Multiage is a community of learners with varying ages, backgrounds, needs and abilities. Our Multiage program consists of a Primary classroom (1st and 2nd grade students, with 2 teachers) and an Intermediate classroom (3rd and 4th grade students, with 2 teachers). Students' social/emotional growth and leadership skills are emphasized as they take responsibility for their own learning. Field trips, guest speakers, project work, centers, and inquiry-based instruction are also integral parts of the program.
