- Science Lab Instructor
- Technology Specialist
- Battle of the Books
- Jr. Beta Club
- Technology Club

We have a lot of nice people here and it's easy to make friends. Plus we have writing every day and I like to express myself then.

**AMELIA, 4<sup>TH</sup> GRADER**

Bell's Crossing is the most amazing school to work at! I love our school because of the relationships that are made. It truly feels like a family!

**J. CLARK, TEACHER**

## Why We **LOVE** Bell's Crossing

I love BCES because I know the teachers and staff are not just concerned with test scores, but the whole child. They want to make sure students are doing well in all areas and that is such an amazing thing to have in a school.

**J. BLANTON, PARENT**

BCES is FABULOUS because of my TERRIFIC teammates and co-workers, the AMAZING administration, the STELLAR students, and the CARING community.

**K. FALLIS, TEACHER**

Our school gives out eagles for you to take home on the weekend. We have a science lab that's cool.

**ELLIS KATE, 1<sup>ST</sup> GRADER**

# Social Emotional
