## How to enroll in the Teen Parent Program

To enroll in the Teen Parent Program, students must first be enrolled in a Greenville County School. The student and their parent should visit the Guidance Counselor at the home school to obtain the necessary forms for enrollment. Once the packet is complete, the Guidance Counselor will forward the information to Teen Parent. Please call Teen Parent at 355-7300 for more information.

# The Teen Parent Program

The Teen Parent Program is an alternative educational program for pregnant teens in middle or high school (grades 6-12). Students continue their academics while also learning about prenatal health and parenting skills. The teen parent program offers a comfortable environment with a smaller, more personal classroom setting for pregnant teens.

## Special Features of the Teen Parent Program

- Excellent Instruction
- Academic support
- Educational and career planning assistance
- Parenting education
- Group and individual counseling
- Information on social services
- Limited childcare
- Prenatal and infant care information
- Infant occupational therapy
- Early childhood literacy information
