

Greenville County Schools Course Registration for 2011-12 School Year

Registration for fall courses in GCS schools will be held March 14-25, 2011. With the first-year implementation of the Power School student database, online registration by parents from home will be limited. Plans are to expand online course registration for all middle and high schools next year.

Beginning March 14, school counselors will meet with students to plan their 2011-12 course schedule. Parents may either review the course schedule through the Parent Portal or meet with their child's guidance counselor.

Parents are encouraged to review the school's course catalog with their child and assist them in selecting appropriate elective courses. Course catalogs can be found on the Greenville County Schools website at <http://www.greenville.k12.sc.us/gcsd/schools/catalogs.asp>.
