Annual salaries shown are for employees with 245 day (12 month) work schedules. For employees on other work schedules, first calculate a daily rate by dividing the salary shown by 245. Then multiply this times the employee's scheduled days.

For working retirees, the rate of pay would be reduced by 5% (or 10% based on benefits election) and the salary schedule name would begin with 5 or 10.

For FY 17, all eligible employees receive a step. Steps have been adjusted so step movement equals a minimum of 5%. Also, a Step 11 has been added to the schedule.
