Introduction

A new Action Plan has been written to be implemented from 2019-2023. The process began in April 2018 with an overview presented to the faculty, staff, PTA, and SIC. Groups were formed with representation from our various stakeholders. These groups reviewed the survey data collected from parents, students, and our faculty and staff. State survey results included on the school's report card and results from the survey given as part of our self-assessment were used to identify strengths and areas for improvement for our total school program. Student data from standardized tests was critiqued to develop student achievement goals that are specific, measurable, attainable, results-oriented, and time-bound. Stakeholders that served on the standards teams and the portfolio teams are:

Self-Assessment: Standard 1 – Purpose and Direction
Portfolio: Mission, Vision, Beliefs

School Profile

Rudolph Gordon School welcomed students for the first time in August of 2008. Parents, students, and community leaders joined together with the school faculty and staff to create a learning environment where family values are respected, diversity is celebrated, teamwork is modeled, and academic success for every student is expected.

The two-story facility honors Dr. Rudolph Gordon, who retired in 2000 as District Superintendent of Greenville County Schools. In 2005, the Greenville County School Board voted unanimously to name the new school in his honor, acknowledging his accomplishments and leadership in education and community. The school media center is named in memory of his wife, Corrine Smith Gordon, to honor her many years of dedication to the students in Greenville County as a school media specialist.

The school currently serves one thousand, sixty-three students with capacity for one thousand, six hundred. Features of the building include a science lab, computer lab, classrooms for art and music instruction, a multi-purpose room designed for a variety of physical education activities, and a state-of-the-art media center. Each classroom is equipped with a Promethean board, and Rudolph Gordon Elementary is one-to-one Chromebook for students in grades three through eight. Additionally, the primary cafetorium seats 300 for lunch and the secondary cafeteria seats 300. The conversion of Rudolph Gordon to a K-8 school opened in August 2018. The new building houses grades five through eight. Fifth and sixth grade students opened the middle school with an additional grade being added each forthcoming year. Rudolph Gordon School is built to support project based learning, which includes collaboration, technology and hands-on learning in innovation labs. Classroom instruction includes integration of curriculum and STEAM (Science, Technology, Engineering, Arts and Mathematics) activities.

School security is an ongoing focus for Rudolph Gordon School. An emergency response plan is in place, which includes background checks for all school visitors. The staff and students routinely participate in practice drills to determine the strengths and needs of the school. Students are taught the “Ignore the Door” policy developed by Greenville County School District.

The student population at Rudolph Gordon Elementary is culturally diverse with six home languages represented. Enrollment figures show the following ethnic distribution of students:

Student Groups	Total School Enrollment 1122 (B 573/G 549)	Percentage
Caucasian	869 (447/422)	78%
African American	121 (57/64)	11%
Hispanic	60 (33/27)	5.3%
Two or More Races	42 (24/18)	3.7%
Other / Asian	0	0%
Poverty Index		31.1%

The poverty index, related to the number of students qualifying for free or reduced price meals, is 31.1%. Approximately 15.2% of the students qualify for assistance through the special education department, and 26.9 percent of students qualify for the gifted and talented program in grades 3, 4, and 5. The average daily attendance for Rudolph Gordon Elementary is 96.5%. The retention rate of students is less than 1% annually. Students are heterogeneously grouped for instruction, with students spending the majority of the day with their classroom teacher. The ratio of teachers to students is 1 to 22.2.

The school leadership team consist of one principal and two assistant principals that support 53 classroom teachers who instruct students based on the following distribution: 25 students in kindergarten classes, approximately 21 students in first and second grade classes, an average of 23 in third grade classes, and 26 or more in fourth through eighth grade classes. Additionally, there are support teachers that teach art, music, physical education, speech, challenge, and resource. A bilingual teacher works with students on a weekly basis. An instructional coach assists teachers in planning and implementing effective lessons, a part-time literacy coach supports classroom teachers in literacy instruction, as well as provide reading intervention to identified students through RTI, along with the part-time reading interventionist. Two school counselors conduct classroom lessons, implementing character education, as well as provide a variety of counseling services for our students. Other support personnel include a secretary, three office clerks, nurse, cafeteria manager, plant engineer, media clerk, and six kindergarten-teaching assistants. Additionally, we have three special education support assistants that work with identified students. The following percentages further describes the teaching staff of Rudolph Gordon School: 70.2% have advanced degrees, 95% are on continuing contract and the average teacher attendance rate is 91.3%.

Members of the faculty council have an equal voice in decision-making. Council members often initiate topics for discussion and disseminate information from the principal. When making decisions, a consensus is reached with the understanding that the outcome is in the best interest of our school.

Committees play a major role in the decision making process. They work collaboratively to move the school toward accomplishing goals outlined in the strategic plan. Ongoing and ad-hoc committees that have specific roles form the leadership structure. Committees share recommendations with the faculty and staff for discussion. By incorporating everyone in the shared decision making process, commitment is heightened to achieve the schools mission, vision, and goals.

Professional Learning Communities (PLCs) are utilized to increase dialogue among grade levels. Teachers use data from many sources to inform and plan instruction. The commitment from our PLCs to improve the teaching and learning environment is evident in the increases in student achievement scores on monthly common assessments and yearly state testing.

The PTA works with the faculty and staff to enhance the home-school relationship to positively affect the education of all students. Officers are responsible for presenting a yearly budget to the PTA members for approval. The budget is created to support school improvement plans. PTA initiatives include fundraisers, family school events, membership drives, student encouragement for academic achievement, operation of a school store, and festivals. The PTA sponsors a volunteer program that provides teachers with valuable resources that include the following: SEEDS reading program, Book Buddies program, laminating, incentives for academic achievement, and school beautification projects. Over 20,000 volunteer hours are reported annually. The PTA has a Facebook page, which announces upcoming events and serves to announce specific school volunteer needs. PTA board meetings are held monthly, and school-wide PTA meetings are scheduled four times a year

The School Improvement Council is an advisory committee to the school's principal. Members assist in the preparation of the school's strategic plan, participate in monitoring and evaluating annual initiatives, help write the narrative for the state Report Card, work with the principal to prepare the annual report to the community, and advise the leadership team on the spending of state, district, and local funds. The council is composed of parents, teachers, and community members. Meetings are held monthly.

Rudolph Gordon's PTA and SIC have been very instrumental in establishing our partnerships. Local businesses contribute incentives, provide monetary rewards, and sponsor grants for our teachers.

Rudolph Gordon School offers many opportunities for student participation and recognition. Outstanding character is recognized through the guidance department. Academic achievement and perfect attendance are rewarded with ribbons, certificates, and incentives provided by business partners and the PTA. Students' creative abilities are showcased through the school writing wall, school newsletters, and community newspapers and publications. In addition, Rudolph Gordon offers a very strong fine arts program. Talent is showcased in local, county, and state art competitions and county and state choral performances.

Effective discipline is an integral part of a successful school program. Parents and students receive a school handbook, which includes the district's code of conduct and Rudolph Gordon Elementary School policies, procedures, and regulations. Teachers also send home their individual classroom discipline plans and procedures. Students are encouraged and expected to maintain appropriate behavior at all times.

Our academic curriculum is developed in alignment with state and district academic standards to meet the diverse needs of our students. All teachers develop a syllabus outlining student expectations, classroom rules and procedures, and academic standards. The Fountas and Pinnell balanced literacy model is used for language arts instruction, Everyday Counts Math strategies are incorporated into lessons, and writing and technology are integrated in all subject areas. Other strategies used to enhance academic instruction include Accelerated Reader, IXL Math, science kits, small group guided reading instruction, and weekly hands-on science instruction in a lab setting to support and enrich classroom science lessons. Computer-assisted instruction, based on state standards, is incorporated into the teaching and learning environment.

Teachers receive on-going training for school initiatives, and Professional Learning Communities are utilized to increase dialogue among faculty members in order to enhance student learning. Our faculty participated in STEAM training provided by our district academic science specialist through Clemson University and will continue with ongoing training. In addition, Rudolph Gordon has a teacher lead Discovery Leadership team that provides on-going staff training through Discovery Education.

Mission, Vision, Beliefs

MISSION

The mission of Rudolph Gordon School, in cooperation with home and community, is to prepare children to become lifelong learners and responsible, productive citizens by creating meaningful learning experiences in a safe, nurturing environment.

BELIEFS

We believe:

1. All children can learn.
2. All children should be given learning opportunities to meet their unique needs, gifts, and learning styles in order to reach their full potential.
3. Education is a shared responsibility involving students, teachers and staff, parents, and community members.
4. School should be a safe and nurturing environment where the cultures and customs of families are respected.
5. Educational experiences should encourage students to learn to communicate effectively, solve problems competently, think critically and creatively, and act responsibly.

School Climate Needs Assessment

School Climate Survey

Teachers along with the highest grade represented by students and parents are surveyed annually as part of the overall effort to provide more valid, reliable, and comprehensive information regarding the school environment. School climate is recognized as a significant factor related to student achievement. Detailed data on the status of client perceptions of climate are critical additions to the available information used by schools to determine appropriate ways to assure a safe, orderly, and supportive environment for learning and the continued improvement of student achievement. Survey responses are recorded in the chart.

Below are the 2018 survey results from teachers, students and parents.
