MATH			

COURSES NEEDED TO GRADUATE *(FOR RISING SENIORS ONLY)*

REQUIRED COURSES	**ENROLLED**	**PASSED**
SENIOR PROJECT		

SIGNED _____ DATE _____

+Science units must include three laboratory sciences. Students must have taken and passed Biology in order to meet graduation requirements. *Student Publications or ROTC (3 or 4) may be substituted for one Technology requirement other than AP Comp Sci. ^Graphic Arts (Art 1 pre-req) can be considered a Technology unit. Beginning with the graduating class of 2013, all magnet students must follow a Magnet Distinction pathway and complete an Independent Senior Project by January of their senior year (see GCS Magnet Academies Senior Project Handbook). Home base students may choose to participate in the MD program.
