

Riley Child Development Center

February 2019
Volume 10, Issue 6

Gloria Hayes
Assistant Principal

Help!

Please do not send your child to school until they have been fever free for 24 hours *without* medication. They will also need to stay home until they have been free from vomiting/diarrhea for 24 hours. We are trying to prevent illness from spreading to other children in our center.

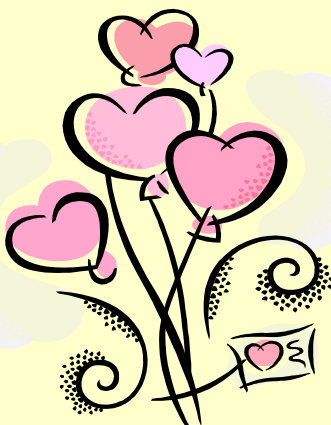

Please mark your calendar for the following dates:
**Wednesday, March 27,
Thursday, March 28, and
Friday, March 29.**
Riley Child Development Center will be closed for 2019-2020 4K screening.

Immunizations

The immunization requirements for school change between preschool and kindergarten. Please be sure to send in copies of your student's immunization records as they receive new vaccines. It is especially important for you to send an updated copy of immunization after they receive their 4 year old vaccines.

Thanks so much,
Nurse April Sumner

Absences and Tardies

It very important that your child attend school every day at Riley! We are working hard to make sure all of our students are ready for 5K and having good attendance will help make that happen!

If you arrive after 8:00, you will need to park and come in to the building to sign your child in to school. Staff will be on car-line duty to help your child into the building until 8:00.

Amazed!

Your children never cease to amaze us at Riley! They have learned so much already this year. We can tell that they are almost ready for BIG school!
