

# GCSID Authenticate

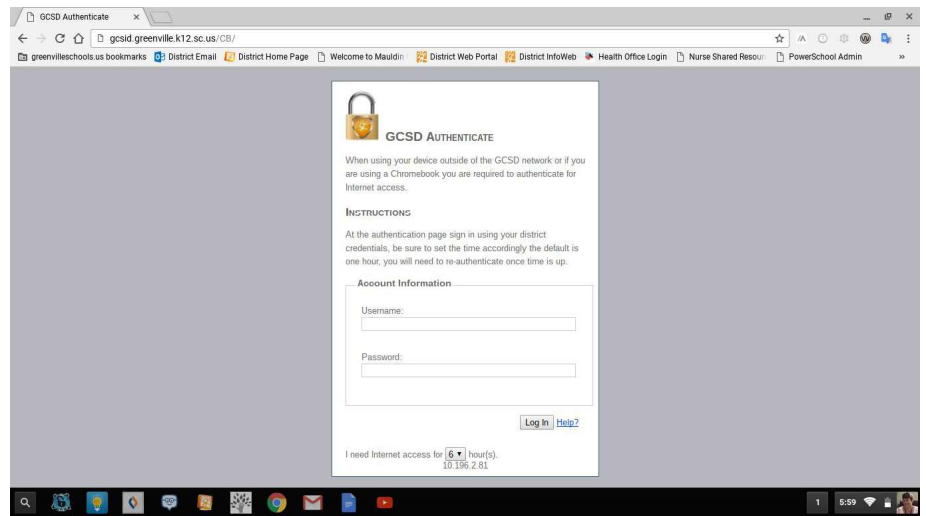

## *For Off-Campus Connectivity*

1. Click on the GCSID Authenticate icon on your Shelf (menu bar at the bottom of the screen). It looks like this:

2. This will open your Chrome browser and will show a screen with instructions to allow internet access on a network outside of Greenville County Schools.

Your username will be your @greenvilleschools.us email address; type out the full address. Your password will be the same as you would use to access this account. Select the number of hours you need this access; 1 hour is selected by default.

3. When you have successfully authenticated your off-campus network, you will see a screen with instructions to restart your browser. Close Google Chrome, then re-open it. You should now have access to district-approved webpages.
