

SCHOOLTOOLS

Helping Students Start School Ready to Learn.

United Way of Greenville County hopes that you and your family are enjoying a safe and happy summer!

With the start of the new school year in a few weeks, we want to help families in need throughout our community who need school supplies for their children. The goal of the United Way School Tools project is to provide children in **rising K-4 through rising 8th grade** with a new book bag and school supplies so they start their school year off to the best possible start.

If your family needs assistance with school supplies, join us:
