

# SAFETY ISSUES AND UPDATES!

When you come to the office to volunteer, visit your child, come for a conference, or pick your child up for an early dismissal or from the health room, **you will need a PICTURE ID, such as a drivers' license.** Schools now have the capability to scan your license and check for any criminal background. This is a great tool for safety. Once you have scanned your license to be "cleared," you will still have to have your ID to get a visitor's badge to come in to work or get your child. So, don't forget your picture ID when you come in the building!

League now has a Crossing Guard! That is the good news! Thanks to the work and insistence of our SIC and PTA! We have a crossing guard!

Here are the procedures:

1. STUDENTS CAN ONLY CROSS TWIN LAKE ROAD WHERE THE CROSSING GUARD IS LOCATED (near the main entrance for the car line on the gym side of then building.)
2. Students CANNOT CROSS TWIN LAKE ROAD AT THE LAKE. The visibility there is unacceptable, and the City Police, the County Police and Traffic Control checked and it is simply not safe for our kids to cross anywhere other than where the Crossing Guard is positioned.
3. If you currently park in the neighborhood near the lake on Lake Forest Drive, you need to stop parking there and park on the other end of Lake Forest Drive ) near the school driveway entrance.)
4. If you are parking in the neighborhood, be sure not to block any driveways OR park in such a manner that emergency vehicles could not get through.
5. You may not ever double park on any street. Students can be picked up on the lake side of the road, but ONLY IF YOU ARE PARKED NEXT TO THE LAKE. No double parking there or stopping and asking your child to "run" between parked cars or across the street to get in your car.
6. NO U-TURNS EVER ON ANY STREET. If you are caught by the police doing that in a school zone, it is an expensive ticket!
7. WATCH YOUR SPEED. Kids are walking, cars are slowing, and police are watching! Again, it is an expensive ticket!
8. No parent is allowed to park in the teacher parking lot and wait for your child. That is the BUS ENTRANCE ONLY.

**Thank you for  
your assistance  
in keeping  
YOUR kids and  
staff safe.**
