SCHOOL INFORMATION AND REQUIRED SIGNATURES

SCHOOL: Welcome Elementary School

GREENVILLE COUNTY SCHOOL DISTRICT

SCHOOL RENEWAL PLAN FOR YEARS 2013-2014 through 2017-2018 (five years)

SCHOOL RENEWAL ANNUAL UPDATE FOR 2017-2018 (one year)

Assurances

The school renewal plan, or annual update of the school renewal plan, includes elements required by the Early Childhood Development and Academic Assistance Act of 1993 (Act 135) and the Education Accountability Act of 1998 (EAA) (S.C. Code Ann. §59-18-1300 and §59-139-10 et seq. (Supp. 2004)). The signatures of the chairperson of the board of trustees, the superintendent, the principal, and the chairperson of the school improvement council are affirmation of active participation of key stakeholders and alignment with Act 135 and EAA requirements.

Literacy Specialist	Danica Boster
Media Specialist	Amanda Clay

***REMINDER:** If state or federal grant applications require representation by other stakeholder groups, it is appropriate to include additional stakeholders to meet those requirements and to ensure that the plans are aligned.

ASSURANCES FOR SCHOOL PLAN

(Mandated Component)

Act 135 Assurances

Assurances, checked by the principal, attest that the district complies with all applicable Act 135 requirements.

X **Academic Assistance, PreK-3**

The district makes special efforts to assist children in PreK-3 who demonstrate a need for extra or alternative instructional attention (e.g., after-school homework help centers, individual tutoring, and group remediation).

X **Academic Assistance, Grades 4-12**

The district makes special efforts to assist children in grades 4-12 who demonstrate a need for extra or alternative instructional attention (e.g., after-school homework help centers, individual tutoring, and group remediation).

X **Parent Involvement**

The district encourages and assists parents in becoming more involved in their children's education. Some examples of parent involvement initiatives include making special efforts to meet with parents at times more convenient for them, providing parents with their child's individual test results and an interpretation of the results, providing parents with information on the district's curriculum and assessment program, providing frequent, two way communication between home and school, providing parents an opportunity to participate on decision making groups, designating space in schools for parents to access educational resource materials, including parent involvement expectations as part of the principal's and superintendent's evaluations, and providing parents with information pertaining to expectations held for them by the school system, such as ensuring attendance and punctuality of their children.

X **Staff Development**

The district provides staff development training for teachers and administrators in the teaching techniques and strategies needed to implement the school/district plan for the improvement of student academic performance. The staff development program reflects requirements of Act 135, the EAA, and the National Staff Development Council's revised *Standards for Staff Development*.

X **Technology**

The district integrates technology into professional development,

curriculum development, and classroom instruction to improve teaching and learning.

X Innovation

The district uses innovation funds for innovative activities to improve student learning and accelerate the performance of all students. Provide a good example of the use of innovation funds.

X Collaboration

The district (regardless of the grades served) collaborates with health and human services agencies (e.g., county health departments, social services departments, mental health departments, First Steps, and the family court system).

X Developmental Screening

The district ensures that the young child receives all services necessary for growth and development. Instruments are used to assess physical, social, emotional, linguistic, and cognitive developmental levels. This program normally is appropriate at primary and elementary schools, although screening efforts could take place at any location.

X Half-Day Child Development

The district provides half-day child development programs for **four-year-olds** (some districts fund full-day programs). The programs usually function at primary and elementary schools, although they may be housed at locations with other grade levels or completely separate from schools.

X Developmentally Appropriate Curriculum for PreK–3

The district ensures that the scope and sequence of the curriculum for PreK–3 are appropriate for the maturation levels of students. Instructional practices accommodate individual differences in maturation level and take into account the student's social and cultural context.

X Parenting and Family Literacy

The district provides a four component program that integrates all of the following activities: interactive literacy activities between parents and their children (Interactive Literacy Activities); training for parents regarding how to be the primary teachers for their children and full partners in the education of their children (parenting skills for adults, parent education); parent literacy training that leads to economic self-sufficiency (adult education); and an age-appropriated education to prepare children for success in school and life experiences (early childhood education). Family Literacy is not grade specific, but generally

is most appropriate for parents of children at the primary and elementary school levels and below, and for secondary school students who are parents. Family Literacy program goals are to strengthen parent involvement in the learning process of preschool children ages birth through five years; promote school readiness of preschool children; offer parents special opportunities to improve their literacy skills and education, a chance to recover from dropping out of school; and identify potential developmental delays in preschool children by offering developmental screening.

X Recruitment

The district makes special and intensive efforts to **recruit** and give **priority** to serving those parents or guardians of children, ages birth through five years, who are considered at-risk of school failure. "At-risk children are defined as those whose school readiness is jeopardized by any of, but no limited to, the following personal or family situation(s): Educational level of parent below high school graduation, poverty, limited English proficiency, significant developmental delays, instability or inadequate basic capacity within the home and/or family, poor health (physical, mental, emotional) and/or child abuse and neglect.

X Coordination of Act 135 Initiatives with Other Federal, State, and District Programs

The district ensures as much program effectiveness as possible by developing a district-wide/school-wide coordinated effort among all programs and funding. Act 135 initiatives are coordinated with programs such as Head Start, First Steps, Title I, and programs for students with disabilities.

Introduction

The vision of Welcome is to educate and empower each child to be an independent lifelong learner, and a productive, responsible citizen. This school portfolio is a working document that shows the progress our school has made while working continuously to improve all areas of instruction, learning environment, and parent and community involvement. It also provides our staff with an ongoing means for communication, self-assessment, accountability, and continuous improvement.

This plan is an evolving document that describes Welcome Elementary. It includes evidence of our work, and describes who we are, our vision for our school, goals, plans, achievements, and progress in the context of student demographics and needs. School partnerships are also described. The strategic plan also shows how we build and utilize our overall school plan for the purpose of increasing student academic success- our ultimate goal.

Stakeholders collaborated to create the strategic plan for school improvement. Members of the Leadership Team are central to the success of our self-study process. The role of this team is to provide an organizational plan, and provide guidance in the study process. This committee meets monthly and serves as a body from all instructional areas that serves the school in decision-making processes. All stakeholders, including the staff, PTA, and School Improvement Council have roles and responsibilities. Representatives from these groups serve as valuable resources and provide essential support and input during the self-study process. Due to broad and consistent stakeholder involvement, this document reflects a balance of diverse backgrounds, disciplines, interests, and experience of our school community. Stakeholder input is sought-after and continues to be incorporated into our self-study.

Administrative Team

Responsibilities include meeting weekly to discuss curriculum, instruction, achievement, and school updates.

Member	Position
Donna Ketron	Principal
Andreya Boggs	Assistant Principal
Jennifer Carter Fallon Finley-Swofford	Instructional Coaches
Allison Hardin	Title I Facilitator

Leadership Team

Responsibilities include meeting monthly as a whole group and weekly with grade level teams to discuss instructional planning and curriculum, school goals, data, and any school related topics.

Member	Position
Donna Ketron	Principal
Andreya Boggs	Assistant Principal
Jennifer Carter Fallon Finley-Swofford	Instructional Coaches
Allison Hardin	Title I Facilitator
Lora Fricks	Kindergarten
Ruth Dechant	First Grade
Kayla Day	Second Grade
Haley Stephens	Third Grade
Meredith Wilson	Fourth Grade
Meagan Watts	Fifth Grade
Anna Keith	Team A
Cathy Turner	Team B
Fallon Finley-Swofford	Team C

School Improvement Council

Responsibilities include meeting monthly to discuss goals for student achievement and serving as an advisory board for the school.

Member	Position
Donna Ketron	Principal
Andreya Boggs	Assistant Principal
Jennifer Carter Fallon Finley-Swafford	Instructional Coaches
Allison Hardin	Title I Facilitator
Mary Chappel Heatly	Teacher Representative
Catie Hancock	Teacher Representative

Meagan Watts	Fifth Grade
Anna Keith	Response to Intervention/SPED
Lauren Gullede Catie Hancock	Literacy Mentors
Danica Boster	Literacy Specialist
Amanda Clay	Media Specialist

We hope that you will enjoy this look into Welcome Elementary. It is the story of who we are and how we work together to ensure academic success for children as we prepare them to be productive, responsible citizens.

Executive Summary

In the 2014-15 school year, all schools in South Carolina took a new standardized test, ACT Aspire. The baseline data for Welcome was disappointing. English was the strongest subject for our students, with 46.5% of them scoring Exceeding or Ready. In math, 38.4% of students scored Exceeding or Ready, and in reading and writing only 20.5% and 10.1% scored Exceeding or Ready. In 2015-2016, all schools in South Carolina took a new standardized test, SC Ready. At Welcome all areas are areas of concern. In ELA, 24% of students scored Met or Exceeding Expectations. In math, 29% of students scored Met or Exceeding Expectations. Performance on science and social studies tests stayed consistent with previous years.

Teacher and Administrator Quality Summary

Welcome Elementary strives to increase teacher and administration quality. The teacher retention rate has remained consistent over the past five years. Teacher attendance dropped from 97%, to 93.4% in the 14-15 school year and increased slightly to 98.5% in the 15-16 school year. The percentage of teachers with advanced degrees decreased slightly due to the number of first year teachers that have been hired in the 14-15 school year and increased from 58.8% to 63.5% in the 15-16 school year. The teacher retention rate dropped by 3 percentage points in the 14-15 school year and increased 1.5 percentage points in the 15-16 school year.

School Climate Summary

In 2014-15, the number of parents satisfied with the learning environment dropped slightly. Of our fifth grade students and parents, 91% of students and 84% of parents are satisfied with the learning environment. 93% of our teachers are satisfied with the learning environment. Parents, students, and teachers seem least satisfied with school-home relations. During the 2015-16 school year, an Open Door policy was instituted. Parent volunteer trainings were held, and the number of parent events increased significantly. The percentage of parents satisfied with learning environment decreased to 79.3%, the percentage of teachers satisfied with the learning environment also decreased to 89.1%, and the percentage of students satisfied with the learning environment decreased as well to 90.6%. Parents, students, and teachers continue to be least satisfied with school-home relations. Additionally parent involvement opportunities have been implemented during the 2016-2017 school year.

Challenges

In the past five years, the student enrollment at Welcome has grown from 659 students to 736 students and we continue to have a very transient population. Our building no longer is able to accommodate for the number of students. Since we are over capacity, we have added portables (affectionately referred to as “cottages”). Other challenges include the large number of students in our special education and ESOL populations, as well as students qualifying for subsidized meals. We are working to improve instruction in Math, Language Arts, and Science.

Significant Awards and Accomplishments

Welcome Elementary faculty and staff strive to accelerate our students' academically and socially, as well as enhance their learning environment. They have worked hard to acquire a variety of grants to enrich our students' educational experience, as listed below:

- Childers Award for 1st Year Teaching Excellence, Amy McGreevy 2014-15
- Palmetto Silver Award for General Performance 2012, 2015
- Title I Reward School for Performance, 2012-13
- Safe Schools Award 2012-13
- Energy Conservation Award 2012-13
- Belk Charity Day, 2013, 2014, 2016
- Fresh Fruits and Vegetables Snack Grant 2012-2017
- Gardening For Good Grant, 2016
- National Park Trust's Kids to Parks Grant, March 2016
- Music Club of Greenville Grant, 2016
- Communities in Schools 21st Century Grant
- Bell Grant
- Donors Choose Grants:

School Profile

Welcome Elementary is a Title I school with 743 students in five-year-old Kindergarten through 5th grade. We are ethnically diverse with a student population consisting of 39.4% African American, 18.8% Caucasian, 35.3% Hispanic, about 6% from two or more races, 0.4% Alaskan Native, and 0.1% Asian. 100% of our student population is eligible to participate in the free or reduced lunch program. We serve 123 students identified with learning disabilities and/or receiving speech services, which is 16.5% of our school. We serve 188 students who are considered English Language Learners, which is 25.1% of our school.

Historical Events

Long ago, the area which is now known as Welcome was part of the unexplored foothills in the section of Carolina called "back country." Here the land was marked with tall pines alternating with grassy open spaces. Wild turkeys roamed in plenty, and the cool quiet of the forest was broken only by the soft tread of deer, or the chatter of many small animals. Through the foothills of the up country, ran an eighteen mile ridge. From one side, the water drained off into a river now known as the Reedy. While that on the other side drained off into what we now know as the Saluda. The Indians knew this ridge, and followed it on their journeys northward. The Indian trail along the foothill ridge was learned and used by the first scouts to come into the upcountry. Soon it became worn and marked by travel, until riders and coaches came to depend on it as a highway. One settler, so legend goes, built an inn on this road, and having a white horse of which he was very fond, he named his inn; the *White Horse Inn*. No doubt he rode this white horse many a time up and down this crest, until the passage became known far and wide, as the *White Horse Road*.

In 1909 on the White Horse Road, the population had grown until the need for a school was felt. By this time the community had become known as Welcome, and the school acquired the same name. The building was a two room affair, and served its purpose for only a short time. Some say this first little school burned down. It no longer stands, and pictures of it are yet to be found. In 1946, Welcome was the third largest high school of the Greater Greenville area. The community around the school was beginning to grow and White Horse Road was taking on the aspect of a boulevard. Today our school serves only elementary students from kindergarten through fifth grade. Our building has 72 rooms. These rooms include; classrooms, offices, gym, library, art room, and computer labs.

Community

Facilities

With expansion and renovation, Welcome Elementary School now has 39 regular classrooms and five portables, a regulation-sized gym, art room, music room, science lab, media center, media production room, and computer lab. Inside the office complex is a health room with waiting area, triage, and cots for patients. The cafeteria has two full-service lines and a stage for performances. Welcome Elementary has the following amenities:

- One computer lab
- All classrooms equipped with Promethean Boards
- Media Production Lab for Morning News Program, WETV
- One COW (Computers on Wheels) portable laptop lab to be used by classroom teachers
- Fully-equipped Media Center with mini-lab consisting of 12 desk top student computers, 70-inch portable Promethean Active Board
- Leveled reader book room for teacher access
- Full wireless access throughout the building
- iPads with sync carts located in all classrooms; one iPad per student
- Science Lab with lab tables, sinks, and microscopes
- Art Room with kiln, double sinks, and studio tables and work stools
- Music room with soundproof tile flooring
- State-of-the-art sound system
- Itinerant offices and work rooms for Speech, Social Work, Mental Health counselor
- Full health suite includes waiting area, triage, and cots for patients who need to rest
- All kindergarten through fourth grade classrooms are equipped with restrooms inside each room
- State-of-the-art security system for school safety
- Call buttons from each classroom to contact the office when needed
- Large playground with equipment, track, and basketball court
- Separate playground area for kindergarten students
- Landscaped courtyard and picnic area used for educational purposes
- Parent Resource Room

Parental Involvement

Welcome Elementary recognizes that the educational success of our students is greatly affected by the level of parental involvement in the educational process. Given our community's demographic profile, it is necessary for us to encourage, guide and support parental involvement. Ultimately, we would like

to have a clearly articulated parent school partnership in which parents feel competent and effective in their integral role within our school. We offer numerous opportunities for students' families to actively participate in their child's education. To facilitate this participation, we provide bilingual services whenever possible. Additionally, we regularly hold informational parent meetings on various topics.

In order to keep parents informed of ongoing events at our school, the school provides:

- Welcome Howl: Principal's monthly newsletter
- Weekly teachers' newsletters to parents
- School website
- Individual teachers' websites
- School marquee
- Student/parent handbook
- Title I newsletter
- Events on the district website
- Telephones in classrooms
- E-mail
- Remind 101
- Class Dojo
- Parent Portal
- Phone messenger of special news and events
 - Parent education/input is offered throughout the school year at various times of the day in the following ways: Meet the Teacher
 - Open House – Book Fair
 - Challenge/Special Education/Speech
 - Holiday Program
 - Title I Parent Meetings
 - Sessions with the Title I facilitator and guest speakers on various topics
 - Monster Mash Math Night
 - Family science and writing days
 - Winter wonderland PTA
 - Wendy's nights
 - Literacy Night: Seussapalooza
 - Volunteer appreciation week
 - Parent Conferences
 - Parent resource room
 - Guide to Community Services
 - PTA General Assembly Meetings
 - Open door policy
 - Grandparent's Day
 - Morning with Mom

Welcome Elementary School

- o Dad's Count
- o Volunteer orientation
- o K5 orientation
- o Quarterly awards days
- o After School Care Program available
- o Daddy, Daughter Date Night
- o Communities In School Program
- o Candyland Math Night
- o Gingerbread Fun!
- o Spookly the Pumpkin Literacy Event
- o Mother & Son Shindig

Parents are involved in planning by serving on School Improvement Council, completing surveys, and participating in PTA. Parents assist in a variety of ways, such as fundraising, supporting classroom teachers, working with the media specialist, teachers, and students, chaperoning field trips, helping in the office and in the library, serving on the PTA Board & School Improvement Council, Careers on Wheels, and Field Day.

Business Partnerships

We are extremely proud of our dedicated business partners which include:

- Partners for Public Education (PEP)
- Welcome Baptist Church

- Hawkins Towing
- Yellow Cab
- GCSD Maintenance (Vehicles for Careers on Wheels)

School Personnel Data

Teachers are encouraged to pursue higher education degrees.

Education Level	Number of Teachers
BA and/or BS	20
BA +18	1
Master's	33
Master's + 30	11
PhD	0

Years of Experience	Number of Teachers
0-3	20
4-6	12
7-10	10
11-15	6
16-20	6
21+	11

School Personnel Information: SDE School Report Card

	2009-10	2010-11	2011-12	2012-13	2013-14	2014-2015	2015-2016
Teachers with advanced degrees	51.1	61.9	66.0	63.0	60.8	58.8	63.5%
Continuing contract teachers	86.7	92.9	76.6	65.2	68.6	62.7	67.3%
Teachers returning from previous year	85.4	84.7	85.5	85.8	88.5	85.9	87.4%
Teacher attendance rate	96.9	96.4	95.6	93.6	97.0	93.4	93.5%

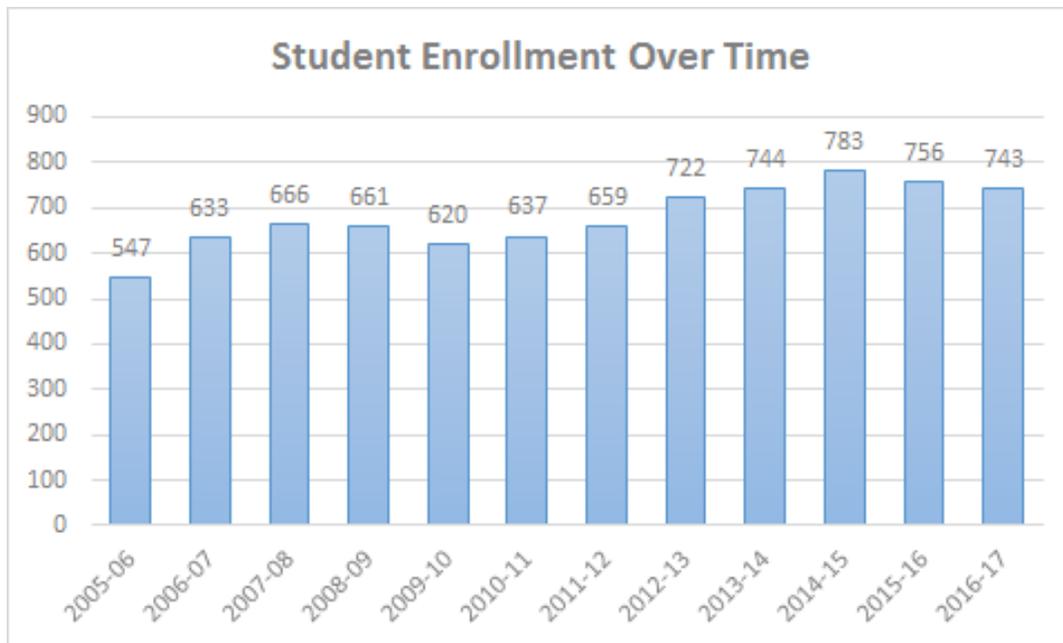

The percentage for each of the following increased in the 2015-2016 school year.

Student Population Data

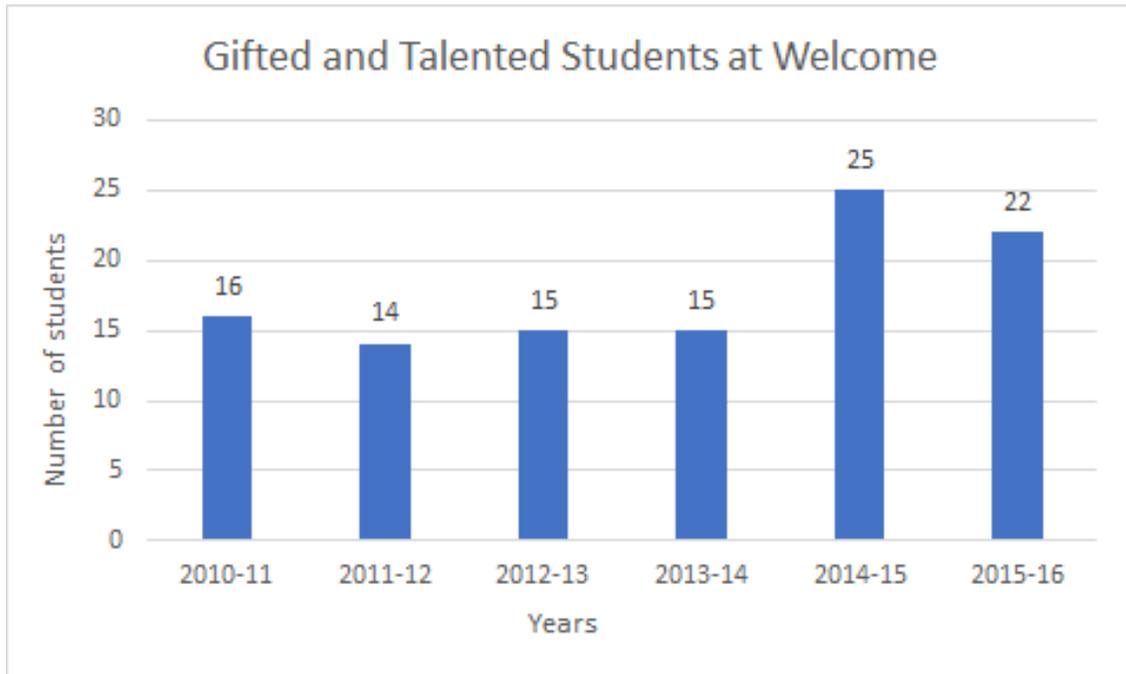

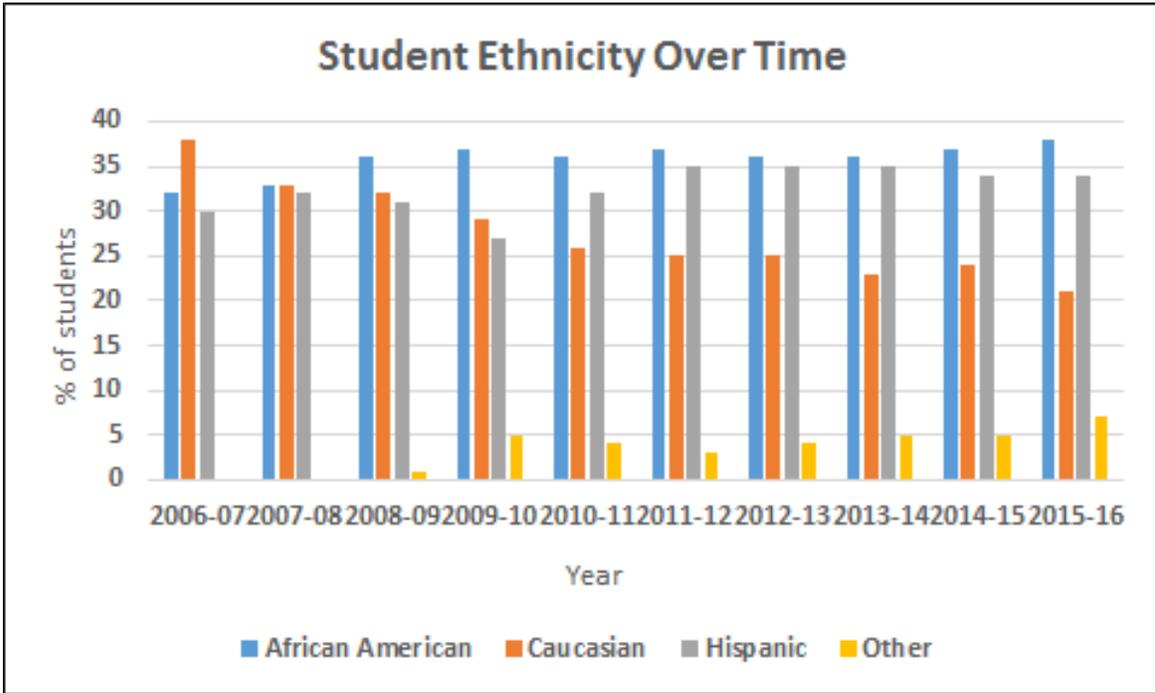

Student attendance is encouraged through monthly, school wide incentives. Welcome students have consistently met or exceeded the district attendance goal of 96%, with the exception of the 2015-2016 school year. The population of Welcome Elementary reflects the ethnic changes in the surrounding community. These changes include an increase in African American and Hispanic students.

	2009-10	2010-11	2011-12	2012-13	2013-14	2014-15	2015-16
Student retention rate	1.1	0.8	0.9	1.0	0.8	1.6	1.7
Student attendance rate	96.1	96.3	96.8	96.5	96.7	96.1	95.6%
Eligible for gifted and talented program	5.5	5.1	N/AV*	2.1	2.9	3.2	2.9

*This information was not available on the SDE School Report Card in 2012.

Student enrollment has increased due to the recent economic downturn, as parents are relocating into the more affordable areas that surround our school. There have also been an increased number of multiple families living in the same household. The downtown revitalization project has redistributed the local population from downtown into the Welcome community. We have seen a slight decrease in enrollment the past two years.

Students are served in Challenge by a certified gifted and talented teacher. The number of students qualifying for services increased this past year.

Programs and Initiatives

South Carolina College and Career Ready Standards

These state standards define the knowledge and skills students should have within their K-12 education careers so they will graduate high school able to succeed in today's workforce and/or academic college courses. Standards include rigorous content and application of knowledge through higher-order thinking skills.

Balanced Literacy

We use the Fountas & Pinnell Benchmark Reading Assessment System to determine Instructional and Independent reading levels. Our teachers use this information, along with Jan Richardson's, The Next Step In Guided Reading to plan small group reading lessons. A Jan Richardson consultant, Debbie Rosenow, spent three days leading Professional Development for all classroom, SPED, and RtI teachers in early October of 2015 and 2016. She provided further training in small group guided reading instruction. In March, Mrs. Rosenow returned to observe and coach teachers' progress. In addition, the school continues to build our leveled book room to assist teachers in creating quality lessons on all students' levels. Title 1 funds were used to purchase over \$60,000 worth of books. We have two literacy mentors, one primary and one secondary. We also have a Literacy Specialist and two instructional coaches to help support teacher in planning and executing quality reading lessons. We are also working on implementing the new Greenville County School District Literacy Framework.

Technology

Our school participated in Google Suite training this year. Teachers received instruction on the use of Google Forms, Docs, Slides, Classroom, and Sites. Teachers are strongly encouraged to use each component of Google Suite. Teachers are expected to create a website and update it regularly. We are a Personalized Learning School and all students have an iPad. We also have a Chromebook Cart that is available for check out. During the 2017-2018 school year each 3-5 grader will be assigned a Chromebook instead of an iPad.

Response to Intervention (RTI)

We have six Interventionists and one Literacy Specialist. Two of the interventionists serve reading, one serves math, and three interventionists serve both reading and math. The Response to Intervention program (RTI) provides students having reading and /or math difficulties with 30 minutes of daily, research-based instruction. Our RTI Reading program serves at least 155 students in kindergarten through fifth grades throughout the year. Students exit the program once the reading goal is attained, and

other students are moved into the groups. Our Math Intervention serves 20 students in K-3rd and 36 students in 4th and 5th grades. The 4th and 5th grade groups rotate every 5-6 weeks depending on math common assessments. Pre and post assessments are given to determine growth.

Communities In Schools

This is a school-based program where staff partner with teachers to identify challenges students face in class or at home and coordinate with community partners to bring outside resources inside schools.

Inclusion

We have four special education teachers and 3 ESOL teachers that use inclusive practices. One of the special education teachers participated in Stetson Training this year, along with a grade level representative for grades 3-5. Classroom teachers work closely with special education and ESOL teachers to engage students' learning. Our inclusion teachers are trained and teach small group reading lessons, work with students on specific skills where students have deficiencies, and work to help teachers create behavior plans to provide for optimal learning for all students.

Breakfast in the Classroom

As a universal free breakfast school, all Welcome students have the opportunity to eat a nutritious breakfast in their classroom each morning. With the assistance of two students from each homeroom, students pick up their cooler and thermal bag and return to their classroom. This program ensures that our students are better prepared for the school day and learning.

PBIS

PBIS (Positive Behavior Interventions and Support) is implemented at Welcome Elementary. The program rewards positive behavior and allows students to reflect on their negative actions and turn it around to have more appropriate behavior. The PBIS leadership team created Paw Tickets to reward individual appropriate action and Pack Paws for whole group good behavior. Teachers write CDRs for inappropriate behavior. This program has been well-received by students and teachers, and students' behaviors are improving with these more positive interactions.

Capturing Kids Hearts

Capturing Kids Hearts is a 3-day off-site learning experience that provides tools for administrators, faculty and staff to build positive, productive, trusting relationships- among themselves and with their students. Staff members learn skills that develop safe, trusting, self-managing classrooms,

improve attendance, decrease delinquent behaviors, and reinforce the role of emotional intelligence in teaching. Several teachers attending this training in the summer of 2014 and all other staff members were trained in June of 2015. The newest staff members received training in the summer of 2016.

Battle of the Books

Welcome students have participated in "Battle of the Books," an annual district-wide reading incentive program since 2010. Interested fourth and fifth grade students read ten preselected South Carolina Children's Book Award nominees and attend weekly practice sessions to qualify for the team representing Welcome at the district competition in March.

Mind Play

We received 21 site licenses from the district this year for Mind Play. It is a reading program that improves reading skills quickly and efficiently. It enables students with diverse skills and instructional needs to read accurately and fluently.

Razkids

Razkids is an online guided reading program with interactive ebooks, downloadable books, and reading quizzes. Students listen to books read aloud, read with vocabulary and pronunciation support, and read without support from the leveled bookroom. Teachers select appropriate reading levels and specific books and track student reading progress. Students practice reading to improve reading comprehension and reading fluency at school and at home with Internet access.

Storia

Storia is an online reading resource with interactive ebooks available on students' guided reading levels. This provides quality fiction and nonfiction text for students to access at school or at home.

StarFall

Starfall is an engaging program that allows students to explore reading and math concepts through stories, games, and other interactive exploration.

Brainpop

Brainpop has engaging learning games, animated movies, and activities that help teach concepts in science, social studies, reading, and math.

Flocabulary

Flocabulary is a library of songs, videos and activities for online learning

across the curriculum.

Virtual Science Lab

Fourth and fifth grade students participate in virtual science lab weekly. This enables learning from high quality, highly engaging science lessons.

CATCH

The CATCH (Coordinated Approach to Child Health) program is a curriculum that promotes the benefits of healthy food choices and physical activity through instruction by the classroom teacher, physical education teacher, and the food service program. It is a district wide health initiative that will hopefully reduce the obesity epidemic that is plaguing our nation's children. In the classroom, students learn about GO, SLOW, and WHOA foods. As part of the CATCH program, school cafeterias are considered an extension of the classroom, where breakfast and lunch become opportunities for children to learn, practice, and adopt healthy eating habits. Welcome Elementary participates in the Culinary Creations program, a food preparation and service training program where they gain valuable skills in nutrition, safety, cost control, production line and setup. Welcome Elementary also receives a federally-funded Fresh Fruits and Vegetables Grant that provides a fresh, healthy snack for all students three times each week.

Reflex

Reflex helps students of all ability levels to develop fluency with their basic facts in addition, subtraction, multiplication and division. Students can access Reflex on the computer or on their iPads.

IXL

IXL is an online program that is designed to improve student understanding, performance, and confidence in math and English language arts. They create differentiated learning environments that generate questions at the right level of rigor for every student and continues to adapt with students as they grow.

USA Test Prep

This is an online program designed to help students practice test skills. It is based on the state standards and teachers can create their own assessments to help prepare students for testing.

1:1 Personalized Learning Plan: Welcome Elementary School

"To be successful, a one-to-one initiative must be approached as a strategic education

initiative enabled by technology; it requires much more than simply providing devices for students and teachers.”

The goals of the 1:1 Personalized Learning Plan for Welcome Elementary School were to provide students with a 21st Century learning environment.

- Goal 1: Give students opportunities to practice rigorous thinking that is required for Common Core
- Goal 2: Provide individual instruction for all students by remediating students who are behind, by moving students on target to higher levels, by keeping high-achieving students motivated and engaged, and meeting the needs of students who have disabilities or language challenges
- Goal 3: Engage learners through project based learning and on-demand access to information
- Goal 4: Develop students who can think critically, create, collaborate, and communicate in order to be successful in school, college and/or career
- Goal 5: Use authentic, real-world assessments with students
- Goal 6: Extend technology access to all students
- Goal 7: Provide support to teachers (training, theory, practice)

“The most valuable thing we can do for our students is to teach them how to think.”

Year 1: 2012/2013

Welcome Elementary School's Fourth Grade team was selected to pilot the 1:1 iPad Initiative for Greenville County Schools. Instructional time was spent differentiating lessons and meeting each student's individual needs using Edmodo groups, screen casting lessons for assessment, stations in the classrooms with leveled app lessons, creating assignments and quizzes in Edmodo, and time to work with the teacher for remediation or acceleration. The ability to assess each student using these tools and plan instruction based on the assessment findings was the most powerful outcomes of the iPad project.

In January 2013, Welcome was notified that all students would receive iPads. Professional development for the entire faculty began in February focusing on the vision of a 1:1 iPad classroom, the goals for their students, and how iPads impact the environment of the classroom. The most successful training experience of the year was the “Field Trip to Fourth Grade Classrooms” during grade level planning. Gradually each grade level was given iPads with intense coaching and support for integrating iPads into the curriculum. By the end of May, all students at Welcome had an iPad to use in the classroom setting.

Year 2: 2013/2014

Beginning in August, teachers set learning goals for their classrooms during PD and discussed the apps they used last year and how they will use the iPads to meet the needs of their students. New teachers were given 2 to 4 hours of PD during the summer to plan lessons using the iPad for content creation. PD for all teachers was offered

monthly during planning times with the Instructional Technology Facilitator. Teachers signed up using a Google Doc for the IT to model lessons in their classrooms using the new apps and best practice strategies. The focus for 2013-2014 has been content creating apps: Book Creator, iMovie for all teachers and 4th-5th grade students, and Explain Everything. Also, the Discovery Education Science Techbook app was purchased for all teachers and students. Extensive training and modeling of Science Techbook has been the focus since December. Students are inserting the images and videos from Science Techbook into Book Creator, iMovie, and Explain Everything. Literacy stations have been enhanced by using HMH app and Raz-Kids website. For Math, students are using the paid app, Splash Math, for differentiated instruction and the website Moby Max. Fourth grade teachers and students are piloting the ActivEngage2 app for self-paced quizzes.

Related Arts teachers are integrating the iPads into their classrooms as students use the iPad to capture images in art, use their fingers to paint over images, record data in PE, create videos in Music and record each other playing instruments and singing. In the Media Center, students are using Destiny Quest and QR codes for research. They are also using the iPads in Computer Lab as they complete web quests and conduct research. Students in grades 2-5 bring their iPads to related arts every day.

Year 3: 2014/2015

At the beginning of the year, all new teachers attended professional development to gain an understanding of how to use the iPads in the classroom and how to effectively plan lessons that incorporate the use of iPads to increase student achievement.

The Instructional Technology Facilitator met with staff on how to use AirServer. AirServer not only allows the teacher to be mobile while teaching with the iPad, but also allows students to share their work and thinking on the Promethean Board via the iPad.

For math, students are using a purchased app called IXL. IXL allows students to practice current concepts, revisit concepts that they may still need to work on and enrich those who are ready to move forward. IXL gives data to the teacher on the individual students and the class as a whole and reports can be emailed to the teacher weekly.

Year 4: 2015/2016

Some staff members including the Title 1 Facilitator attended the district personalized learning training in the summer of 2015. At the beginning of school, teachers received training in the SAMR model to increase student learning and engagement.

Carrie Fesperman, District Title 1 Technology Specialist, works closely with our teachers. She works with groups and individuals in an ongoing manner to develop rich use of iPads and other technology. Ms. Fesperman teaches classroom lessons to model apps and other tools to engage students and increase learning.

Teachers continue to use AirServer. Students continue to use IXL, and the Storia app was purchased and implemented for greater student choice in reading.

Welcome Elementary School

The school began replacing iPads by purchasing 100 iPad2 Airs. These replace numbers 1-100 in the original inventory.

Year 5: 2016/2017

SAMR continues to be a focus for our school since we are in the 5th year of implementation.

Carrie Fesperman, District Title 1 Technology Specialist, works closely with our teachers. She works with groups and individuals in an ongoing manner to develop rich use of iPads and other technology. Ms. Fesperman teaches classroom lessons to model apps and other tools to engage students and increase learning and creation. Teachers continue to use AirServer, numerous site licenses, and creation apps. A mobile Chrome cart is being utilized to help with the transition of 3-5 to Chromebooks next year.

Mission, Vision, and Beliefs

Each year, Welcome Elementary staff revisits the Mission, Vision, and Beliefs, to ensure alignment to the Greenville County Schools goals.

Mission

Welcome Elementary students will learn in a safe, nurturing environment to achieve academic success and become productive citizens.

Vision

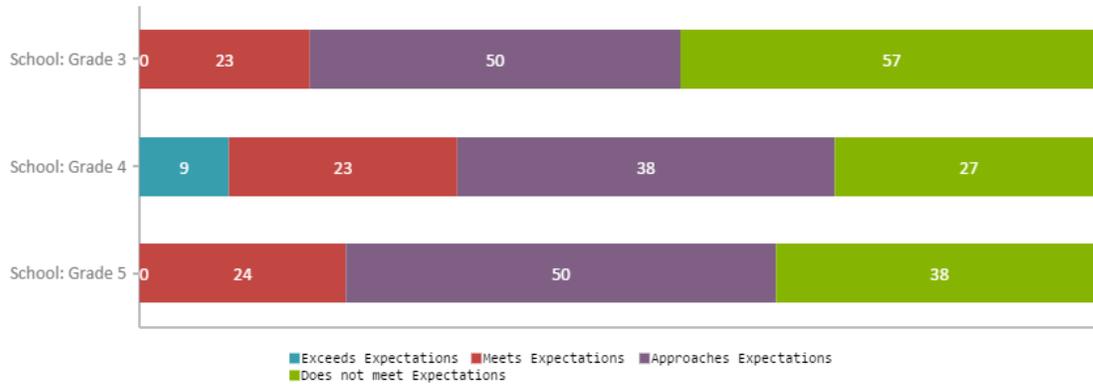

The vision of Welcome Elementary is to educate and empower each child to be an independent lifelong learner, and a productive, responsible citizen. We will achieve this by creating a safe and nurturing environment for all students. Our South Carolina College and Career standards-based curriculum will be progressive, challenging, and rigorous. Instruction will be interactive, providing opportunities that are developmentally appropriate and will integrate technology across all areas of the curriculum.

Beliefs

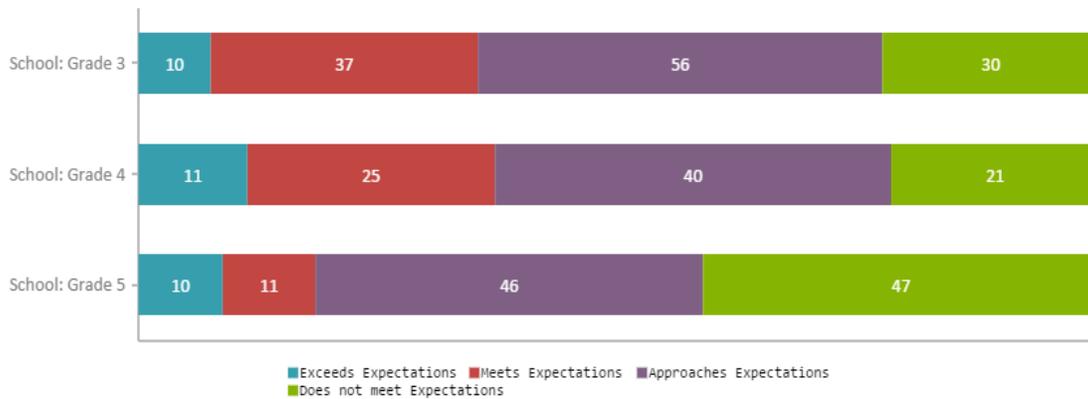

- We believe all students can learn, achieve, and succeed.
- We believe school should provide a physically safe and nurturing environment conducive to learning in which everyone is treated with dignity and respect.
- We believe in providing 1:1 advanced opportunities for the 21st Century learner.
- We believe each child can develop into a self-directed, independent learner and a productive, responsible citizen.
- We believe that curriculum and assessments should be standards-based, rigorous, and integrated.
- We believe instruction should involve best practices, differentiation, and utilize a hands-on, multi-sensory approach.
- We believe education is the shared responsibility of teachers, parents, and the community.
- We believe in promoting a healthy lifestyle through physical activities and a variety of nutritional choices.
- We believe we should be good stewards of the financial resources afforded to our school.

Data Analysis and Needs Assessment

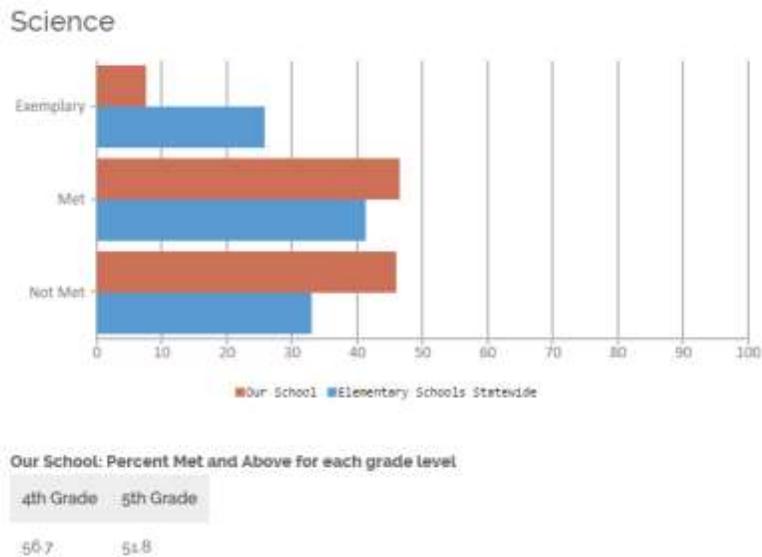

Reading

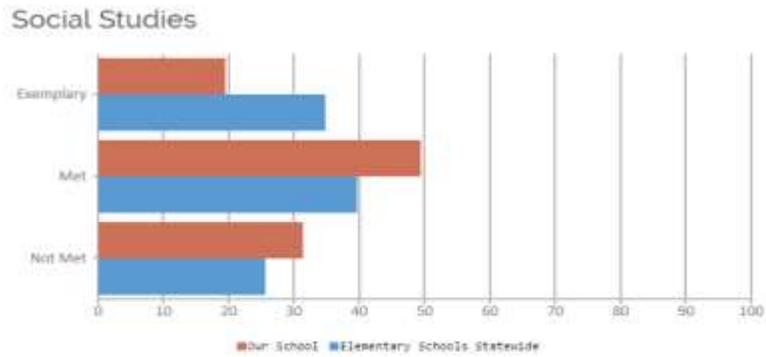

Math

Science

Social Studies

Our School: Percent Met and Above for each grade level

4th Grade	5th Grade
77.3	61.4

Iowa Test of Basic Skills

Iowa Percentile Rank of Average Standard Score: National Student Norms			
	2014	2015	2016
Reading	34	37	34
Math	33	30	30

Second grade students take the Iowa Test of Basic Skills each November. The results of this test are used to determine student gifted and talented eligibility, in conjunction with other state and district criteria. Reading and vocabulary scores increased slightly this year.

Welcome Elementary Professional Development Calendar 2017-2018

The current Welcome PD plan is under development at this time. Welcome will continue to provide professional development that supports Goal 1 of the Greenville County Schools Education Plan: Raise the academic challenge and performance of each student.

Some of the PD offerings will include:

- September and October 2017: Thinking Maps
- August 2017: Kagan Cooperative Learning
- October 2017: Debbie Rosenow Guided Reading (follow up February 2018)
- Year Long: Inclusive practices to increase student learning
- Year Long: Balanced Literacy/New Literacy Framework
- Year Long: Writing instruction
- Year Long: Math instruction and engagement

School Climate Needs Assessment

Percent Satisfied with Learning Environment School Report Card Data							
	2009-10	2010-11	2011-12	2012-13	2013-14	2014-15	2015-16
Teachers	86.2%	77.3%	96.6%	95.1%	91.5%	93.0%	89.1%
Students	93.9%	81.4%	93.9%	82.0%	97.6%	91.0%	90.6%
Parents	89.7%	78.7%	88.6%	90.5%	92.5%	84.0%	79.3%

In 2015-2016, the percentage of students and parents satisfied with the learning environment decreased.

Percent Satisfied with Social and Physical Environment School Report Card Data					
	2011-12	2012-13	2013-14	2014-15	2015-16
Teacher	88.6%	94.0%	94.3%	81%	87.3%
Student	96.9%	88.7%	94.9%	83.0%	90.7%
Parent	93.1%	100.0%	97.8%	93%	73.6%

In 2015-2016 the percentage of students and teachers satisfied with the social and physical environment increased, the parent decreased.

Welcome Student Attendance Rate School Report Card Data	
School Year	Percentage
2009-10	96.1%
2010-11	96.3%
2011-12	96.8%
2012-13	96.5%
2013-14	96.7%
2014-15	96.1%
2015-16	95.6%

Student attendance has stayed fairly consistent over the past six years, not deviating beyond 1.5 percentage points. Welcome has attendance incentives in place for students. The school social worker, Deb Vanderveer, works with parents of students with attendance issues

SC READY ELA
