WHY SHOULD PARENTS AND THE COMMUNITY GET INVOLVED WITH SUE CLEVELAND'S SIC?

The School Improvement Council (SIC) serves the principal and the faculty at Sue Cleveland in an advisory role to bring together parents, educators, students and the community to collaborate on the improvement of our school. The SIC is mandated by law to exist in every public school in South Carolina.

When parents get involved with a child's education, the child will do better in school and the quality of the school improves. The insight of a parent can provide a positive influence on the development of your child's school.

WANT TO GET INVOLVED AT SCE? CONTACT MRS. CHAMBERS, SUE CLEVELAND'S PRINCIPAL, BETH OLIVER WITH PTA OR STEPHANIE COURY WITH TITLE 1 !

The community members are great advocates for our school! Their varied experience and knowledge contributes greatly to the Sue Cleveland SIC.

The SIC works with the school to:

- *Assist in the development of the school's 5-year improvement plan (renewal plan).
- *Assist the school in monitoring and evaluating the plan's implementation and helping to update the plan each year.
- *Write the annual report to the parents.
- *Advise on the use of incentive funds awarded the school.
- *Assist the principal in writing the narrative of the school report card.
- *Provide assistance as directed by the principal.
