

# Field Trip Transportation Calculation Worksheet

(for Greenville County school buses only)

Teacher's Name:

Grade:

Field Trip Location:

Field Trip Date:

A. Number of Students:

B. Number of Chaperones:

C. Number of Teachers:

D. Total Number of Participants (Add A-C):

E. Number of Buses Needed (Divide the amount listed for D by 45 for a regular bus or 60 for a pusher bus):

F. Total Mileage (round trip):

G. Mileage Charge (Multiply the amount listed for F by \$1.59; multiply this amount by the number of buses listed for E):

H. Driver(s) Charge (Multiply the number of buses listed for E by \$16.25; multiply this amount by the number of hours of the field trip):

I. **Total Bus Charge per Student** (Add the amounts for G and H and divide by the number listed for D):

The mileage and driver rates became effective July 2011.
