

Family Math, Science, and Technology Night

Thursday, March 11, 2010

Fun! Excitement! Learning! That's what you'll find at Oakview's Family Math, Science, and Technology Night. Children in kindergarten, 1st, and 2nd grades and their families are invited to attend from 5:00 - 6:30 pm. Children in 3rd, 4th, and 5th grades and their families are invited to attend from 7:00 - 8:30 pm. Science, math, and technology activities will be set up in classrooms, computer labs, and the media center. Mr. Rex Smith will present a science show in the cafeteria. Science Fair projects will be on display in the gymnasium.

If you plan to attend Oakview's Family Science, Math, and Technology Night, please complete and return the reservation form at the bottom. This is our ONLY way of assuring enough materials and space for everyone. Make sure to include all family members that will be attending.

We need many volunteers to assist with planning, preparation, and clean-up. Please consider helping in one of the areas listed below. We look forward to another successful Family Math, Science, and Technology Night!
