

Wade Hampton Week 2009 will be held October 24-30.

Eastside's Charity will be the *Cystic Fibrosis Foundation*.

Cystic Fibrosis is an inherited chronic disease that causes the body to produce unusually thick, sticky mucus that clogs the lungs and leads to life threatening lung infections, obstructs the pancreas, and stops natural enzymes from helping the body break down and absorb food.

*****Anyone in the community who would like to help in the planning of WHW activities, or that has a personal interest in Cystic Fibrosis can contact Jackie Weaver at jweaver@greenville.k12.sc.us.***
