

## National Honor Society Requirements

- Any student inducted beginning the 2018-2019 school year will need to maintain a 4.500 GPA. Students must turn their application in on time with the required signatures and reference.
- Applicants who meet the scholarship requirement based on GPA will be presented to the Riverside faculty and administration. Teachers will rate those students based on Character, Leadership, and Service (scholarship, the fourth component of NHS, will have already been established). Based on teacher recommendations and ratings, eligible students will be invited to join.
