beliefs, Leadership; Curriculum and Instruction, Resources/Services, and Assessment/Data.

SECTION TWO: EXECUTIVE SUMMARY OF NEEDS

Needs Assessment

In the area of *Student Achievement*, to raise the academic challenge and performance of each student in all minority groups has been our most significant challenge. Achievement is discussed in the Data Analysis for Goal 1. Greenville Middle needs to:

- Focus on maintaining school writing performance as measured by SC READY.
- Increase overall school ELA performance each year, as determined by school goals.
- Increase overall school Math performance each year, as determined by school goals.
- Increase overall school Science performance each year, as determined by school goals.
- Increase overall school Social Studies performance each year, as determined by school goals.
- Focus on raising minority student performance (African-Americans and Hispanics and Students with Disabilities) in all subject areas.

In the area of *Teacher/Administrative Quality*, goal two focuses on maintaining quality instructional and administrative personnel. We need to:

- Maintain in-house Professional Development to improve instruction in reading and writing across the curriculum and Global integrated studies.
- Incorporate innovative student-centered activities and increase student engagement.
- Continue reading/writing/vocabulary across the curriculum.
- Continue data analysis and incentives.

School Climate, goal three, addresses several delineated items regarding Greenville Middle: attendance; expulsion rate; and parent, student, and teacher survey results regarding learning environment and safety at school. Although survey results are generally high in all areas, several concerns were identified. We need to:

- Create and expand transition support from elementary school and to high school.
- Introduce schoolwide and classroom Character Education Program.
- Enhance Career Education Program.
- Initiate parent academy workshops during the year.

Academic Programs and Features

SECTION THREE: SCHOOL PROFILE

History

Greenville Middle School began in 1938 as Greenville Junior High School in the building that had been Greenville High School. It was located on Prospect Hill at the head of what is now known as McBee Avenue. Originally constructed in 1888, the facility was the first public school building in the city.

Greenville Junior High School served the community from 1938 until 1965 at this location. During this period, the 82 separate school districts in Greenville County were consolidated into one unified district. By 1949, the school's population had increased to 1600 students. In the fall of 1965, Greenville Junior High moved to the current facility. When the school district implemented the middle school concept, Greenville Junior High School became Greenville Middle School. Because of declining population, in 1997 Greenville Middle School became a Select School, Greenville Middle Academy, with a focus on reading, writing, and vocabulary across the curriculum.

Select School status impacts our school program in two major ways. As a Select School, we are allowed to recruit students from all attendance areas of the school district— students who are interested in our academic focus on "Reading, Writing, and Vocabulary Development across the Curriculum." Students have chosen to attend Greenville Middle Academy from approximately twenty other public and private middle schools. The school district also budgets extra funds to support Select School programs. Our budget has funded hardware and software for a Writing Lab, a lab manager/technology coordinator, a program coordinator, a journalism teacher, and instructional supplies to support our school-wide focus.

Beginning 2007-2008, Greenville Middle proposed a rebirth from "Traditional Studies" to "Traditional Studies: A Global Perspective." This new Renaissance for our "flat world" learner must include expanding our study of the English Language Arts of Reading, Writing, and Vocabulary across the Curriculum by including the other two Language Arts as defined in the state Standards—Listening/Speaking and Thinking. At the same time, we plan to expand our study of language to examine cultural norms, analyze ways of thinking and problem-solving, and explore global culture while at the same time, delve more deeply into our own complex and diverse cultures. Our recent School Portfolio process identified a need for focus on academic achievement for all students and for minority students in particular. In 2010, Greenville Middle met Adequate Yearly Progress as defined by the SC Department of Education. GMA was the first middle level school in the district to attain that goal. We are proud of our tradition of excellence.

Teacher and Administrator Quality

Greenville Middle Academy has a highly qualified staff. 60% of teachers have ten or more years' experience. 72.5% of staff members hold advanced degrees. Eight teachers (14.6%) are National Board Certified. Over the past few years the experience level of our normally stable staff has lowered as many teachers have retired.

School Leadership

Administrators

Our school is led by Nicky Andrews, our principal, who has been at Greenville Middle Academy for three years. We also have two assistant administrators, Susan Moree, assistant principal, and Brad Dill, administrative assistant, who comprise our administrative leadership team.

Teaching/Support Staff

We have a supportive team at Greenville Middle, comprised of:

55 teachers (core, related arts, and special education)

1 ESOL: Tami Uria

4 school counselors: Taki Johnson, Pamela Cao, Megan Giordani, Katie Bailey

3 clerks for data, guidance, and attendance: Sonya Sullivan, Michelle Joiner, Shane Hawk

Secretary/bookkeeper: Jill Foster

Program Director: Alonda Rollison

Instructional Coach: Jody Allison

Our school PTA is routinely involved in the operation of our school. Without them, many of the efforts we initiate would not be possible. Currently, we send out a form at the beginning of the school year to determine the volunteer skills available. Parents, teachers, and administrators are very involved in our School Improvement Council. They meet quarterly and discuss opportunities to support our school. They are currently seeking ways to help our school maintain a high level of instruction.

Greenville Middle School currently has an Instructional Leadership Team made up of grade level team leaders, special area team leaders, and administrators. They meet with the principal frequently during the school year to share and discuss school-wide issues.

Student Demographic Data

Greenville Middle is an inner-city school, located near Greenville's downtown. From 1988 to 1996 as families began to leave the downtown area and relocate in suburban areas, enrollment dropped from 832 students to 654. In 1996, Greenville Middle applied to become a "Select School" and in 1997 became Greenville Middle School Academy of Traditional Studies. The popularity and economic development of Greenville and the downtown area have contributed to a resurgence in surrounding neighborhoods. Currently, we serve 849 home-based and magnet students, who represent nearly every elementary school in the county.

SECTION FOUR: MISSION, VISION, BELIEFS

This comprehensive process to build consensus involved all school stakeholders: teachers, administrators, support staff, parents, students, the School Improvement Committee and the local PTA Board. A core group of faculty met to begin the process to clarify our values and beliefs, purpose, mission, vision, and goals. Study groups examined the school's current mission and vision statements. We then answered the following questions about Greenville Middle:

- What does GMA do very well? What are the most important things we want to communicate to the community?
- Is there anything we need to change about what we already do?
- What are several ways we can reach out to the community?

Values and Beliefs

We understand the necessity for preparing students for increasingly rigorous higher order thinking and performance, a mastery of 21st Century Skills, and our need to prepare them to compete in a global society. Analysis/Response

Test Data: SC READY and SCPASS Data from 2016 will establish a baseline for annual measurement for ELA and math and science and social studies.

Attendance: Attendance of both students and teachers is necessary for all students to achieve consistently. Both groups must be present for optimal academic achievement.

Response: Achievement data reflects a need for targeted interventions for students who are underperforming. Implementation of Professional Learning Communities will strengthen school teams and ensure effective student engagement and depth of content understanding. A full inclusion model with co-teaching components has been implemented and will be refined to address grade-level standards-based instruction with special education students using appropriate differentiation strategies and accommodations. Systematic intervention including Read 180/System 44 as well as Language Live and literacy instruction will structure clear expectations and opportunities for the success for all students. A continuation of common planning, common assessments, and collaborative analysis will strengthen classroom instruction.

Teacher and Administrator Quality – Goal 2

The second goal addresses in-house professional development at Greenville Middle Academy. Since the magnet focus at Greenville Middle is reading, writing, vocabulary across the curriculum and Global studies, professional development has been recursive covering these topics on a continuous basis.

Teachers are offered specific professional development weekly through Greenville Middle and the county. Monthly Curriculum Meetings focus on teaching skills in reading and writing for all teachers. Specific data analysis for individuals, grades, departments, and the whole school is implemented every fall in order to find strengths and weaknesses. Also, technology workshops are used to promote integration of new programs in the curriculum. Monthly afternoon workshops are offered to share expertise in various areas. Some teachers also attend conferences and other out of building offerings using professional development days offered by the district. The district encourages staff to visit other classrooms within the building as well as in other schools.

Offerings are often planned according to issues that arise during each year. Teachers are given opportunities to lead these workshops and to share ideas and worries in all gatherings.

The Professional Development Calendar lists all in-house PD for this year. Not listed are teacher classroom visits and attendance at conferences. The Professional Development calendar is listed below.

NEEDS ASSESSMENT

The preceding discussion identified the following needs:

- Continue opportunities for the use of technology and Personalized Learning implementation (SAM-R Model).
- Revisit 21st Century Skills and increasing student engagement.
- Revisit the teaching of reading, writing, and vocabulary across the curriculum yearly.
- Continue data analysis and incentives for growth/progress.
