### Building Bridges

4<sup>th</sup> grade Challenge students from elementary schools across the Greenville County School District had a unique opportunity to participate in a popsicle bridge building competition. This event was sponsored by the American Society of Civil Engineers, South Carolina Section; Upstate Branch. Testing the bridges involved applying up to 100 pounds of pressure without the bridge collapsing. Believe it or not, we had many bridges that were able to hold the 100 pounds of pressure!

Congratulations!

Hannah Lancaster and Will Doven- Best Craftsmanship- 1st Place  
 Nicholas Hansen and Ben Everman- Best Structural Design- 1st Place  
 Grace Crowder, Evie Frazier, and Colleen Dally- Best Architectural Design, 2nd Place
