Greenville County Schools
VACANCY ANNOUNCEMENT

Position - STEM Specialist
Location - Roper Mountain Science Center
Length of Service - 245 day employee; Administrative/Supervisory Scale K ($56,889-$90,460).

Major Responsibilities:
1. Instruct daily, standards-based STEM learning labs and dynamic auditorium programs for middle and elementary school students.
2. Create new and innovative standards-based, hands-on science programs for elementary and middle schools that engage students in the inquiry process and engineering practices.
3. Extend the impact of RMSC lessons and programs through pre-visits, post-visits, virtually, and through new and innovative techniques.
4. Plan, organize, and provide high quality science programs for the public (summer exploration camps, after school programs, virtual, workshops, outreach, etc.).
5. Care for and maintain teaching spaces, technology, materials, auditorium, and exhibits.
6. Creatively improve and expand programs and facilities through grants, donations, STEM and community partnerships.
7. Assist with purchasing and budget.
8. Assist with management of part-time instructional staff and lab assistants.
9. Follow procedures and policies of the district.
10. Other duties as assigned by supervisor.

Qualifications:
1. Bachelor of Science Degree in the field of science, engineering, or education, with Master’s Degree, preferred;
2. Proven teaching experience in a formal (school) or informal (museum/science center) setting;
3. Proven experience working with collaborative teams to effectively develop and deliver high-quality STEM/STEAM programs.
4. Strong commitment to student education, customer service and creative problem solving.
5. Strong organizational, writing and communication skills.

Roper Mountain Mission
To ignite the natural curiosity of all learners to explore and shape their world.

Roper Mountain Vision
To be a pinnacle of innovative learning, an engine for community engagement and a national leader in science education.
