

Addendum No. 1

Date: **July 20, 2023**

Re: **Firefighting Hose Line Training System – Career Centers**

IFB No.: **324-11-8-1**

The following information becomes part and parcel of Invitation for Bid (IFB) #**324-11-8-1** effective this date. Firms must acknowledge receipt of this addendum in their solicitation response.

The listed items add to, modify, or otherwise alter the specifications and become part of the solicitation documents. Where a portion of the original specifications are added to, modified, or also altered, the portion not so affected shall remain. Firms may have the right to protest this addendum.

Inquiries/ District Responses

Before the solicitation inquiry deadline, the District received an inquiry regarding this solicitation. The District's response to the question follows in **bold** font.

1.) A vendor submitted a request for approval of alternate product. The alternate product is Symtech Hose Line Fire Simulator ST.

The District's existing Firefighting Training Equipment is LION brand, so any new, proposed equipment must be compatible with all LION products. If this proposed alternate is compatible with LION brand, it is an acceptable alternate.

2.) On the bid form there is a singular line item for ONE complete Hose Line Training System which lists the components of the physical system itself (Fire Tray and Pilot Box, Mobile Control Console with Wireless Remote, and Shipping Kit) but does not include any reference to the delivery cost or mandatory on-site setup and training by LION for this system. Please advise if these costs are to be itemized out in a specific location on the bid form.

See the enclosed Revised Bid Form. Only the Revised Bid Form is to be used.

End of Section – Inquiries/District Responses

All other terms and conditions remain unchanged and in force.

Thank you for your interest in the District.
