

*Hello, I'm*

# Bonnie Walls Smith

**Books by Bonnie, is a company I started in 2020, in hopes of making a difference, not only in literary skills, but also to those less fortunate in my community. I grew up in the Upstate of South Carolina and graduated from Clemson University. I have written three children's books about my dog, Topper. All the books are humorous with rhythmic page turners that can be used to teach many reading skills, such as rhyming, cause and effect, and prediction. In the book, Topper wears a bowtie, "to look proper" so I had the idea to tie in a dog bowtie. Topper is certified through the Alliance of Therapy Dogs. My aspirations for Books by Bonnie, is to be a nonprofit and use the proceeds to give back in a unique and memorable way.**
