GREENVILLE COUNTY SCHOOL DISTRICT

SCHOOL RENEWAL PLAN FOR YEARS 2013-2014 through 2017-2018 (five years)

SCHOOL RENEWAL ANNUAL UPDATE FOR 2017-2018 (one year)

Assurances

The school renewal plan, or annual update of the school renewal plan, includes elements required by the Early Childhood Development and Academic Assistance Act of 1993 (Act 135) and the Education Accountability Act of 1998 (EAA) (S.C. Code Ann. §59-18-1300 and §59-139-10 *et seq.* (Supp. 2004)). The signatures of the chairperson of the board of trustees, the superintendent, the principal, and the chairperson of the school improvement council are affirmation of active participation of key stakeholders and alignment with Act 135 and EAA requirements.

STAKEHOLDER INVOLVEMENT FOR SCHOOL PLAN

(Mandated Component)

List the name of persons who were involved in the development of the school renewal plan. A participant for each numbered category is required.

<u>POSITION</u>	<u>NAME</u>
1. PRINCIPAL	JF Lucas
2. TEACHER	Terri Phillips
3. PARENT/GUARDIAN	Anita Hinson
4. COMMUNITY MEMBER	Matt Atnip
5. SCHOOL IMPROVEMENT COUNCIL	Mark Christopher
6. Read to Succeed Reading Coach	Christine Thomas
7. School Read to Succeed Literacy Leadership Team Lead	Michelle Michael
8. OTHERS* (May include school board members, administrators, School Improvement Council members, students, PTO members, agency representatives, university partners, etc.)	

** Must include the School Read to Succeed Literacy Leadership Team.

<u>POSITION</u>	<u>NAME</u>
Department Head, Greenville Technical College	Kelvin Byrd
Guidance Counselor	Gwen Worthington
Michelin	Christina Williams
Student	Collin Willson
Teacher	Beth Walker

***REMINDER:** If state or federal grant applications require representation by other stakeholder groups, it is appropriate to include additional stakeholders to meet those requirements and to ensure that the plans are aligned.

ASSURANCES FOR SCHOOL PLAN

(Mandated Component)

Act 135 Assurances

Assurances, checked by the principal, attest that the district complies with all applicable Act 135 requirements.

_____ **Academic Assistance, PreK–3**

The district makes special efforts to assist children in PreK–3 who demonstrate a need for extra or alternative instructional attention (e.g., after-school homework help centers, individual tutoring, and group remediation).

 X **Academic Assistance, Grades 4–12**

The district makes special efforts to assist children in grades 4–12 who demonstrate a need for extra or alternative instructional attention (e.g., after-school homework help centers, individual tutoring, and group remediation).

 X **Parent Involvement**

The district encourages and assists parents in becoming more involved in their children’s education. Some examples of parent involvement initiatives include making special efforts to meet with parents at times more convenient for them, providing parents with their child’s individual test results and an interpretation of the results, providing parents with information on the district’s curriculum and assessment program, providing frequent, two way communication between home and school, providing parents an opportunity to participate on decision making groups, designating space in schools for parents to access educational resource materials, including parent involvement expectations as part of the principal’s and superintendent’s evaluations, and providing parents with information pertaining to expectations held for them by the school system, such as ensuring attendance and punctuality of their children.

 X **Staff Development**

The district provides staff development training for teachers and administrators in the teaching techniques and strategies needed to implement the school/district plan for the improvement of student academic performance. The staff development program reflects requirements of Act 135, the EAA, and the National Staff Development Council’s revised *Standards for Staff Development*.

 X **Technology**

The district integrates technology into professional development, curriculum development, and classroom instruction to improve teaching and learning.

 X **Innovation**

The district uses innovation funds for innovative activities to improve student learning and accelerate the performance of all students. Provide a good example of the use of innovation funds.

X Collaboration

The district (regardless of the grades served) collaborates with health and human services agencies (e.g., county health departments, social services departments, mental health departments, First Steps, and the family court system).

Developmental Screening

The district ensures that the young child receives all services necessary for growth and development. Instruments are used to assess physical, social, emotional, linguistic, and cognitive developmental levels. This program normally is appropriate at primary and elementary schools, although screening efforts could take place at any location.

Half-Day Child Development

The district provides half-day child development programs for **four-year-olds** (some districts fund full-day programs). The programs usually function at primary and elementary schools, although they may be housed at locations with other grade levels or completely separate from schools.

Developmentally Appropriate Curriculum for PreK–3

The district ensures that the scope and sequence of the curriculum for PreK–3 are appropriate for the maturation levels of students. Instructional practices accommodate individual differences in maturation level and take into account the student's social and cultural context.

Parenting and Family Literacy

The district provides a four component program that integrates all of the following activities: interactive literacy activities between parents and their children (Interactive Literacy Activities); training for parents regarding how to be the primary teachers for their children and full partners in the education of their children (parenting skills for adults, parent education); parent literacy training that leads to economic self-sufficiency (adult education); and an age-appropriated education to prepare children for success in school and life experiences (early childhood education). Family Literacy is not grade specific, but generally is most appropriate for parents of children at the primary and elementary school levels and below, and for secondary school students who are parents. Family Literacy program goals are to strengthen parent involvement in the learning process of preschool children ages birth through five years; promote school readiness of preschool children; offer parents special opportunities to improve their literacy skills and education, a chance to recover from dropping out of school; and identify potential developmental delays in preschool children by offering developmental screening.

Recruitment

The district makes special and intensive efforts to **recruit** and give **priority** to serving those parents or guardians of children, ages birth through five years, who are considered at-risk of school failure. “At-risk children are defined as those whose school readiness is jeopardized by any of, but no limited to, the following personal or family situation(s): Educational level of parent below high school graduation, poverty, limited English proficiency, significant developmental delays, instability or inadequate basic capacity within the home and/or family, poor health (physical, mental, emotional) and/or child abuse and neglect.

Coordination of Act 135 Initiatives with Other Federal, State, and District Programs

The district ensures as much program effectiveness as possible by developing a district-wide/school-wide coordinated effort among all programs and funding. Act 135 initiatives are coordinated with programs such as Head Start, First Steps, Title I, and programs for students with disabilities.

INTRODUCTION

The strategic planning process of identifying the challenges and achievements of Golden Strip Career Center (GSCC) encompassed the efforts of the faculty, staff, community, parents, students, businesses, and educational partners. Different parts of this self-study were assigned to designated teams for completion. Golden Strip Career Center already has the faculty and staff divided into committees. Each committee worked with a specific section of the action plan. The committees submitted rough drafts to the leadership team and, after revisions by everyone involved, the study was finalized. The School Improvement Council (SIC), consisting of parents, students, teachers, business partners, and educational partners, lent its support and advice to the school improvement plan with monthly meetings focused on guiding the school's improvement efforts.

EXECUTIVE SUMMARY

- Students are evaluated at GSCC using various assessments such as semester exams and end-of-course (EOC) exams, as well as state and national certification exams. The data gathered from these assessments is used by school personnel to monitor and adjust curriculum, instruction, and assessment. School personnel collaborate on a regular basis with instructors at other career centers and Greenville Technical College instructors to ensure vertical and horizontal alignment with career center programs. Students have the opportunity to acclimate themselves to the world of employment through authentic experiences such as job shadowing, cooperative learning, field trips, and other work-based learning opportunities.
- Systems are in place to evaluate the performance of administrators, faculty, and staff at the center. The tool used for administrator assessment is the PAS-A instrument and the teacher/parent/student surveys. Assessment tools for teachers are the PAS-T instrument and informal evaluations. Administrators, career specialists, and academic specialists are available to assist teachers with professional development and instructional support. Improvement plans can be implemented on a teacher and/or program basis if needed.
- Support for student performance and school effectiveness is promoted by school leadership. The school leadership team meets weekly to address the needs of the school. All stakeholders are involved in the decision-making process to varying degrees through the School Improvement Council (SIC) which consists of students, teachers, parents, business partners, educational partners, and the community. Everyone involved works toward continuous improvement to achieve the school's vision.
- Our challenges for the past three years have been increasing our enrollment, adding new courses, and working with limited classroom and laboratory space. We believe that expanding our facility holds the solution for many of our challenges. A five year plan was submitted to the school district that addresses this issue. With additional space, we can offer more courses and thereby attract more students to our career center.

Accomplishments

- For the previous three years in which schools were rated for state accountability, our center has earned an excellent absolute rating on our annual report card.
- Sixty percent of our students are members of the career and technology student organization (CTSO) associated with their career area—22 students are members of FCCLA (Family, Career and Community Leaders of America) and 220 students are members of SkillsUSA.
- Students and teachers in our CTSOs participate in state and national events throughout the year.
 - At this year's STAR (*Focus on Children*) events, one of our FCCLA students earned a silver rating.
 - One of our FCCLA students was elected as a State FCCLA Officer for the 2016-2017 school year.
 - Thirty three of our SkillsUSA students will be competing at the SC SkillsUSA Leadership and Skills Conference in April with the hopes of representing our school at the National Conference in June.
 - Our school currently has two SC SkillsUSA Board members and one SC FCCLA Board member.

- Students have obtained multiple work-based learning opportunities through their coursework at GSCC. A sample of these opportunities include Michelin Scholars, Stueken Apprenticeship Scholars, the first three Greenville County Schools state registered apprentices through Gregory Electric, a variety of internships through Stewart's of America, Stueken, etc. and permanent employment with various companies.

SCHOOL PROFILE

Golden Strip Career Center (GSCC) is located in the southeastern area of Greenville County known as the Golden Strip. GSCC opened its doors in 1978, becoming one of four centers in the Greenville County School District. GSCC primarily serves students from Mauldin High, JL Mann Academy, and Hillcrest High; students who are home schooled, or students who are enrolled in private schools may also attend Golden Strip Career Center.

For the 2016-17 school year, GSCC has fourteen career and technical education (CTE) programs and Occupational Diploma programs for selected special education freshmen and sophomores. Our CTE programs include: Automotive Technology, Auto Collision Repair, HVAC (Heating, Ventilation, and Air Conditioning), Machine Tool, Cosmetology, Nail Technology, Early Childhood Education, Fire Fighting, Law Enforcement, Carpentry, Welding, Fashion Merchandising/Marketing/Advertising, Web Design/Animation/Digital Multimedia/Google Applications, and Culinary Arts. This school year, we have added a Career Exploratory program designed for ninth grade students to sample programs. This allows these students the opportunity to explore various programs and future career opportunities.

Career and technology student organizations (CTSOs) are available to help students develop their career readiness skills. Our CTSOs include SkillsUSA and FCCLA (Family, Career and Community Leaders of America). These CTSOs have been organized for many years on our campus and continue to provide valuable experiences for our students. In addition to our CTSOs, GSCC also has an active School Improvement Council (SIC) and each CTE program has an advisory committee consisting of parents, students, and business and industry partners.

There are twenty-nine staff members at Golden Strip Career Center including a director, assistant director, bookkeeper/secretary, guidance counselor, clerk, two special education aides, four custodians, two occupational diploma teachers, and fourteen career and technology teachers. The faculty is made up of both traditionally-trained teachers and alternative certification teachers, with eight teachers currently working on their initial certification through the DIRECT program. Nineteen percent of the staff have a master's degree or higher. Sixty-nine percent of the teachers are male and nineteen percent are minority. Our teacher attendance rate is 94.8%.

Five hundred and ninety-four students were enrolled in career and technology courses at Golden Strip Career Center on the eighth day of school. Sixty percent of our students are involved in career and technology student organizations. All students participate in work-based learning experiences.

MISSION, VISION, AND BELIEFS

The primary mission of Golden Strip Career Center is to provide students with the educational opportunities needed to enable them to reach their highest individual potential and to live and work successfully in a global economy.

The beliefs of Golden Strip Career Center are:

1. That all students are learners.
2. That learning is lifelong.
3. That all people have a right to reach their highest individual potential.
4. That each person has unique worth as a member of a diverse society.
5. That each student would be challenged to develop academically, physically, socially, and morally.
6. That every student should have the opportunity to experience success and develop confidence.
7. That all people should develop their skills and abilities to live successfully in a global economy.
8. That all educational opportunities should be inclusive in a supportive learning environment.

DATA ANALYSIS AND NEEDS ASSESSMENT

Student Achievement Needs Assessment

- Technical Skill Attainment – The percentage of students enrolled in career and technology courses at the center who earn a 2.0 or above on the final course grade.

For 2012, our technical skill attainment was 91.6% (state average – 89.2%); in 2013, our technical skill attainment was 92.3% (state average – 89.4%); in 2014, our technical skill attainment was 90.0% (state average – 90.3%); and in 2015, our technical skill attainment was 91.3% (state average – 90.4%). For 2016, we had a technical skill attainment of 92% with the state average at 89.6%. We have surpassed the state every year for the last five years in technical skill attainment.

- Graduation Rate – The percentage of 12th grade career and technology students who graduate in the spring.

We had a graduation rate of 92% in 2012 (state average – 95.4%), 93.8% in 2013 (state average – 94.9%), 98.1% in 2014 (state average – 93%), and 100% in 2015 (state average – 97.1%). For 2016, our graduation rate is 98.9%, while the statewide rate averaged 95%.

- Placement Rate – The number of career and technology completers who are available for placement in postsecondary institutions, military services, or employment is divided into the number of students over a three-year period who are actually placed and converted to a percentage.

We had a placement rate of 97.8% in 2012 (state average – 96.5%), 97.8% in 2013 (state average – 96.5%), 98.7% in 2014 (state average – 96.9%), and 99% in 2015 (state average – 97.1%). In 2016, our placement rate was 99.4, over 2% higher than the state average of 97.3. For the previous 5 years, we have surpassed the state average.

Enrollment

Our enrollment for the past five years has been 393 students in 2011-2012, 451 students in 2012-2013, 470 students in 2013-2014, 464 students in 2015-2016, and 594 in 2016-17. To improve our enrollment and course opportunities for high school students, a career exploratory program for ninth grade students was added in the 2016-2017 school year. We also plan to continue our recruiting efforts and collaboration with our feeder schools.

Teacher/Administrator Quality

Professional development goals are set yearly by the principal and teachers at the center. All teachers must participate in a minimum of 24 hours of professional development during the school year. At least 12 of these 24 hours are offered at the school level.

TECHNICAL SKILL ATTAINMENT

SCHOOL RENEWAL PLAN FOR 2013-14 through 2017-18

PERFORMANCE GOAL AREA – STUDENT ACHIEVEMENT

Student Achievement Teacher/Administrator Quality School Climate Other Priority

FIVE YEAR PERFORMANCE GOAL: Increase the percentage of students enrolled in career and technology courses at this Career Center who earn a 2.0 or above on the final course grade (Technical Skill Attainment) from **91.6%** in 2011-12 to **93.1%** in 2017-18.

ANNUAL OBJECTIVE: Increase the percentage of students enrolled in career and technology courses at this Career Center who earn a 2.0 or above on the final course grade (Technical Skill Attainment) by **0.5%** annually and maintain the Technical Skill Attainment level once goal is met.

DATA SOURCE(S): SDE Career Center Report Card

	Baseline 2011-12	Planning Year 2012-13	<i>2013-14</i>	<i>2014-15</i>	<i>2015-16</i>	<i>2016-17</i>	<i>2017-18</i>
Projected Performance		X	<i>92.1%</i>	<i>92.6%</i>	<i>93.1%</i>	<i>93.1%</i>	<i>93.1%</i>
Actual Performance	91.6%	92.3%	<i>90.9%</i>	<i>91.3%</i>	<i>92%</i>		

2012-13 Accountability Manual

Mastering core competencies or certification requirements: The percentage of students enrolled in career and technology courses at the center who pass the certification or licensure examinations taken. For those students enrolled in curriculum areas in which certification or licensure examinations are not currently offered, the Mastery criterion is the percentage who earn a 2.0 or above on the final course grade. Under this system, each student will count once through his/her certification or licensure examination, or the GPA of 2.0 earned in the CATE courses. Students are to be assessed on the competencies identified in the adopted syllabi or specified for certification programs (e.g. FAMS). This factor applies to any career and technology course in the center. This criterion is weighted at twice the value of other criteria (50%).

Student Achievement Teacher/Administrator Quality School Climate Other Priority

FIVE YEAR PERFORMANCE GOAL: Increase the graduation rate as defined and calculated by the SDE from **92%** in 2011-12 to **95%** in 2017-18.

ANNUAL OBJECTIVE: Increase the graduation rate as defined and calculated by the SDE by **1%** annually from 2013-14 through 2017-18 and maintain the Graduation Rate once goal is met.

DATA SOURCE(S): SDE Career Center Report Card

	Baseline 2011-12	Planning Year 2012-13	<i>2013-14</i>	<i>2014-15</i>	<i>2015-16</i>	<i>2016-17</i>	<i>2017-18</i>
