

Ronald McDonald House

These are big shoes to fill and you have done it GATEWAY ELEMENTARY!!

Thank you for providing juice boxes for our families. Through your donations you have lightened the load for parent's whose hearts are made heavy by fear, uncertainty and doubt.

We hosted over 350 families in 2012. The increasing demand goes hand in hand with the Upstate's growing reputation for exceptional pediatric care. Expansion plans are underway to add a dozen suites to the 10,000 square-foot House, which currently has 12 bedrooms with private baths, a living room, dining room, playroom, double kitchen and laundry facilities as well as an outdoor patio and playground. COME AND VISIT!!

Again our heartfelt gratitude!! Stay in touch!!

Marti Spencer, Executive Directorand thanks from **RONALD too!**
