Dear Parent,

The South Carolina Board of Education requires participation in the End-of-Course Examination Program (EOCEP) for students enrolled in gateway courses which are awarded credit in English 1, Algebra 1/Intermediate Algebra, Biology 1, and United States History and the Constitution. The EOCEP examination score counts 20 percent in the calculation of the student's final grade. This year, students enrolled in English 2 will be administered a field test. Students and schools will not receive results from the English 2 field test.

Each test is administered with the online testing format unless the student has an IEP, 504 Accommodations Plan, or ESOL Plan specifying the paper format is needed. The EOCEP online tests consist of mostly selected-response items but may include some technology-enhanced and scenario based items. The English 1 and English 2 writing tests include a text-dependent analysis item and selected-response writing items.

The EOCEP tests are untimed; however, 2-3 hours is the estimated test administration time for most students to complete the test. Students are expected to complete the test during a single day unless the student has an IEP or 504 Accommodations Plan specifying administration of a single test over multiple days. *We ask that you please refrain from scheduling appointments or scheduling early dismissal on testing days.*

Please refer to the table below for testing dates.

Test	Date
English 1 (Writing)	Wednesday May 8, 2019
English 1 (Reading)	Wednesday May 15, 2019
Algebra 1	Wednesday May 22, 2019

If you have questions, please do not hesitate to call me.

Sincerely,

Dr. Adrienne Davenport
