What Sets Us Apart

- Eastside faculty, staff, students and parents truly care about each other.
- We have a wonderful culture of caring, kindness and community.
- Evident in student interactions and inclusiveness of all students as well as staff.
- Students especially come together when serving others.
- When items are found, most of the time students turn them in to an adult.

Student Leadership

Student Leadership

Interhigh Council -

Four students from each high school serve in Interhigh Council, an advisory panel that meets with Dr. Royster, GCSD Superintendent, once a month. They discuss topics that range from our district's G+ initiatives and transitions from high school to the postsecondary world to concerns about students' mental health and perceptions of their teachers. These students then bring back new ideas to their home schools and implement in the best way for their school.
