

# IT MAY TAKE MORE THAN SCHOOL SPIRIT TO GET YOUR FAVORITE PLAYER BACK IN THE GAME

When the game is on the line, high school athletes look to the sidelines for support. And no matter which schools are facing off, players and parents count on the physicians of Steadman Hawkins Clinic of the Carolinas and the athletic trainers of Greenville Hospital System. From summer to the state championship, we're proud to serve our community at schools all across the Upstate. Whether it's our after-hours Evening S.H.I.F.T. urgent care program or the invaluable expertise we bring to every game, our team has your athletes covered when they need it most. **Let's go.**

GHS CERTIFIED ATHLETIC TRAINERS ARE EASY TO SPOT. LOOK FOR OUR TEAM IN YELLOW ON YOUR SIDELINES. FOR MORE INFORMATION, VISIT [GHS.ORG/SHCC](http://GHS.ORG/SHCC) OR CALL (864) 454-SHCC (7422).
