SCHOOL IMPROVEMENT COMMITTEE

The School Improvement Council (SIC) serves as an advisory committee to the school's principal and faculty. SIC plays a key role in the education of our students, bringing together parents, educators and community stakeholders to work collectively to improve student achievement.

- **SIC Members:**
- Laura Boehm, Classroom Assistant, Dunbar CDC
- Cindy DePalmer, Clerk, Overbrook CDC
- Gloria Hayes, AP, Riley CDC
- Stacey Law, Speech and Language Pathologist and Parent, NW Crescent CDC
- Amanda Lecaroz, Principal
- Beth Madre, Chairperson, 4K Teacher, Golden Strip CDC
- Mamie Reid, Community Member
- Michelle Sims, Grandparent and Clerk, Golden Strip CDC
- Steven Watts, Community Member

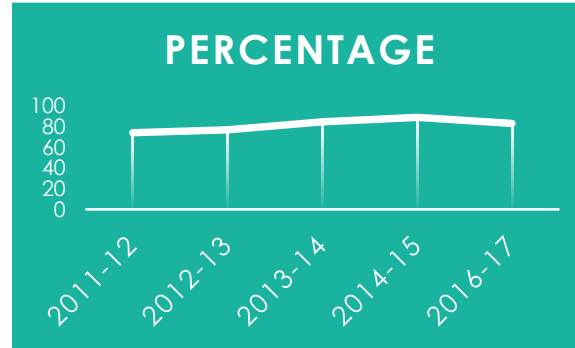

UPCOMING EVENTS:

In the 2017-18 school year, we have been evaluating the progress made at the Child Development Centers over the past five years and creating a new strategic plan to carry us through the next five years, 2018 - 2023.

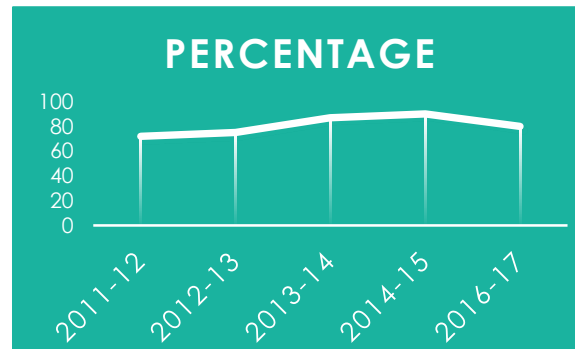

STUDENT LEARNING AND ACHIEVEMENT

Performance: We have seen a steady increase in both goals in this area over the past five years.

GOAL 1: 77% of 4K students in the Child Development Centers will be able to demonstrate one to one correspondence using a set of 10.

GOAL 2: 75% of 4 year old students will be able to recognize 20 or more letters in random order.

QUALITY PERSONNEL

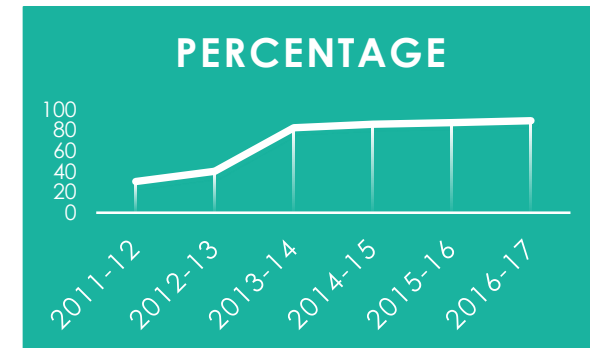

Performance: Our staff has participated in a wide variety of professional learning over the past five years to address these goals.

GOAL 1: Implement a comprehensive professional development plan to promote positive early learning experiences and social-emotional development.

SCHOOL ENVIRONMENT

Performance: Although attendance rates have remained consistent at 91% over the past 5 years, we have seen both parent engagement and teacher feelings of being safe increase significantly

GOAL 1: 75% of families will participate in 3 or more family partnership school wide events.

GOAL 2: Achieve an annual attendance rate of 95%.

GOAL 3: Increase the percent of teachers who feel safe at school during the school day from 96.9% in 2012 to 98% by 2018.
