Introduction

Plain Elementary School Portfolio

The vision of Plain Elementary is "A School Family- Positively Committed to Excellence." The Plain Elementary portfolio documents our plan through the continuous improvement process. The portfolio provides our school community with an ongoing method for self-evaluation, communication, and accountability.

The school continues to demonstrate gains on the South Carolina Report Card. According to the most recent School Report Card, Plain Elementary scored above both the state and district averages in all areas. Plain received the Palmetto Gold Award in 2012-2013 and 2013-2014 for general performance. For the school year 2015-2016, Plain Elementary was award the Palmetto Gold Award for general performance and a Palmetto Silver Award for Closing the Gap. Plain Elementary's State Rating History has been excellent for at least 3 consecutive years.

In the spring of 2024, Plain Elementary, under the direction of the district office for Greenville County Schools and Mrs. Mihalic, Principal, initiated the renewal and development of a strategic education plan for the five-year period 2024-2029. A collaboration of stakeholders, which included teachers, staff, PTA, SIC, parents, and students, were involved in the strategic planning for school improvement and for the self- assessment as a part of the national accreditation process. Plain Elementary has a strong Parent-Teacher Association and a very involved School Improvement Council that supports the goals for our school. These teams work to provide the administration and faculty with the support necessary to achieve positive academic performance for our students. In order to summarize the philosophy of our school culture, our school adopted a quote from Walt Disney. This quote is prominently display in our front hallway and reads, "Whatever we accomplish belongs to our entire group, a tribute to our combined effort."

Planning and analysis of our goals at Plain Elementary is conducted by our instructional team, leadership team, and vertical planning teams that include all teachers. These teams and committees analyze data from standardized tests such as SC Ready, SC PASS for Science, MasteryConnect, ITBS, CogAt, and the classroom common assessments to direct the initiatives and programs that Plain Elementary utilizes to improve and enhance instruction. Collectively, these committees support the learning environment of our school and develop strategies to support student achievement.
