The Lake Forest Elementary School Portfolio Introduction

The self-study process at Lake Forest is an on-going process that continuously reviews our goals, our progress towards meeting standards and goals, and includes involvement of school and community stakeholders. Faculty and staff members, as well as PTA and SIC members participate in the development of the mission, vision, and goals. Through a collaborative effort, we have attempted to include all aspects of our school community in determining our strengths and weaknesses. Discussions are held regularly to update the stakeholders on progress and adjust goals, if necessary.

As always, our first priority is meeting the needs of our students. By maintaining this as our goal, we can address student achievement, social and emotional needs, and community needs of the children enrolled at Lake Forest. The teachers are asked on a consistent basis the needs they have in their classrooms so that materials and supplies may be purchased that will provide necessities for the students as well as enhance the instructional process. Teachers are also asked for feedback about professional development needs to that planning and support for instructional growth can continuously take place throughout the year. The goals of Greenville County Schools and the South Carolina Instructional Standards are the driving forces behind the decisions we make about instruction.

At Lake Forest, we are fortunate to have a strong Parent-Teacher Association as well as School Improvement Council, who, along with our business and community partners, strive to provide the students with basic school necessities as well as, awards and incentives for effort and achievement. These groups work closely with the school faculty and administration to determine what students need and how best to meet these needs. This strong school-community collaboration makes Lake Forest a school working to best meet the needs of the children we serve.

Executive Summary

Summary of the Needs Assessment for Student Achievement

- Based on SC Ready data over the past four years, focus on both Math and ELA instruction remain a top priority.
- While there was an increase in student achievement in both Math and ELA (based on SCReady scores) during the 2021-2022 school year, there was a slight dip in test scores at the end of the 2022-2023 school year. In the 2023-2024 school year our school did not meet our school goal for math, however we did meet our goal in ELA.
- Knowing that primary grades set up students for success in tested grade levels, implementation of Phonemic Awareness and Phonics curriculum are a current focus in K4 through first grades. Heggerty and Reading Horizons are currently being implemented in primary grades K-2.
- A Tiered System of Support for both math (utilizing the Bridges program) and reading (Reading Horizons) intervention are current strategies employed to support students with learning gaps across all grade levels. In addition, we use Amira to progress monitor student's fluency and decoding skills. Amira assess K-2 with 75% phonemic awareness and 25% cold read for comprehension, while in 3-5 the program assess 25% phonics and 75% cold read comprehension skills.
- According to ACCESS data, increasing the effectiveness of Lake Forest's ML Program remains a priority. While there are students exiting the ML Program, the goal is for more students to exit the program by fourth grade. Lake Forest currently utilizes both co-teaching and pull-out models of instruction based on student numbers in grade levels and student Language Proficiency Levels. With continued use of Lexia and utilizing Lexia data to support students, we expect to see an increase in the number of students exiting the program.

Summary of the Needs Assessment for Teacher and Administrator Quality

- While there are a large number of teachers at Lake Forest with more than 15 years of teaching experience, we have a growing number of teachers who have fewer than 5 years of teaching experience.
- As has been the trend for several years, the majority of teachers at Lake Forest hold a Master's Degree or higher.
- Lake Forest has had a low teacher turnover rate (4%), which is much lower than the district's turnover rate. Additionally, we have been able to fill 100% of teaching positions prior to the first day of school.
- The Instructional Leadership Team will continue to provide professional development based on data, observations, teacher feedback, and students' needs, as well as provide mentors for new teachers and experienced teachers who are new to Lake Forest.

Summary of the Needs Assessment for School Climate

- Lake Forest has been seeking to improve communication between parents and school. Currently, all teachers hold fall conferences to discuss student progress with parents. Teachers and staff utilize a variety of methods to communicate with parents, including: email, phone calls, Backpack, Class Dojo, Social Media, Talking Points (best used for our ML students) and paper copies of newsletters and flyers in English and Spanish
- There has been a considerable number of Truancy referrals over the past couple of years, but the number has decreased this school year, as administrators and front office staff have increased conferences and communication with parents whose students have a significant number of absences.
- Lake Forest continues to have a larger number of Pupils in Poverty compared to students who are not Pupils in Poverty receiving referrals (a trend going back many years). In order to minimize behavior referrals, Conscious Discipline staff training continues to be a priority.

Significant Challenges from the Last 3 Years

- The special education population at Lake Forest continues to increase each year. Currently there are 128 students with disabilities enrolled at Lake Forest as of 2/3/2025. There are four self-contained classrooms.
- Lake Forest currently has 210 MLL (Multi-Lingual Learner) students who receive services through our Multi-Lingual Learner Program. This number has increased over the past few years. We have only have 3 full-time MLP teachers this year. This will help us schedule smaller groups and be able to more effectively differentiate based on needs.
- Our Self-Contained Special Education classrooms have had increasingly large numbers over the past few years. Of the four self-contained Special Education teachers, none of them have been teaching in their current setting for more than three years.

School Profile

Lake Forest Elementary March 2025

Lake Forest Elementary is one of 52 elementary schools in the Greenville County School District. Lake Forest is located near Bob Jones University and Wade Hampton Boulevard. The current building opened in the year 2000 and contains classes from four-year-old kindergarten to fifth grade. Lake Forest also has four self-contained special education classes. The current enrollment is 828 as of 2/3/2025. There are currently 3 administrators, 58 instructional staff members, and 39 support staff in the building. Our present staff consists of: a principal, one assistant principal, one administrative assistant, one instructional coach, one literacy specialist, two full-time counselors, a school nurse, a media specialist, a full-time media clerk, 37 classroom teachers, 6 special education teachers, 1 interventionist, 1 full-time speech pathologist, 1 part-time speech pathologist, a part-time Challenge teacher, 3 full-time related arts teachers (art, music, physical education), a literacy lab instructor, 1 STEAM lab teacher, and 3 full-time MLP teachers. One secretary, one full-time attendance clerk and one full-time office clerk. Our support staff includes 13 paraprofessionals. Our cafeteria employs eight workers. A custodial team of five members keeps our school operating effectively. We also house one part-time school psychologist, one mental health counselor, and one part-time behavior interventionist.

The original Lake Forest Elementary was constructed in 1960. The school was named Lake Forest to correspond with a surrounding subdivision. The original building had 22 classrooms and served students in grades 1-6. In the 1969-1970 school year, 6th grade was removed from the school. Kindergarten was added in 1973. The first principal of Lake Forest was Mrs. M.F. Sloan. She was principal from 1960-1967.

In the fall of 2000-2001, when our new facility was completed, Wade Hampton Elementary School was closed and its entire student body was consolidated with Lake Forest Elementary in a new building. Our school has changed size categories, moving from a medium-sized school to a large school. Students assigned to Lake Forest now come from the former Wade Hampton community, the Lake Forest community, and several inner-city areas.

The Community Surrounding Lake Forest Elementary School:

Lake Forest Elementary is located near Bob Jones University and Wade Hampton Boulevard. The area around the school is mostly suburban residential, but also includes numerous apartment complexes. The area near Wade Hampton Boulevard and Bob Jones is commercial with many small businesses, restaurants, and a few larger stores such as Walmart and Publix. The population is very diverse and has changed considerably over the past ten years with an influx of lower income and immigrant families. Housing in the area ranges from rental mobile home parks to luxury homes.

The Lake Forest community straddles the boundary between the City of Greenville and the town of Taylors, SC. The school is located outside of the Greenville City limits and is under Greenville County jurisdiction. Linda Leventis - Wells is currently the School Board representative for our area and is an active member of the school board. Jason Elliott is the current area representative for the State House of Representatives.

Numerous businesses and churches surround the school. Many of these establishments work as partners with the school. Edwards Road Baptist Church conducts an after-school program many Tuesdays called The Good News Club. The Mosaic Program housed at Aldersgate United Methodist Church offers a low-cost Hispanic after school program as part of their Hispanic ministry. Businesses in the area work alongside the school as partners, for example: Marco's Pizza, Chick-Fil-A, and Taylors Roller Sports. We also have begun a program called Real Men Read when male community members read to classes across the school monthly.

**Based on enrollment on February 3, 2025.*

There are 4 self-contained special education classes, 1 full time resource teacher, and 2 speech teachers at Lake Forest. The following table reflects the number of students who are enrolled in special education.

Classification of Disabled Population 2024-2025

Autism	14
Developmental Delay	21
Emotional Disability	2
Multiple Disabilities	4
Other Health Impairment	15
Specific Learning Disability	49
Speech or Language Impairment	23

The speech number is for students that receive speech only. Several students receive speech services that are not included in the speech number. These students are identified in more than one disability area.

In addition, 56 students at Lake Forest qualify for the Gifted and Talented program (6.8% of the student population).

Lake Forest has a diverse population. From the figures in the chart below, we see that the percentage of all ethnic groups has relatively stayed the same over the past four years.

Lake Forest has seen a shift in the economic status of its student population over many years. However, for the past four years, the economic status of its student population has shifted only slightly, with the past two years being relatively the same.

The table below illustrates the English proficiency of the students in this school. Lake Forest has always recognized the special needs of ML students. Examples of additional support that has been provided for ML students in past years include: offering before school Lexia Lab to work on computer-based programming, teaming the students with tutors, placing students in classrooms with ESOL certified teachers, and placing students in classrooms with other students who speak the same language. Additionally, we offer both co-teaching and pull-out instruction as service models for ML students. Lake Forest currently employs two full-time and one part-time MLP (Multilingual Program) teachers.

Student Clubs at Lake Forest: In 2019-2020, we started student clubs at Lake Forest. All students are able to participate. Our K5 and 1st grade students participate in an enrichment activity in their rooms. Grades 2-5 switch classes and go to their club. Students in grades 2/3 and 4/5 are in clubs together. Clubs take place on the fourth Friday of each month for 45 minutes. These are just a few of the clubs that we offer: Lego, architecture, cooking, arts and crafts, soccer, sports, run, cheerleading, ballet, board games, and puzzles.

Mission, Vision, and Beliefs

Lake Forest faculty, administrators, parents, students, and support staff drafted the following vision, mission and beliefs:

Vision: The vision of Lake Forest Elementary School is to empower students to learn, grow, lead, and succeed.

Mission: The mission of Lake Forest Elementary School is to provide a nurturing, student-centered learning environment where students are empowered to learn about the world, persevere through challenges, and develop positive character traits.

Beliefs about Curriculum, Instruction, and Assessment

- Education is a responsibility that involves home, school, and community.
- Students deserve to learn in a safe, caring school environment.
- Academic growth and social-emotional learning is essential to the development of the whole child.
- Every person deserves to be valued and treated with respect.
- It is important to help students develop positive character traits.
- Students should be encouraged to take risks and have opportunities to be creative.
- Students should be equipped with skills to become a responsible digital learner

School Core Beliefs:

- Education is a responsibility that involves the home, school and community.
- Students deserve to learn in a safe and caring school environment.

Data Analysis and Needs Assessment

Student Achievement Needs Assessment

The following graphs reflect the results of standardized testing at Lake Forest. ELA test scores for the entire student body are illustrated in the first graph. The remaining graphs show results for each grade level. Grade level data was found at <https://ed.sc.gov/data/test-scores/>. All student data can be found at <https://screportcards.com>. Science data was taken directly from the state report card site.

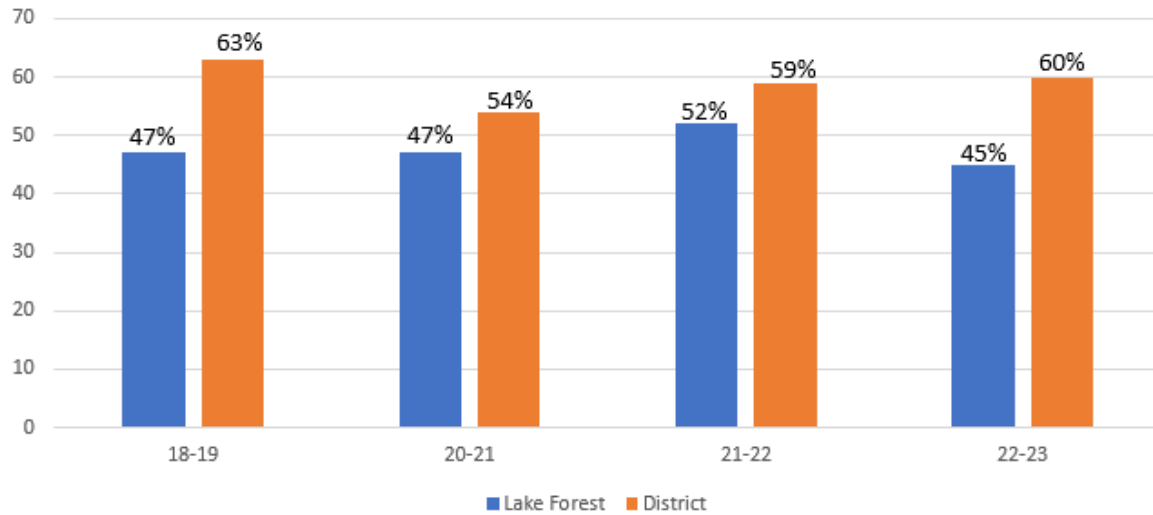

Plans for Addressing ELA Growth Areas

- Utilizing the GCS Elementary Curriculum Platform to plan targeted, rigorous Tier 1 instruction with the support of the IC
- Morning Lexia Lab for Lexia English Users
- Utilizing Reading Horizons for whole group phonics instruction in K-1, SPED, and RTI
- Monthly unit planning to strengthen whole group instruction
- Using F&P Guided Reading kits for targeted small group instruction
- Weekly PLTs to analyze common assessments and identify small group and whole group instructional needs
- Continued support of Academic Specialists (with IC/ILT collaboration) to support individual teachers and grade levels based on needs

Plans for Addressing Math Growth Areas

- Utilizing the GCS Elementary Curriculum Platform to plan targeted, rigorous Tier 1 instruction with the support of the IC
- Monthly unit planning to strengthen whole group instruction
- Use Dreambox (K-5th) and IXL
- Dreambox Morning Lab and targeted support for classrooms that were identified with students with low proficiency in math.
- Teachers to attend district math PDs
- Weekly PLTs to analyze common assessments and identify small group and whole group instructional needs
- Continued support of Academic Specialists (with IC/ILT collaboration) to support individual teachers and grade levels based on needs

The table below outlines the schedule of collaborative meetings that occur throughout the school year.

Title	Description	Frequency	Time	Group
Committee Meetings	Mini PDs and events are planned based on teacher needs as they arrive through horizontal and vertical collaboration	Once monthly (as needed)	3:00- 4:00	All Teachers
Guiding Coalition Meetings	Members of the Leadership Team discuss current data and school-wide trends, goals, and initiatives to strengthen PLC structures	Once monthly	3:00- 4:00	Team Leaders
Faculty Meetings	Information shared from Administration, Team Leads, and/or a mini PD to take back to share with the entire grade level	Once monthly	3:00- 4:00	All Teachers
Professional Development	Professional Development sessions provided that align with school goals, teacher feedback, and student needs	Once monthly	3:00- 4:00	All Teachers
Professional Learning Team Meetings	Team planning focuses on creating standards- based instructional units utilizing district planning materials, unit pacing guides, and data. Teams discuss and develop strategies for instruction and common formative/summative assessments.	Weekly	Common Planning Time	All Teachers

Information about meetings not included in the chart above.

Meeting Schedule

- Instructional Leadership Team – weekly
- SIC- monthly (schedule decided upon and communicated at the beginning of each school year)
- PTA Board – monthly (schedule decided upon and communicated at the beginning of each school year)

Committee Reporting

- Guiding Coalition- Minutes reported to all faculty/staff during grade level meetings. Minutes are emailed after the monthly meeting.
- SIC-Minutes distributed to members electronically and in person; available upon request
- PTA Board-Minutes distributed to members; available upon request.
- Grade Level Professional Learning Team Meetings- Agendas are saved on Google Drive each week.
- Committee Team Meetings- Minutes are saved on Google Drive each month.

School Climate Needs Assessment

Student Behavior Data

There were a total number of 37 student suspended equaling 140 total suspensions resulting in OSS in the 2023-2024 school year (by April 18, 2024).

School Year	Total Suspensions on Record at LFES
2021- 2022	147
2022-2023	208
2023-2024*	140

The Lake Forest suspensions for 2021-2022 through 2023-2024 were examined by student subgroups. The table below reflect the total number of suspensions disaggregated by grade level.

Year	Kindergarten (4/5)	Grade 1	Grade 2	Grade 3	Grade 4	Grade 5
2021-2022	4	6	16	49	41	31
2022-2023	23	20	15	26	53	71
2023-2024*	21	1	20	55	18	25

Student suspensions were also disaggregated by gender and ethnicity. These figures are reflected in the following table. The data below contains students receiving any referral.

Year	White Male	Black Male	Mixed Male	Hispanic Male	Asian Male	White Female	Black Female	Mixed Female	Hispanic Female	Asian Female
2021-2022	45	67	22	52	4	58	61	14	39	6
2022-2023	56	74	20	70	2	62	67	24	41	9
2023-2024*	52	50	15	56	6	37	44	13	42	6

From the preceding table, one may conclude that 54% of the students who were suspended were male in the 2023-2024 school year. Student referrals were further disaggregated by meal status. The following table reflects these figures.

Year	Pupils in Poverty (PIP)	Non-PIP
2021- 2022	316 (85%)	56 (15%)
2022-2023	339 (79%)	90 (21%)
2023-2024*	257 (79%)	67 (21%)

The figures in the table above indicate that each year the total referrals involving Pupils in Poverty outweigh those students that are not Pupils in Poverty. Pupils in Poverty made up 66% of the student population in 2023-2024.

Attendance, Absenteeism, and Truancy

Attendance and truancy have been an ongoing issue at Lake Forest over the past few years. The attendance rate has remained relatively the same over the past three years. An increased emphasis on communication between home and school has been a priority for administrators this school year. Below is our average attendance rate over the past three years.

Year	Attendance Rate	Student-Days	Absences	Unexcused
2021- 2022	93.09%	121,133	8,168	3,571
2022- 2023	92.36%	127,060	9,257	3,791

Parent/Teacher Conferences

Each year, teachers hold fall conferences for all students in their classes. It is the expectation that all parents receive communication about students' academic progress and overall school performance. During these conferences, parents and teachers discuss goals for students, as well as ways the school and parents can support students. These conferences can either be held in person, by phone, or through Google Meet. If parents are unable to attend a conference, information is sent home for parents.

Promote school readiness activities in public, private, and faith-based preschool programs through GCS web-based resources and CDC training opportunities. b. Promote school readiness activities with parents and community through GCCS web-based resources. c. Maintain the increased classroom enrollment sizes of 23 students per 4K classroom instead of 20, which was approved by the SCDE in 2016. By adding three students to each class, GCS has been able to increase the number of at-risk students served by 15% annually without any additional	2024-2025	• Director of Early Intervention and Student Support	-	-	Waiver

funding (the equivalent of adding 11 classrooms) or requirement for facilities. Adding this very small number of students has not impacted program quality or instructional implementation, as evidenced by KRA readiness data. Each 4K class includes one early childhood certified teacher and one instructional aide, both of whom receive annual training specific to high quality early childhood programming. The increase of classroom size from 20 to 23 is well under the SDE 5K maximum class size of 30 and is lower than the GCS maximum 5K class size of 26. In addition, the SC Child Care Licensing Standards have an even higher staffing ratio of one adult for 17 children.					
Action Plan for Strategy #3: Ensure ELA curriculum design meets the needs of all students, with differentiated support for remediation, acceleration, and personalization while maintaining the expectation of grade level mastery.					
1. Monitor data to ensure a guaranteed and viable curriculum (pacing, content, resources and strategies, etc.).	2024-2029	• Administrators, Instructional Coach, Literacy Specialist, Academic Specialists	\$0	-
