Items that might be necessary for us to have on hand for your child through-out the year:

- A change of clothes (for those times they might fall in a puddle on the playground or have an unexpected accident)
- Pull-ups (If necessary. We realize some children might be enjoying themselves so much they don't realize they have to go until it's too late. Some have medical conditions that require them to wear them. We want to make sure your children are as comfortable as possible.)

We can't wait for the new school year!!
