

## **Addendum No. 2**

Date: **June 3<sup>rd</sup>, 2024**

Re: **K-12 Digital Intervention: Reading (ELA) and/or Mathematics**

FPB No.: **124-113-6-6**

The following information becomes part and parcel of Fixed Price Bid (IFB) #124-113-6-6 effective this date. Firms must acknowledge receipt of this addendum in their solicitation response.

The listed items add to, modify, or otherwise alter the specifications and become part of the solicitation documents. Where a portion of the original specifications are added to, modified, or also altered, the portion not so affected shall remain. Firms may have the right to protest this addendum.

### **Bid Opening Change**

The Bid opening for this solicitation has been shifted by 2 weeks and bids will now be due on **June 20<sup>th</sup>, 2024 at 10AM**. All other dates remain the same.

### **Inquiries/ District Responses**

Before the solicitation inquiry deadline of March 30<sup>th</sup>, 2024, the District received inquiries regarding this solicitation. The District's response to each question follows in **bold** font.

1. Section VII (Bid Form, page 28) has an unfinished sentence - "The bidder must delineate what the fix price..." Could you please confirm how this sentence should read in its entirety?  
**The line should read, the bidder must delineate what the fixed price will be for (i.e. price per student license, annual subscription, etc.)**
2. Approximately how many students will use the requested program/supports?  
**Not pertinent to provide a bid response.**
3. Is the district planning to make multiple awards? Are solutions intended for students with moderate to severe disabilities?  
**Yes, the District intends to award multiple vendors. The solutions are intended for a wide range of students to include those with disabilities.**
4. If yes, do we have to respond to each bullet individually or can we provide a response in a paragraph format, for example, that can respond to several questions at once?

**The bidder is responsible for determining how questions may be answered. Either method will be considered responsive.**

5. I'm wondering if we should be responding directly to this or can we reference the responses that will be provided for questions on pages 8-10?

**References prior responses in a bid that satisfies the question is not a problem.**

6. Will a monthly background check be required by Greenville County Schools or will our regular background check protocol (described above) suffice?

**The bidder will be responsible for conducting routine background checks on their staff. The District has not mandated a timeline for re-executing background checks on existing employees.**

7. Is there a preference for how the RFP is binded together (i.e., spiral bind, 3 hold punch in binder)?

**No Preference**

8. How do we protect our proprietary information (i.e., pricing information, references, materials, etc.), given the language on page 12? Do we not include proprietary information and instead mark in our response as a follow up to the RFP in a later stage?

**Proprietary and Business Confidential information must be marked as such in the response. The District will execute caution with this information and it will not be redacted from a public records request.**

9. We intend to propose multiple programs, which can be used together or separately for Tiers I-III intervention, supplemental and/or core instruction. Will the district review and award vendor programs individually or as a whole?

**The District intends to award multiple vendors this solicitation. Multiple programs can be submitted.**

10. Please describe what data needs to be exported daily and what data warehousing tools the district owns that we will need to export to. Will this just be an SFTP that your data tools will pull from? Other process?

**Bidder's should provide their standard method for providing an export data load. Details on GCS Processes can be presented after award selection.**

11. Are there mandatory languages that must be supported?

**This should be provided in the bid response. The District is not mandating.**

12. What is the Data Management System of record for Greenville Schools?

**Not pertinent to provide a bid response.**

13. Please elaborate on the evidence requirements for selected solutions. Is there a particular ESSA level of evidence required, or does the district have its own evidence evaluation process? Other?

**Not pertinent to provide a bid response.**

14. Is the call to align with science of reading relevant to just ELA materials and not Math interventions?

**This solicitation is for either, and having both is not required. The intent is to have several awarded vendors for this solicitation.**

**End of Section – Inquiries/District Responses**

All other terms and conditions remain unchanged and in force.

Thank you for your interest in the District.

Matt Pettit  
Director of Procurement
