Adjunct: Dr. Shane J. Fairbairn

For Information Contact: Dr. Andrew Lewis lewisa@cofc.edu

Phone: 843-953-7651

Course Description: Participants will develop an understanding of reading as a process of student engagement in both fluent decoding of words and construction of meaning. This 10-week online professional learning course will provide substantive knowledge of language structure and function, as well as cognition of each of the five major components of the reading process. Educators will learn about the importance of leadership and advocacy in reading education by developing activities to engage stakeholders in their communities which all relate to the C of C Teaching and Learning Standards and the conceptual framework of making the Teaching and Learning connection.
