Inquiries/ District Responses

Before the solicitation inquiry deadline of October 27, 2022, the District received inquiries regarding this solicitation. The District's response to each question follows in **bold font**.

1. Question: The evaluation criteria line item 3 includes the designs presented. Can you please confirm you are not asking for design to be completed pre-award for the contract?

District Response: The District is not asking for designs to be completed pre-award of the contract.

2. Question: Can you please confirm for areas 1-5, all graphics will be vinyl?

District Response: All graphics for areas 1 – 5 may be vinyl or of comparable material.

3. Question: Area 6: Can you please provide the logos for partners and total QTY to be produced? Also, please confirm how you would like these logos fabricated, as all fabrication methods will be at different price points? (metal, acrylic, vinyl etc)

District Response:

Per solicitation 322-67-11-9, "Scope of Work / Program Specifications" section,

"Area 6: Industry Partners wall in the lower level of the main stairwell"

Description: Requesting the application / installation of signage on the wall to identify the wall for Industry Partnerships and consistent signage to display individual industry partner names and logos as they are added."

The District is not requesting firms to produce logos for Area 6. The partner logos will be added on later dates. The District is requesting firms provide in their proposals examples of "Industry Partner" walls the firm has previously designed or a new design the firm is proposing for Fountain Inn High School, that is the decision of the firm.

Attached are examples of logos that may be added on later dates.

End of Section – Inquiries/District Responses

All other terms and conditions remain unchanged and in force.

Thank you for your interest in the District.
