### **UPCOMING EVENTS:**

In the 2018-19 school year, we have been working on the goals in the new strategic plan to carry us through the next five years, 2018 - 2023. The following is the final reporting of goal progress for the 2012-2018 plan. Next year we will begin reporting on our progress of the new plan.

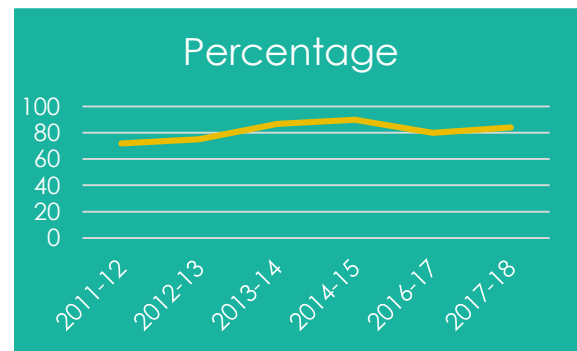

## **STUDENT LEARNING AND ACHIEVEMENT**

Performance: We surpassed both goals in this area over the past five years.

**GOAL 1:** 77% of 4K students in the Child Development Centers will be able to demonstrate one to one correspondence using a set of 10.

**GOAL 2:** 75% of 4 year old students will be able to recognize 20 or more letters in random order.

## **QUALITY PERSONNEL**

Performance: Our staff has participated in a wide variety of professional learning over the past five years to address this goal.

**GOAL 1:** Implement a comprehensive professional development plan to promote positive early learning experiences and social-emotional development.

### **SCHOOL ENVIRONMENT**

Performance: Although attendance rates have remained consistent at around 91% over the past 5 years, our parent engagement has increased significantly, and teachers feelings of being safe has skyrocketed to 100%.

**GOAL 1:** 75% of families will participate in 3 or more family partnership school wide events.

**GOAL 2:** Achieve an annual attendance rate of 95%.

**GOAL 3:** Increase the percent of teachers who feel safe at school during the school day from 96.9% in 2012 to 98% by 2018.
