

REPORT TO THE COMMUNITY

Each year, the School Improvement Council (SIC) and school administration are responsible for preparing an Annual Report to the Parents and Community, as required by South Carolina law. This report provides an overview of our progress toward the goals and objectives outlined in the School Improvement Plan. Inside, you'll find key facts, success stories, and a summary of our school improvement efforts.

At Greer High School, we are fortunate to have dedicated teachers and staff who go above and beyond for our students and their families. As a parent leader in the Greer High community, I encourage you to get involved and support our efforts to make our school the best it can be.

Brent Garrett, SIC Chair 2024-2025

SIC GOALS 24-25

SIC Showcase Breakfast

Our second annual SIC Showcase Breakfast was set to be a huge success until winter weather forced us to postpone it at the last minute. In response, the SIC committee quickly regrouped and developed the idea of creating a dynamic promotional video to highlight the incredible opportunities available to students at Greer High School. We believe this video will extend our message far beyond the breakfast, reaching an even wider audience.

Greer High School Mission Statement

We build college- and career-ready graduates by connecting students to meaningful educational opportunities that empower them to be productive members of society and lifelong learners.
