Course Description:

My mission is to motivate the students to become life-long, enthusiastic learners of a foreign language. I will encourage them to become proficient readers, writers and communicators of the target language. Texts: There is no text used for seventh grade Spanish. Students will make their own “book” as the class progresses through different topics.

Integrated Units: As students study different topics in Spanish, there is an almost continual connection to other subject matters: Students learning Spanish numbers complete math problems, history of the New World is closely related to the history of the Spanish speaking world, etc.

Teaching methods: Due to the lack of text, Seventh grade Spanish is an extremely active class. Students will be required to speak frequently in Spanish and group cooperation is vital as a large portion of the class will be spent in active communication.

Supplemental materials and Resources: Through extensive travel a large number of authentic materials have been obtained and are used to supplement the lessons. Authentic video clips of Spanish speaking countries are also used throughout the class.

Homework Policy: Due to the lack of a textbook, homework will be infrequent and very limited. Students should review the notes that are taken in class each day.

Student Progress: Student progress is recorded in the electronic grade book and a report will be issued to parents and students every other week.

Makeup Policy: The makeup policy listed in the student handbook will be followed for this class.

The use of translation websites for homework or projects will be considered as plagiarism. I will apply the plagiarism policy from the Greenville school district.

Class rules and expectations: Please refer to the handout that was distributed at the beginning of the semester.

Communication: Progress reports will be sent via e-mail on a bi-weekly basis. I can be reached at 864-355-7946 (voicemail) or at aacaldwe@greenville.k12.sc.us
