2020-2021 SIC GOAL

During this challenging year, the goal of the Paris School Improvement Committee this year has been to “learn about themselves and their interests” in career awareness as referenced in Greenville County Schools Graduation Plus. SIC worked with teachers, PTA, parents, and the community to create a plan of action. The actions taken included organizing an opportunity for parents to provide a video highlighting their profession, planning a career week to highlight students’ interests, scheduling a career day for students to dress up for a chosen career.

The SC READY was given to students in third, fourth, and fifth grade in Spring, 2019. Students were assessed in Reading, Language Arts, and Writing.

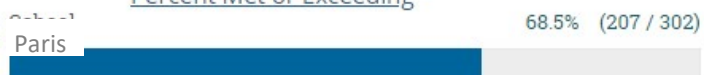

The SC Palmetto Assessment of State Standards (SCPASS) was given to students in fourth and fifth grade in Spring, 2018. Fourth grade students were assessed in Science, and fifth grade students were assessed in Social Studies.

2018-2019 Performance Data*
