2	Administrators
51	Teachers
20	Support Staff

## Outstanding Features/Programs

Greenbrier Elementary: *The School of Kindness* focuses on meeting the needs of the Whole Child. The tenets of the Whole Child include that each student is . . .

Healthy • Safe • Supported • Engaged • Challenged

A child who enters school in good health, feels safe, and is connected to his/her school is ready to learn. A student who has at least one adult in school who understands his/her social and emotional development is more likely to stay in school. All students who have access to challenging academic programs are better prepared for further education, work, and civic life.
