

Weekly Phone Message

September 27, 2020

Good afternoon, Mauldin Middle School family. This is Karen Greene calling with our weekly update.

It is hard to believe that we start the month of October this week. At this point, we are halfway through the first quarter and we will send home printed progress reports with students on Monday and Tuesday. Please take the time to talk with your student about grades, the amount of time they are working on eLearning days, and the option to check in with teachers on eLearning days during office hours. When we began the year, we heard from parents that you and your students needed an opportunity to check in with teachers on eLearning days. As a result, all teachers now have their Office Hours posted on their web pages and in Google Classroom. Please encourage your students to take advantage of those times.

Also, the ELA department is asking all students in 6th, 7th and 8th grades to purchase a workbook. These can be purchased by sending exact change in to the school or through MySchoolBucks. The workbooks are an important part of the ELA curriculum and the teachers would like to place the order as soon as possible. You can find pricing for the workbooks on the ELA teachers' web pages.

I hope you all enjoyed a restful weekend and we look forward to seeing everyone at school this week.
