

## Eastside High School All-Sports Booster Club

Greenville County Schools does not fund high school sports. The EHS Athletics Department receives a facilities maintenance fund that barely covers the coaches' salaries, lights, security, and a small amount of facilities maintenance. The funding for all of our sports teams and capital improvements must be provided by game tickets and the All-Sports Booster Club. Participation in athletics provides character, teamwork, discipline, and leadership skills. Eastside High enjoys an excellent reputation for providing quality athletic programs for our student athletes. In order to maintain this reputation, we need the support of our parents, community, and local businesses. Your sponsorship or donation will be used to enhance our athletic facilities and support the growth and success of all of the sports programs at Eastside.

### **Mission Statement**

To partner with Eastside High School in creating positive parent and community involvement in support of the students of EHS through the school's many athletic programs at EHS by allocating financial and physical assistance.

### **Sponsorship Opportunities**

Advertisements will be published in 3 programs (Fall, Winter, and Spring Sports). These programs will be available to all attendees at all games of Eastside High School's 35 sports teams. The EHS Booster Club thanks you for your support!

### **We appreciate your support!**

Keep up with our success at
