Inquiries/ District Responses

Before the solicitation inquiry deadline of April 17th, 2024, the District received inquiries regarding this solicitation. The District's response to each question follows in **bold** font.

1. Item "F" in paragraph 13 of the Request for Proposal states that the GCS will provide the Foodservice Consultant and will specify the kitchen equipment. Please clarify if the Foodservice Consultant will be responsible for designing and specifying the kitchen equipment hood. This design typically incorporates fire suppression, exhaust, and make-up air.
The Foodservice Consultant will not be responsible for the hood design. The Proposer's design team will provide a hood design that has been coordinated with the Foodservice Consultant's equipment layout.
2. Item 9 on page 5 of the RFQ indicates that a door and hardware consultant should be identified. Is it acceptable to note that this would be TBD until a later stage of the project?
Door hardware consultant does not need to be named as part of the team within the written RFQ response.
3. Just to confirm, is it correct that GCS prefers that we do not include a proposed foodservice consultant?
Correct, do not include proposed consultant.
4. In the GCS Culinary Arts Center addition RFQ, question #14 asks for K-12 projects and #15 asks for projects other than schools. Could we include similar higher education projects in either of the answers to those questions?

The responsive firms are encouraged to include all relevant information and experiences in their written response.
