$199 for RMSCA Members, $219 for non-members
Lunch and T-shirt included!

What the camp is about
The camp is taught by computer science professors and graduate students from Clemson University and is open to any rising 9th through 12th grade students in the Greenville SC area. No programming experience is required. Camp participants will create Android phone apps using MIT’s Android App Inventor and Java and learn about the many exciting opportunities in computer science. The camp is an excellent way to introduce you to both computer science and Java programming! ...And it’s FUN!

To register go to RoperMountain.org
Register online. Credit card payments accepted. Payment must be made on or before July 22nd. Space is limited, please register early.

402 Roper Mountain Rd. Greenville, SC 29615 | Phone: 864.355.8900 | E-mail: vmosher@greenville.k12.sc.us
