

Addendum No. 3

Date: **September 11, 2024**

Re: **Band Director's Tower – Blue Ridge HS**

IFB No.: **225-26-9-10**

The following information becomes part and parcel of the Request for Proposal (IFB) #225-26-9-10 effective this date. Firms must acknowledge receipt of this addendum in their solicitation response.

The listed items add to, modify, or otherwise alter the specifications and become part of the solicitation documents. Where a portion of the original specifications are added to, modified, or also altered, the portion not so affected shall remain. Firms may have the right to protest this addendum.

Inquiries/ District Responses

Before the solicitation inquiry deadline of **August 27, 2024**, the District received inquiries regarding this solicitation. The District's response to the questions follows in **bold** font.

1. Will permitting actually be required for this project since it is a shorter tower? **Bidder is responsible for following permitting requirements for the county and local city (if applicable).**
2. We produce our towers in Oklahoma and do not hold a GC license in SC. We would produce the tower and handle all of the construction ourselves. Will that be an issue if we don't have a SC GC license? **Bidder is responsible for attaining all appropriate licensing through SC LLR.**
3. Will there be any fall protection incorporated in the ladder system to navigate between platforms? (ex. Safety climb) **There should be a hand rail barrier.**
4. Will there be some type of weight scale to the material being bid? Wood will be a cheaper material to do this out of, but it will not last as long as galvanized steel. **There will be no more than 3 individuals on the tower at one time. The District expects the weight rating to be at a minimum sufficient for 3 adult males.**
5. Is there a preferred foundation type for this tower? (ex. Pad and pier foundation or drilled piers) **Pad and pier foundation is the preferred foundation type.**

Thank you for your interest in the District.
