

## ***A. J. Whittenberg Elementary School of Engineering***

### **AJW Lego Teams**

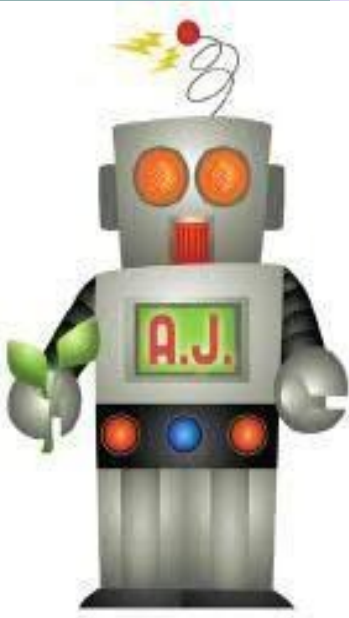

**2013/2014**

### **AJW Minecraft Engineers**

The *AJW Minecraft Engineers* successfully competed in their first FLL State Qualifier on Saturday. Competing against mostly middle schoolers, the team of two 5th graders and six 4th graders confidently presented their research about tornados and their invention, the Tornado Safety Sheet. Their unique robot, Steve, competed in 3 rounds; one judge applauded his innovative design by saying, "Good use of treads for obstacle course." This all rookie team, had a great time learning from each other and their peers. Congratulations on a job well done! The Minecraft Engineers are as follows: Ethan , David , Abreona , Patrtick , James , Graham , Makhia , and Evan. They are coached by Hamilton Parks.

### **AJW Lego Teams 2013/2014 *Agents of Fury***

**The AJW Lego Team “Agents of Fury” is headed to State Competition! The team, made up of 4th and 5th grade students, finished 5th out of 28 teams in robot performance at the Upstate Qualifying Tournament on Saturday, Dec. 14th. That result, paired with strong showings in Research Project, Core Values and Technical interviews won them a slot to compete at the state level in February! The team went head-to-head with middle and elementary school teams from across the Upstate. Congratulations to this hard-working group of talented students! Agents of Fury Members are: Aidan , Alejandra , Anne , Bryce , Cannon , Jeremiah , Nathan , and Olivia, They are coached by Lynn Mann.**
