

Dear Parents,

Travelers Rest High School will administer the End-Of-Course-Examination Program (EOCEP) on May 19 and May 26-29, 2015, with make-ups on June 1. The EOCEP is a statewide assessment administered to South Carolina Students in grades six through twelve. All students enrolled in the following courses must take the appropriate tests. Algebra I/IB/Math for the Technologies, Biology I/Applied Biology 2, English I, and United States History and the Constitution. **Each test will count 20 percent of each student's grade in the tested subject.**

To prepare your student for the EOCEP, please make sure they get plenty of rest and arrive on time to school on the day of their test. The tests are not timed, so encourage your student to think through each answer they select.

During the tests, students will not be able to leave until the test is completed, **except in emergencies**. Please review the testing schedule below before setting up appointments which may cause your student to rush or leave the test incomplete.
