

East North Street Academy

2025-2026

Our mission is to create a culture of excellence where our students exceed state standards through an engaging, proven curriculum and individualized instruction, from excellent teachers in collaboration with home and community partnerships.

South Carolina Statute (Act 135 of 1993) requires each of the state’s School Improvement Councils to publish and distribute an annual Report to the Parents highlighting the progress the school is making in achieving the goals and objectives of the school’s strategic plan. The report is developed by the School Improvement Council to share the challenges and successes of the school, students, parents and teachers for the current school year.

Our School Improvement Council meets the second Friday of each month. We met a total of seven times for the 2025-2026 school year. We averaged 12 members in attendance at each meeting. The council is very proud of our school, teachers and students who have shown continued growth in collaboration, tenacity and academic achievement.

The council voted to focus on teacher support, revitalization of our outdoor classroom, and continuing support of our Welcome to ENSA club. Our PTA is making progress in raising funds to refurbish and add to our existing playgrounds. Our Parent Involvement Coordinator is communicating with families to connect them to new families with our Welcome bags, which include an informational card with quick links to many school and community services. Our partnership with Michelin and a grant from Home Depot, Simpsonville is allowing us to update and create additions to our outdoor classroom with a 3 year planned proposal that will enhance an already wonderful extension of high quality instruction taking place at ENSA. Our partnership with Greenville Federal Credit Union has afforded us the opportunity to continue a financial learning hour with our families each quarter titled *"Doughnuts and Dollars"* and provide lunch for our SIC/TIP meetings. Our supportive community members work tirelessly to support families with food, clothing, and school supplies. SIC is excited about the progress we have made this year in serving students, supporting teachers and empowering parents.
