## A History of Excellence

Brushy Creek Elementary School has a long history of excellence in education, care, and concern for students and a strong involvement within the community. The first Brushy Creek School building was built in 1916. Then, as today, the families of students at Brushy Creek were intent on securing the best education possible for their children. By working closely with the school's administration, Greenville County district officials, Parent/Teacher Association (PTA), and community volunteers, Brushy Creek has been successful in maintaining the standard of excellence of the past, while working to secure that standard for future generations to come.

## Strategic Plan

The annual report to the community provides information to our community regarding Brushy Creek's progress toward its goals and objectives. Our school goals are aligned with the Education Plan of the School District of Greenville County.

Goal #1: Student Success

### Specific objectives:

- Increase the percentage of all students in grades 3-5 meeting standard in Math & ELA on SCReady.

Goal #2: Premier Workforce

Goal #3: Caring Culture and Environment
